### Governors to Urge Sale of War Goods to States.

Governor Groesbeck of Michigan is organizing the governors of the other states to bring about the passage at this session of congress of the bill introduced by Senator Townsend to distribute among the states surplus war material valued at \$1,000,000,000 according to word sent out by Robt. E. Smith, president Lumberman's Trust Company Bank. The governors are being urged to press their congressional delegations for action on the bill, which would lower state taxation by saving taxpayers millions of dollars in the purchase of supplies, materials and equipment. This equipment under the Townsend bill would be turned over to the states on a basis of population, and therefore New York, if the bill passes, will receive the largest amount namely about \$98,700,000 worth, but even Nevada, with the smallest population in the Union, would receive no less than \$800,000 worth, while Wyoming, the next smallest in point of population, would receive \$1,800,000 worth.

## How Many Will Give One Dollar?

WALTER M. PIERCE is making a gallant fight, almost single handed, to be elected Governor of Oregon. He has no funds to pay the expenses of his campaign.

The issue he makes is Reduced Taxes, and he promises, if elected, to use every power vested in the Governor to lessen the taxation that now rests so heavily upon the backs of the people.

No powerful corporations are behind Pierce; nobody but the plain people. His election depends upon them alone. Don't you feel it your duty to help him in his worthy fight by contributing One Dollar to his expenses? It isn't much for any one to give, but there are many plain people, and if you help a little the battle will be won. It will make a clean campaign and elect a clean man.

Please send your dollar today, together with your name and address, and the contribution will be acknowledged by return mail.
