**THIEVES BUSY IN VICTORY DISTRICT**

Thieves were busy last week in Victory district. Several of the farms in the district received late calls from some person or persons who carried off chickens, fruit and other articles.

The first place visited was that of Edgar Wilson. The prowler or prowlers entered his chicken house and carried away some of the chickens. They wrung the heads off from some of the red ones and threw the heads into the yard. Before the visitors departed they made a trip to the cellar and took four one-half gallon jars of canned strawberries and some eggs that were put up in water glass. It was thought they would have taken more but that they were frightened away by moving around of some of the occupants of the house.

On Friday night, the chicken coop of Lawrence Wilhelm living on the Section Line road was visited during the night and about 20 chickens taken.

The Miller family living on the old Wilson farm lost some tools and auto tires last week at about the same time the Edgar Wilson farm was visited.

No trace as to the identity of the thieves has as yet been found so the only preventative is to keep everything under lock and key to prevent the night prowlers from carrying things away.
