THE CHILD IS FATHER OF THE MAN
Train up a child in the way he should go and when he is old he will not depart from it.—Proverbs XXII, 6.
Fix any habit on the growing brain and it will endure to the end of life, like the scar from a wound.—Prof. Wm. James.
It is wise to show the little boy or girl what money means in life, to instill very early in the child mind an idea of the blessings and joy that come from saving. To make sure that this great lesson will never be lost, bring your little son or daughter in and open an account in the child's name. The habit of saving and depositing, formed in childhood and continued through youth, will be a priceless asset in later years.
