**DAMASCUS MAN DIES
OF HEART FAILURE**

Gus Gabrielson, who has been a resident of Damascus for the past two years, died at his home there on January 3 from what was thought to be heart failure. He had been ill for about a month, during which time he was said to have suffered very much. He was 61 years old when he died. He leaves a wife, Bertha Gabrielson, and three daughters, the Misses Helen, Gladys and Winnifred.

Mr. Gabrielson, before moving to Damascus, lived with his family on a farm at Woodland for many years. He was a painter by trade. During his residence in Damascus he was a staunch Farm Bureau member. The funeral was held last Friday in Portland at the church on Eleventh and Everett streets. The burial was at Rose City cemetery.

**STUMP DEMONSTRATION
AT PLEASANT HOME**

A stump burning demonstration is to be held on the C. L. Williams farm one quarter mile south of Pleasant Home Saturday, January 13th. The meeting will begin at 10:30 a.m. at the Multnomah grange hall where an illustrated lantern lecture will be given showing the methods used in each step of the burning process. Immediately after lunch the meeting will move to the stump patch on C. L. Williams farm where the burners will be seen in process of operation. The preliminary work is going on at the present time and will continue until the time of the meeting at which time stumps will show the various stages which they go through in the process of burning from the starting including the completion of the burning the hole through the stump and the final char pitting method which is used in completing the burning.

This demonstration has been arranged jointly with the county agents of Multnomah & Clackamas counties and the demonstration will be conducted by Geo. W. Kable, stump burning expert connected with the extension service. The method used in the demonstration is what is known as the Zysset Stump burner, using a process which has been developed by the state experiment station along with other developments requiring over a period of several years to work out and is proving the most economical and effective way of removing large fir stumps. With this method large fir stumps can be removed with a less money cost and a less labor cost than any other known method.

CORBETT

T. J. Kreuder, master of Pomona and present master of Lents grange, installed the officers of Columbia grange Saturday, January 6th. A large membership was in attendance and an enjoyable meeting was held. Mrs. Fred Ough was quite badly injured by being knocked down by a sheep recently.

Lloyd Ough and wife from Bend, are visitors at the home of his parents, Mr. and Mrs. Fred Ough. Mildred Taylor was taken quite ill last week and was removed to a Portland hospital.

A slide about 200 feet wide over the O. W. R. & N. tracks between Rooster Rock and Latourell delayed trains for several hours Saturday night and Sunday.

The Columbia river is very high for this season of the year, caused by the four days' rain recently. Numerous slides along the Columbia highway are furnishing work for several men, who are kept busy removing the same from the road and clearing the ditches.

BORING

Mrs. Brillert from Stella, Washington, was a guest at the home of her brother, J. E. Siefert and family, last week.

Telford garage were broken from their hinges and several smaller buildings were damaged. The Thursday evening picture show completed the 10-weeks serial "The Radio King." were held there during the past year. The first was on March 24, at which time, N. C. Jamieson, extension specialist, discussed the feeding of dairy cattle. There were about 25 present. Mr. Jamieson's second visit was on June 23 when he discussed breeding problems. The attendance, however, was small at the last meeting.

Weed Control.
The leader on weed control is John Hoffmeister and he is waging a fight on Canada thistles. He made many field inspection trips during the year. Due to his efforts, no field reported to him or seen by him was left uncut. Two fields containing thistles were almost cleared of them by dry cutting.

Marketing.
N. Paulson has charge of the marketing project. The buying of supplies was also included in this division but was turned over to Rudolf Mullenhoff. A car load of hay was bought at a saving of \$88.50.

Boys' and Girls' Clubs.
Mrs. Stella Threlle is leader of this department. Three clubs were organized. A boys' potato club was formed but only two boys went far enough to enter their potatoes for certification. The main difficulty was thought to be because the boys were too young.

A girls' sewing club was formed with 15 members but three of whom soon dropped out. Five girls completed their work in time for the Clackamas county fair. A canning club was also formed with five members. A canning team was organized with three members and this team was the only canning team at the Clackamas county fair last year. The girls won fourth place at the state fair and the year before won fifth place. The girls sold sandwiches at the Pacific International Exposition to make money for expenses. There were about 12 regular Farm Bureau meetings held during the year

and four or five special meetings. The farmers' picnic was held on June 17 and was a splendid success. It was attended by over 300 people. The Harvest Festival held on September 15, was also well attended and enjoyed by all. A Damascus Farm Bureau exhibit was held at the Clackamas county fair and won second prize and lost first place by only one point. Potato Day was held on December 15 with an attendance of about 65. The Damascus Farm Bureau is well satisfied with the work accomplished during the past year. The members were saved over \$150 through the organization. A carload of hay, four hogs, four tons of corn and some tires were purchased through this source. There were also about six pair of Farm Bureau shoes purchased.

A report of the secretary-treasurer showed that after the bills for Potato Day were paid, a balance of about \$83 remains in the treasury.

PLEASANT HOME

The Girl Reserves will meet in the Sunday school room of the Methodist church on next Saturday afternoon at 2 o'clock. There will be initiation of officers and a good program.

TERRY

The Parent-Teacher association of the Terry school will hold a regular meeting next Saturday evening, January 13. E. F. Coulter of Portland will be present and will talk on "What Great Men Have Accomplished." A musical program will be given and refreshments served. A good attendance is expected.
