# Your House

How does its exterior appearance suit you? Is it bright and attractive or has it a dingy, worn look that depresses your spirits and makes you wonder what is wrong with the place? A coat of Sherwin-Williams Paint works wonders in brightening up the house, it simply makes it radiate a warmth and beauty that impresses all who go that way. And besides this, you owe it to your home to keep it in good shape. A coat of good paint saves the surface. Proper painting will make your buildings wear indefinitely. We are pepped up on the paint idea. Come in to our store and let's talk it over.

Yours for better looking buildings

## MUSICAL ARTS CLUB MEETING MONDAY NIGHT

A meeting of the Musical Arts club will be held at the Gresham library next Monday evening, April 9, at 8 o'clock.

The committee will submit the completed by-laws for adoption, the chairmen of departments will be announced and plans undertaken for aggressive work along several lines of musical activity.

The meeting will be made specially interesting and instructive by the presence of W. H. Cope, on invitation, who will give a talk on organized musical effort for community betterment. Mr. Cope, who has already had an introduction to this locality as president and general manager of the Cope Film corporation, has had many years of experience as a musical director. He is a trained vocalist and has directed large choirs and choruses in various parts of the country. He was recently called to Seattle to sing "Nazareth" in Trinity Episcopal church on Easter Sunday. He will have some interesting things to tell out of his own experiences.

About 25 persons have already signed as charter members of the Musical Arts club. These and many others are expected to be present Monday night. All persons who are interested in music, vocal or instrumental, and are willing to take some active part in the lines of the club work, are eligible to membership. All such are invited to attend and become members.
