

## FOURTH ANNUAL FARMERS' WEEK BEGINS MONDAY

Farmers' Week programs will begin Monday at 10 a. m., in the high school gymnasium. The subject will be soils. At 11 a. m. the day's program for women will begin in the grange hall where the general subject will be community health.

All of the sessions for men will be held in the high school gymnasium and will begin at 10 o'clock. The health section, chiefly for the women, will begin at 10 o'clock, except on Monday at 11. In the last issue the Outlook gave the programs of the health section for the week. Hereafter are the programs for the first three days for the farm section:

### MONDAY—SOILS.

10 to 11. How Plants Feed. H. M. Moreland, Agriculture Instructor, Union High School.

11 to 12. Soil Problems. F. E. Price, Extension Specialist in Soils.

12 to 1:30. Noon Hour.

1:30 to 2:30. Land Drainage. F. E. Price, Extension Specialist in Soils.

2:30 to 3:30. Rodents and Their Control. I. N. Gabrielson, U. S. Biological Survey.

3:30 to 4. Community Drainage Problems. Discussion.

### TUESDAY—POTATOES.

10 to 11. Findings and Problems in Seed Improvement. E. R. Jackman, Extension Specialist in Farm Crops.

11 to 12. Problems in Marketing. Geo. L. Davenport, Commission Merchant.

12 to 1:30. Noon Hour.

1:30 to 2:30. Things Necessary to Stay in the Business. J. E. Larson, Seedman.

2:30 to 3:30. Potato Grading. E. R. Jackman, Extension Specialist in Farm Crops.

3:30 to 4. Potato Round Table Discussion. Led by S. B. Hall, County Agent.

### WEDNESDAY—DAIRY.

10 to 11. Disease Problems in the Dairy Industry. Prof. B. T. Simms, professor of Veterinary Medicine.

11 to 12. Utilizing By-Products of Dairy and Farm. H. A. Lindgren, Extension Specialist in Animal Industry, O. A. C.

12 to 1:30. Noon Hour.

1:30 to 2:30. Dairy Outlook. C. L. Hawley, State Dairy and Food Commissioner.

2:30 to 3:30. Contagious Abortion in Dairy Cows. Prof. B. T. Simms, professor of Veterinary Medicine.

3:30 to 4. Discussion.

## REVIVAL MEETINGS AT CHURCH CONTINUE

The revival meetings at the Baptist church continue in interest. It is expected that next Sunday will be a day of unusual power and helpfulness. Dr. Reid, the evangelist, will preach both morning and evening. In the morning his topic will be "If a Man Die Shall He Live Again?" Dr. Reid has proven himself a master workman in clear thinking and forceful presentation of the truth and his sermons have been sources of inspiration to all who have heard him.

Sunday school will open promptly at 9:45 and the preaching service at 11 o'clock. This will be followed by the reception of members and the ordinance of the Lord's Supper.

Good music has been an attractive feature of the meetings and will continue to be. On next Sunday morning Guy D. Jones will sing and in the evening Mr. and Mrs. H. W. Strong will present a duet. In addition to this, the large chorus choir will render special music at both services.

Young people's meeting will be held at 6:30, song and praise service at 7:30 and preaching at 8 in the evening.

The Sunday night service will be the last by Dr. Reid but the meetings will continue every night next week, when W. L. Riley, beloved pastor of Highland Baptist church, will preach.

The public is cordially invited to cooperate to the fullest extent.

## LEGION TEAM WINS OVER ORIENT TEAM

The American Legion basketball team of Gresham played the Orient team Thursday evening at the Orient grange hall. C. M. Quicksall was referee. The game proved to be one of the most spirited and hotly contested games of the season. When the final bell was sounded, the score was found to be a tie of 16 to 16. An extra five-minute period was played which resulted in a score of 16 to 18 in favor of the Legion team.

The American Legion team will probably play the Boring team at Boring next Tuesday evening.

The two basketball games played in Gresham last Tuesday resulted in a loss for both home teams. The American Legion team played one of the Spaulding league teams known as the "Holy Name." The score was 16 to 17 in favor of the visitors. The Union High team played the Park Rose team and also lost with a score of 11 to 12. Union High won from Park Rose during a former game played this season at Park Rose.

A Want Ad will do it for you.

## AUGUST 1-5 SET AS DATE FOR THIS YEARS CO. FAIR

Multnomah county has again been placed at the head of the list of fairs scheduled to be held this year in Oregon, Washington and British Columbia cities and communities. The annual meeting of the Pacific Northwest Fair association was held last Tuesday in Vancouver, B. C., and a schedule of fair dates was arranged. H. A. Lewis, president of the Multnomah county fair board, was chosen as a delegate to attend the meeting as representative from this county. The date for the Multnomah county fair has been set for August 1-5 and the Oregon state fair date has been set for October 1-6.

This makes the Multnomah county fair earlier this year than it was last year and increases the difficulty experienced by the farmers last year in getting produce ready in time for the fair. The probable reason for having the county fair still earlier than last year is to secure favorable weather during fair week. The down-pour during fair week last year dampened the spirits as well as lessened the attendance.

Now is the time for the farmers to begin making plans for exhibiting at the fair. Crops should be planted as early as the ground can be put in condition and weather conditions permit. If possible, an early variety that matures or ripens early should be planted, especially in the vegetable line.

The complete list of fair dates arranged in Vancouver, B. C., last Tuesday are as follows:

Multnomah county, Oregon, August 1-5; Skagit county, Washington, August 6-10; Lewis county, Washington, Chehalis, August 19-25; Elma, Washington, August 25 to September 1; Spokane, Washington, September 9-15; Yakima, Washington, September 24-29; Salem, Oregon, October 1-6; Puyallup, Washington, October 7-13; Vancouver, B. C., August 11-16; New Westminster, B. C., September 17-26.

## TRYRUS JAY BAILEY SUCCUMBS TO ILLNESS

Tryrus Jay Bailey passed away at his home in Gresham on Tuesday, January 30, aged 40 years, three months and 21 days. Death came as the climax to ill health extending through a number of months but for the past two months he had been a constant, though patient sufferer.

Mr. Bailey was born in Rochester, Indiana. He married Miss Dora McCandless of Florence, Colorado, 16 years ago. They made their home there until 1915, when they came to Oregon, settling at Troutdale. Four years ago the family moved to Gresham, where Mr. Bailey was associated in business with C. I. Raker & Son. He is survived by his widow, his mother, Mrs. Pietta Hibbard, four children, Kathleen, Doris, Buddy and Victor, two brothers, R. D. and R. R. Bailey, all of Gresham, two sisters, Mrs. C. I. Raker of Gresham and Mrs. W. A. Williams of Amity, Oregon.

Mr. Bailey was particularly happy in his home life, being a devoted husband and father, always anxious for the welfare of his family.

The funeral services for Mr. Bailey were held yesterday afternoon at the Methodist Episcopal church and were largely attended. The service was in charge of the Rev. A. S. Hisey, pastor of the church. Prayer was offered by the Rev. David Q. Barry of the Baptist church. The music was furnished by a quartet consisting of Miss Gertrude Alexander, Mrs. A. S. Hisey, C. E. Risher and Leslie Walrad. Miss Edith Lyman presided at the organ.

The church was tastefully decorated with evergreens and pussy willows, arranged by the Camp Fire girls, who attended the service in a body. The pall bearers were L. L. Kidder, Lee Evans, Fred Todd, Cecil Metzger, Oscar Johnson and Mr. Horton. Interment was in Douglass cemetery.

## OUTLOOK HAS NEW WINDOW DISPLAY

A new window display, furnished by the Berry Growers Packing company of Gresham, is now adorning one of the Outlook windows and featuring the Gresham brand of red raspberries. The label on this brand is especially pleasing with a dish of delicious looking deep red berries and the beautiful green berry fields of Gresham nestling at the foot of Mt. Hood which is a quiet sentinel in the distance.

The window display is much enhanced by a large cut glass dish placed in the center and filled with beautiful red raspberries.

The cans of berries in the window have 19 different kinds of labels but are all from the Gresham cannery. This does not mean that there are 19 distinct grades of berries. Many firms who buy the Gresham product ask to have their own labels placed on the order. The Gresham extra fancy brand, however, will always bear the Gresham label.

Say it the Want Ad way.

## First Picture of French Forces in Essen

It was exactly 1.45 P. M. when the French cavalry rode into Essen, if the clock of the railroad station at left was correct. This exclusive picture is the first taken of the actual occupation of the German coal center by the French forces. Streets were crowded by Germans out to see the entrance of the invaders.

## Storekeepers Asked to Decorate Windows for Farmers Week

An urgent request is made by the mayor and president of the commercial club that all Gresham storekeepers do something unusual in the way of attractive decoration of their places of business, especially their display windows, for the coming Farmers' Week.

The town should take on a gala appearance but it is rather early to put up outside decorations. The various places of business, however, can reflect the warm welcome extended by the citizens to the farmer folk as they gather here for their meetings.

W. A. Hessel and J. R. Martin have been appointed a committee to interview the merchants and urge their cooperation in this matter.

## A. W. METZGER TO HEAD LOCAL LEGION POST

The regular election for Gresham Post of the American Legion, held Tuesday night, resulted in the election of A. W. Metzger as commander and Ernest Brugger as vice commander. The adjutants and treasurer's offices were filled by the re-election of the former incumbents, Chase E. St. Clair and Roy H. Gibbs. Cecil Pulfer was elected chaplain and C. H. Hoecker sergeant-at-arms.

C. G. Schneider, Dr. H. H. Hughes, Kenneth Roberts, Cleveland Bliss and Will Teevins were elected members of the executive committee, which also includes the four principal officers.

A legion basketball team has been organized and has played several games. So far they have lost only one, and that was by a difference of only one point. The team was heartily endorsed at Tuesday night's meeting. Ernest J. Brugger, vice commander of the post, is manager of the team.

The new executive committee has been called to meet Saturday night and steps will be taken towards the holding of a joint Auxiliary and Legion meeting and dinner in the near future.

## METHODIST CHURCH ANNOUNCES SERVICES

The services at the Methodist Episcopal church next Sunday will include the Sunday school at 10 o'clock, the morning church service at 11 o'clock, and the Epworth League at 6:30. The evening preaching service will be dismissed in order that the congregation may unite with the Baptist people in their evangelistic campaign which is now in progress.

The subject of the sermon by the pastor, the Rev. A. S. Hisey will be "Our Daily Walk." The doors of the church will be opened for the reception of new members and transfers. The choir will sing, "O Love Divine."

The Epworth League is now studying the work of the church in foreign mission fields, the text being "India on the March." This is a gripping story of real life among the lowly in the world's most interesting mission field. Doris Zimmerman will be the leader.

The prayermeeting will be held Wednesday evening from 7 to 8 o'clock. The attendance last Wednesday broke all previous records with 39 present. It was a distinct inspiration to all who attended.

## Gresham Home Broken Into.

The home of John Lovegren near the O. W. P. depot and formerly known as the King residence was broken into early Tuesday evening and ransacked, but as far as is known, nothing was taken. The Lovegren family had gone to Portland and had not yet returned.

Frank Spybrock was making a delivery at the pickle factory that evening and saw two persons run away from the Lovegren home. From his description, the intruders were found to have been two men.

## FARMERS COOPERATE IN WORK ON ROAD

The improvement of the road in Victory district which is an extension to the east end of the Section Line road is under way. This road extends east up the hill and around the southern boundary of the farm formerly known as the Krebs place as far east as the McCreary road. A branch of it also goes past the Doty place and as far as Herbert Armstrong's place. A number of petitions have been presented to the county commissioners at different times in an effort to get the county to take over the road but so far they have not been granted. At present only a very small portion of the road is owned by the county. This is the piece beginning at the foot of the hill and extending as far as the northeast corner of the E. H. Lord place. The county has furnished enough powder to blow the stumps along this short piece of road. Only about one-half of the width of the road had formerly been opened up.

The work is now under way and most of the farmers owning land along it have readily donated their labor and one or two who own land in other parts of the district have also generously given their support. The farmers will clear and grade the road and then ask the county to take it over and gravel it.

There is an urgent need of a good road in this hill region as the farmers living there have no other means of reaching the main road. Practically all of the land has been taken up and there seems to be no reason why the county should not take it over after the farmers have gone to the expense of clearing and grading it. There has been no allowance made on the budget this year for the graveling but it is hoped to get an appropriation from the general fund.

## FORD SEDAN CAR COLLIDES WITH ENGINE

Dr. H. H. Ott was driving his Ford sedan car north on Main street at about 10 o'clock Wednesday morning and reached the Mt. Hood line car track without seeing an extra engine approaching going east toward the depot. Both the engine and the automobile were said to be going slowly.

Dr. Ott, upon seeing the engine, applied his brakes and the brakes on the engine were also applied. Dr. Ott's machine came to a stop but was not quite clear of the opposite side of the track and the engine bumped into the rear part of the machine. The engine was said to have been within 40 feet of the crossing before the engineer saw the approaching auto.

The only damage done to the sedan was the hole in the rear of the body. It was not damaged so much but what Dr. Ott was able to drive it home. Dr. Ott blames himself for not having seen the engine in time to have avoided the collision.

## Cancer Is Cause of Death.

Mrs. Mabel Lauderback, wife of T. J. Lauderback, died last Monday afternoon, January 29, from cancer of the stomach, at the age of 27 years.

Mrs. Lauderback was born in Wisconsin. She and her husband and little daughter were residing temporarily at the mill of the Ridge Lumber company, where her husband was employed. She is survived by her husband, six-year-old daughter, Rose May, her mother, a sister and two brothers living in Portland and one brother living in Oregon City.

The funeral was held Wednesday afternoon at the Pleasant Home Methodist church with the Rev. S. F. Pitts officiating. Interment was in the Pleasant Home cemetery.

Patronize the Home Shoe Shiner. Men's and ladies' shoes, Saturday afternoon and evening. Ruben Anderson, stand in Todd's Barber Shop.

Money to loan on real estate. B. W. Thorne, at Bank of Gresham.

## "Going, Going, Going at Five; Make It Ten!"

SO says the auctioneer.  
SO say the hikers.  
FIVE went last Monday—  
MAKE IT 10 next time.  
WHICH will be next Monday.  
START at Gresham library.  
BE prompt at 5 o'clock.  
HIKE three or four miles.  
COME back shouting.  
"I'M feeling better and better."  
LOVELY short trips hereabouts.  
GOOD roads and trails.  
NEW leader each trip.  
BEATRICE Jackson next leader.  
ALICE Roberts captain.  
ANNA Brugger acting scribe.  
NOW, everybody, "I'm going!"  
MEN and women, all ages.  
GRAND and glorious feeling.

## BUSINESS MEN MAY CHANGE ORGANIZATION

The name of the business men's association will be changed to that of Gresham Commercial club, and the requirements for membership made more liberal, if a resolution introduced at the last meeting changing the constitution should be adopted. There has been considerable dissatisfaction with the present plan of organization and now a committee, consisting of Miller, Hessel and Leslie Walrad has been appointed to revise the constitution and by-laws and if possible give Gresham a representative commercial organization.

At last Monday's meeting encouraging progress was reported by each of the several committees appointed to prepare for the annual farmers' banquet. Miss Calkins, it was announced, had arranged for a separate meeting, luncheon and entertainment for the club members on Saturday.

The organization, by a unanimous vote, went on record as opposed to any plan to consolidate the present county of Multnomah with the city of Portland.

H. L. St. Clair was re-elected president of the association, Will Metzger was elected vice president, Leslie Walrad was re-elected secretary and C. J. Lundquist was elected treasurer.

The business men voted to close their stores on Saturday, February 10, from 12 noon to 3 p. m., during the banquet and entertainment.

Piano Tuning. Satisfaction guaranteed. \$3. Fred B. Jones, 2625 East 49th street.

## Composition Given of Fertilizer Materials

A letter accompanying a table showing the composition of fertilizer materials used as sources of nitrogen has been received from D. E. Towle, manager of the Berry Growers Packing company with the request to print the same. In his letter Mr. Towle says: "I wish you would publish in your paper the appended list of sources of supply and the relative value in plant food of the different fertilizers mentioned. The conservation of soil fertility and supplying richness to offset the drain on the plant food in the soil

in the production of crops is as important as making additional deposits to your credit with your bank if you wish to continue writing checks. It is a matter of common knowledge that we must have the three elements in the soil in the right proportion to furnish a balanced food ration for your crops, viz.: nitrogen, phosphoric acid and potash. You will note from the following table that the sheep corral fertilizer ranks high, and as the season is now open for applying this fertilizer, we will be pleased to receive your orders."

Composition of Fertilizer Materials Used as Sources of Nitrogen	
Nitrogen	Per cent
Nitrate of soda	15 to 16
Sulphate of ammonia	13 to 22
Cyanamid	15 to 17
Dried blood (high grade)	12 to 14 1/2
Dried blood (low grade)	10 to 11
Concentrated tankage	11 to 12 1/2
Tankage	5 to 8
Manure (fresh)	1 to 2
Dried fish-scrap	7 1/2 to 8
	9 1/2 to 11

Composition of Fertilizer Materials Used as Sources of Phosphoric Acid.			
Material	Total Per cent	PHOSPHORIC ACID	
		Available Per cent	Insoluble Per cent
So. Carolina Phos. Rock	26 to 27	26 to 27	
Florida Acid Phosphate	13 to 16	1 to 3	
Bone meal	12 to 16	1 to 3	
Bone (dissolved)	29 to 25	5 to 8	13 to 17
Peruvian guano	15 to 17	13 to 15	2 to 3
	19 to 15	8	2 to 7

Composition of Fertilizer Materials Used as Sources of Potash			
Material	Total Per cent	Pure Potash (K <sub>2</sub> O) Per cent	
		Available Per cent	Insoluble Per cent
Muriate of potash	50		
Sulphate of potash (high grade)	48		
Sulphate of magnesia	26		
Wood ashes (leached)	1 to 2		

## Average Composition of the Most Important Farm Manure (U. S. Dept. Agriculture)

Manure	Nitrogen		Potash		Phosphoric Acid	
	Per cent	Equivalent in Ammonia Per cent	Per cent	Per cent	Per cent	Per cent
Cow manure (fresh)	0.25	0.25	0.10	0.17	0.17	0.17
Horse manure (fresh)	0.44	0.33	0.15	0.17	0.17	0.17
Sheep manure (fresh)	0.66	0.67	0.15	0.31	0.31	0.31
Hog manure (fresh)	0.56	0.73	0.12	0.41	0.41	0.41
Hen dung (fresh)	1.10	1.24	0.56	0.85	0.85	0.85
Mixed stable manure	0.49	0.69	0.43	0.32	0.32	0.32
