It's Logical.
 Man held at Ellis Island speaks no language that the immigration interpreters can understand. We'll bet five bucks he's a train announcer returning from a European vacation.
 A few words will tell the whole story in the Want Column.

Success Without Mystery

When a car as good as Overland is made better—at the lowest price in history—and when people welcome it with ringing praise—and call it the greatest automobile value in the world—there is naturally no mystery in the tremendous increase in Overland sales, both locally and nationally.

DRIVE AN OVERLAND AND REALIZE THE DIFFERENCE

ANNOUNCEMENT of Interest to MILLIONS of FAMILIES

"I will build a car for the multitudes"

Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford.

And now the way is open. Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford Car.
