

Dr. Chester A. Gregory, professor of education at the University of Oregon, is the author of "Fundamentals of Educational Measurements with the Elements of Statistical Methods", just published by D. Appleton & Company of New York. The book deals with the fundamental problems of school achievements, dealing principally with the measurements of intelligence. Some of the studies reported in the book are experiments made by Dr. Gregory's advanced classes in the university.

**GRESHAM LOCALS**

At the request of the Oregon W. C. T. U., the Gresham union is attempting to gather good, clean, wearable garments to be sent to the relief of the people of Astoria. Those who wish to contribute should take their packages to the Sunday school hall in Odd Fellows building not later than Saturday noon.

Mrs. J. H. Wood has been ill for several days with a severe attack of bronchitis aggravated by asthma. The Rev. J. H. Wood is suffering from a fractured collar bone, caused by a fall on the icy street.

Mr. and Mrs. John Brown had as a guest the latter part of last week S. Stiegelmaier of Tanana, Alaska, a former resident of Rockwood. Mr. Stiegelmaier went north 25 years ago with the first rush for the Klondyke. He has not been here for 15 years and notes wonderful development of the country. He is in the hot house and gardening business in Tanana.

A pleasant surprise party was given last Friday evening on H. L. Spencer when about 40 members of the Methodist church and friends went to his home to spend the evening. The occasion was in honor of Mr. Spencer's birthday which occurred a short time ago. He was presented with a beautiful electric reading lamp by the church. The Rev. A. Hisey presented the gift with an appropriate speech and many good wishes. The evening was spent in playing games. Some musical numbers were also given by Mr. and Mrs. Robert Miller, evangelistic singers from Newberg and a number of readings by Mrs. C. M.

**Extra Special!**

Until Saturday, Dec. 23 at 9 p. m.

The Rexall Store  
GRESHAM, OREGON

Mr. and Mrs. Cecil Metzger are getting settled in their new home on Main street.

D. E. Towle was given the credit of being the auctioneer at the last Bethel Baptist church entertainment when a few articles left over from a former bazaar were sold. H. W. Cooley was the auctioneer and should have received the credit for it.

The dance given in Gresham in the Masonic hall last Friday evening under the auspices of several Gresham business men, was well attended and a good time was enjoyed by all. It proved to be such a success that a second dance will be given on Friday evening, January 12.

Seed stalks of radishes, turnips, and of various garden and truck crops, that have remained as refuse materials in the garden, form one of the favorite breeding places for plant bugs which are to injure the crops next year. Removal of those materials will destroy one of the favored winter quarters of those insect pests.

Same with wives as with automobiles—it's not the original cost, but the upkeep.

ONE 1923 FORD; run 1000 miles same as new; \$25.00 of accessories. A good buy at \$450. This car must be sold by Saturday. Sberman McCarter Garage, phone 2331.

**THE COMMUNITY CHURCH.**

The country church that is dying is the one that still tries to meet its problems with the methods of 50 years ago. Every rural church must be a community church by serving the entire life of the community in which it exists. The modern church no longer holds itself apart. Rather it builds up the community out of its very life. It sets up the standard of the life of the Man of Galilee, and toils unceasingly to lift the community to His standards of moral, social, economic, and spiritual righteousness. The church of today grows through service.—Rev. A. S. Hisey, in the Circuit Rider.

**Building Committee on Masonic Building Named.**

The information given in the last issue of the Outlook naming the building committee on the new Masonic hall which is being planned for Gresham, was not quite correct. Those on the finance committee are: A. Meyers, chairman; K. A. Miller and Chas. Cleveland.

The building committee consists of J. E. Metzger, chairman; J. C. Shultz and A. J. W. Brown.

A. F. Hammar is chairman of the general committee consisting of the above members, and Judge Stapleton is also working with the general committee.

Printing? Call the Outlook.
