Everyone knows there are many new houses under construction or recently finished. The Outlook will tell you all about them.

Our correspondents are invited to report from their various localities the building operations of the past few months.

Contractors and builders and dealers in building materials of all kinds will present their ads in this builders' issue.

Watch for the Outlook of Oct. 27.

The date for the evening session of the Gresham grange has been changed to Saturday evening, October 28. The grange hall is always rented on the fourth Friday of each month.

Mr. and Mrs. W. B. Parsons gathered some ripe Cuthbert raspberries Thursday. The berries are large and of excellent quality. The prevailing warm weather is thought to be the reason why the berries are ripening so late.

A baby girl was born to Mr. and Mrs. Ralph Stanley Thursday morning, October 19. She weighed 7 3/4 pounds and has been named Alene Joice. Mother and baby are doing well and are being cared for at the home of Mrs. Stanley's mother, Mrs. C. Merrill.

He was on his way with a number of students of Oregon Agricultural college to attend the game between that institution and the University of Washington and took the opportunity of visiting his home and his little sister, Virginia. The little girl is still suffering from cuts, bruises and the shock of the automobile accident of last Sunday but is progressing as well as can be expected.

A surprise gathering of relatives was held in honor of Mr. and Mrs. S. Wold last Sunday. Those from away were their niece, Mrs. E. Boggy, her husband and three sons of Lebanon, their nephew, Gus Benson and three daughters of Gervais, Mr. and Mrs. J. Mendenhall and Oscar Gunderson of Gervais, F. S. Esmond of Portland. BETHEL BAPTIST CHURCH WILL HAVE RALLY DAY

Next Sunday will be known as rally day in all departments of Bethel Baptist church. Bible school will convene at 10 o'clock. At 11 the pastor, the Rev. David Q. Barry, will deliver the sermon, his theme being "The True Community Spirit." The large and growing choir will assist in the service. Twenty-five were present at the practice last Thursday evening. The anthem, "Extol Ye the Lord" by Walter A. Shawker will be rendered. Miss Martha Hagberg will sing a solo, "Ninety and Nine." In the evening, beginning at 7:30 o'clock, rally day exercises will be given, consisting of solos, trios and choruses, recitations and the dramatization of "The Ten Virgins" by girls of the Bible school. All are invited to hear these fine programs.

Rev. D. Q. Barry presents the following poem which is very appropriate for the occasion and applies to all church-going people:

If I knew you and you knew me,
How little trouble there would be,
We pass each other on the street,
But just come out and let us meet,
At church next Sunday.

Each one intends to do what's fair,
And treat his neighbor on the square,
But he may not quite understand
Why you don't take him by the hand
At church next Sunday.

This world is sure a busy place,
And we must hustle in the race,
For social hours some are not free
The six week days, but all should be
At church next Sunday.

We have an interest in our town,
The dear old place must not go down;
We want to push good things along,
And we can help some if we're strong
At church next Sunday.

Don't knock and kick and slam and slap
At everybody on the map,
But push and pull and boost and boom,
And use up all the standing room
At church next Sunday.

The choir has ordered supplies for a large Christmas cantata and is determined to give the people of Gresham the best that is going.

Some special plans are being made for Sunday evening, November 5.

SANDY

Mrs. W. A. Proctor was taken seriously ill last Sunday. Her condition was at first thought to be serious but she is now improving.

THE MODERN SPIRIT IN BANKING

is a brotherly hand of assistance. This we strive to do with every customer, whether, he be a depositor or a borrower.

A loan to a customer which is a loss to a bank almost invariably proves to be a loss to the customer also, and very often had the customer come to the bank with an open hand of confidence, neither would have suffered a loss, and the matter so handled as to be of some profit to both.

Come to us with your troubles.

Oregon Farmer Invents Weeder.

Word has recently been received from Pendleton, Oregon, telling of an invention known as the Howell and Howell weeder which has been tried out and found to be practical and successful. It has, to quote the language of the inventor, Columbus Hooker Howell, "crowned the climax of glorious achievement." It has slaughtered the weeds, preserved the natural moisture and left the fields in fine condition for fall seeding. During the rest of his life the inventor expects to do nothing more than sit back in his chair with his feet on a table, smoke expensive cigars and enjoy himself.
