**COUE AFTERMATH.**  
Emile Coue is said to have taken home \$26,000 as a result of his brief lecture tour and demonstrations in this country, which proves that his method gets results. This could not be considered a large return, however, for the new incentive to self-help and self-mastery which his coming has left. Probably no new idea or mental suggestion has ever gotten in so short a time such wide publicity. He was a very sincere and forceful example of the benefit of his own theory and has left an idea that has quickened and directed the thinking of multitudes.

Coue's suggestion seems to be self-directed but it is self-directed thought for a purpose which means better health, a stronger mentality and greater efficiency in life and action. And it is free. Moreover, practically everyone, sick or well, poor or rich, learned or unlearned, religious or irreligious, can use it and be benefited by it. It isn't patented.

"Day by day, in every way, I'm getting better and better," whether used as suggestion to the subconscious mind or as a motto to inspire and direct conscious thought and volition is reasonable and helpful. It will be found doubly effective, we think, if back of it is the right kind of a moral and spiritual conception and a devout purpose to make the most and the best of one's self from unselfish motives.

The toilet is never the spoiler.  
Fast living is not conducive to long life.

Advertising is the voice of any business. Some have very weak voices.

An advertisement helps to bring the seller and buyer together more quickly.

If you let people know you want to sell you encourage someone to want to buy.

Cooperative marketing of farm products is a long step in the right direction.

It is believed this country is well launched on the period of sustained recovery.

The man is a pervert who enjoys the possession of wealth. The only real joy of possession is in use.

We are more interested in seeing the farmers prosper than any other one class. Their success spells prosperity for all.

Only 22 years of the twentieth century have passed but they record some of the greatest achievements of the world's history.

The thought of gain is often the chief inspiration of the tradesman and merchant, while the farmer gets his inspiration from the thought of co-operating with nature. He is entitled to his gain just the same.

**DISAPPOINTMENT.**  
(By Uncle Joe.)  
Among the disappointments that accrue to mortal men, there's some that's greater'n others,—jes' the way it's allers been . . . the depths of disappointments is dependent on desires,—when a feller fails to gather in the things he most desires. . . They're purely unavoidable, as far as I can see, when I figger disappointments that has spent their force on me. . . And I've tried to hear up under 'em, without an outward sign,—we can't expect the sweetest grapes, unless they trim the vine. . . .  
The trouble is, with most of us, we don't control our greed; we're allers thiratin' after things our system doesn't need. . . . So, it's nothin' more than human, nor none the less divine, that I've suffered disappointments in this mundane life of mine!  
And I try to think they're bleessin'—though it's sometimes hard to do, when I set my heart on somethin' an' I fall to put it through. . . . So, if fewer disappointments is what my soul requires, I do my best to expurgate impossible desires. . . .

Sunday school services at the Presbyterian church begin at 10 o'clock as usual next Easter Sunday. A special offering will be taken for Japan. A contest starts on this Sunday to run for two months. The membership is divided into two divisions, the red and the gold. Leaders of the red are Gerald Anderson and Margaret Jonas and of the gold Edith Zook and Emily Jonas. Points in the contest are awarded for attendance, punctuality, scripture memories and new members. Church services start at 11 o'clock. Rev. E. R. D. Hollensted will take for his sermon topic "A Meditation on Immortality." The Luscher male quartet will furnish special music for the occasion. Reception of new members and the baptism of children will be observed.

**Farmers Mutual Fire Relief Assn. Does Flourishing Business.**  
The Farmers Mutual has grown to be the largest farmers' company in the Northwest. Farmers who consider their own welfare prefer it. President Snaith reports the Association has over \$16,000,000 in force and over 19,000 members. In the past year it has paid over \$33,000 in losses with one assessment only at 30c per hundred dollars. There is no reason why farmers should pay high rates when they can insure in a Farmers' Association. Anyone wishing to insure will call on H. W. Snaith at the Fair Grounds, Gresham. Phone Farmers 2101.—Adv.

**In LOS ANGELES it's**

by **250%**

On a busy Los Angeles street corner a checker stood and asked 150 passing motorists "Which gasoline do you use?" 63 answered "Red Crown," as against 18 for the next highest brand—a lead of 250%.

Because "Red Crown" is an all-refined gasoline every drop of which vaporizes rapidly and uniformly in the carburetor, and is completely consumed in the cylinders, giving quick starting, smooth acceleration and maximum mileage, "Red Crown" is the popular motor fuel everywhere.
