### PLEASANT VALLEY

Pastor Edwin G. Ranton announces services for next Sunday as follows: Sunday school at 10 a. m., under supervision of Wm. Richey. A very unique Christmas program is being planned for the evening hour, beginning at 7:30. It is for the whole community and all are invited to come and find out the secret. A special offering will be taken for the Near East Relief.

Mr. and Mrs. C. F. Kesterson and Mrs. G. N. Sager were in the city on a shopping tour Monday.

Frank Fish is seriously ill with pneumonia at his home.

J. D. Lee of Portland was a valley visitor on business Wednesday.

Dr. M. Howes, a Portland veterinarian, was a valley visitor one day recently.

Jos. Lilly was in Oregon City Tuesday on business matters.

### HALEY

On Sunday, December 24, there will be service as usual in the morning, also Christmas practice in connection. All children who are on the program are requested to be present. No service will be held in the evening.

### FEED ME

A NEW DISCOVERY

### More and Better Fruit

Nature's way of production greatly improved.

The fruit is much larger and the fruit buds mature extremely large cherries and they do not fall. Bear in mind that fully 50 per cent of our cherry crop falls before maturity. This may all be saved, except for weather conditions, the first year by the application of "Morehouse's Orchard Invigorant," applied by expert horticulturists. All fruit made to bring forth an abundance, as the "Invigorant" feeds the fruit bearing buds. The serious bleeding as well as bacterial gummosis, in the cherry, soon overcome, through the perfect circulation of the sap. Roses and all the flower kingdom made to respond with brighter tints, all cereals, vegetables, forced into heavy production.

Practical pruning, spraying, budding and grafting done in proper season.

All sprays have the "Invigorant" added free.

The wilderness and the dry land shall be glad; And the desert shall rejoice, and blossom as the rose.

Write or call for further information Phone Auto. 647-98 Sunday excepted.

### Apoplexy---"Commonly Called a Stroke"

"A man or woman is as old as their arteries" said the wise Dr. Osler. Dr. A. T. Still, founder of Osteopathy, proclaimed the same truth in a different way many years earlier when he said "The rule of the artery must be absolute, universal and unobstructed, or disease will be the result." When arteries lose their normal elasticity and become rigid and infiltrated with mineral salts such as calcium, a state of senility has been reached and man is aged whether he be old in years or not. After birth the process of "hardening" or growth of connective tissues and their infiltration with lime salts begins, and then progresses slowly to old age. It is the natural living process which by the time old age has been reached has fitted man for death. Hence the aged who resist relatively will the encroachment of the years and "keep young" are those whose arteries, heart tissues and kidneys keep elastic and do not harden as

much as is normally so. The commonest cause of apoplexy is a hastening of this state of hardening of the arteries—its progress to a pathological degree: Arterio-Sclerosis it is called. When strain is thrown upon heart action in this sort of condition the blood vessels burst, somewhere in the brain usually, and apoplexy results. There is no cure for this tendency for old age cannot be "cured." BUT IT MAY BE DELAYED. It can be kept off with more or less success until it becomes seasonably due. Nothing else can do as much toward retarding advancement of the hardening of the tissues as OSTEOPATHY. Nothing else makes the old feel so young, and keep so young, as OSTEOPATHY.

This may be demonstrated by a few treatments. Thus will OSTEOPATHY as preventative treatment serve as insurance against apoplexy. Consultation and examination free.
