INFANT IS KILLED BY ESTACADA TRAIN

Vivian, the 18-months-old daughter of Mr. and Mrs. Marvin Aubin, was fatally injured on Sunday evening by being struck by a special train which passed the Marvin home near Hailey station on the Estacada line at 7:30. The mother, who heard the train coming, stepped onto the porch in time to witness the accident.

The child had been playing in the yard and had in some way rolled under the fence and made her way onto the track just as the train approached. She was knocked down and fell between the rails and both cars of the train passed over her. She was rendered unconscious by the blow, which fractured her skull, and was rushed to Gresham for medical attention and later taken to St. Vincent's hospital, where she died a few hours later.

A program was given in observance of the 104th anniversary of the organization of the Odd Fellows lodge. About 30 members of the Boring Rebekah lodge were present, also several members of the Gresham lodge now living in Portland. A fine banquet was served after the program. Gresham Rebekahs have been invited to witness initiation in the Orpha Rebekah lodge in Montavilla next Tuesday evening.

A fine crowd was in attendance at the Bethel Baptist church last Sunday evening and a splendid musical program was given by the visiting quartet from Portland and the chorus choir of the church. At this time Pastor Barry made the announcement that all bills for the repairing of the church and the building of the parsonage had been met and the church is entirely free from debt. The church has raised during the current year \$4500 in addition to the running expenses of the church, including pastor's salary, and has given to missions during the year approximately \$500. The annual meeting of the church will be held tomorrow, Wednesday, evening, when reports for the year will be received and officers for the ensuing year will be elected. The fiscal year of the church ends on April 30.

BOYS' WEEK MAY BE OBSERVED IN GRESHAM

Plans are under way which may lead to the observance in a general way of "Boys' Week," April 29 to May 5, in Gresham. This week is so designated, not only in the United States, but in several other nations, when the special boy problems are discussed by parents and leaders of boys and when the boys themselves are given special recognition. It has been said that the boys of the nation are its greatest asset. It is to better learn how to direct these boys and to learn what their needs are that "Boys' Week" has been set apart.

Mayor K. A. Miller of Gresham has called a meeting of leaders of the young in this place to lay plans for the week. These include the principals of the schools, the pastors of the churches, the county club leader and others who would be specially interested. The meeting will be at the city hall this evening at 7:30 o'clock. In connection with his call Mayor Miller says:

A survey of the boy's problem as it faces us today is sufficient to engage the interest of the world. Latest statistics tell us that New York spends \$36,000,000 for the protection of life and property through the courts, police, district attorney's office and houses of detention. This statement becomes more remarkable when we realize that more than 70 per cent of those apprehended in one year are under 25 years of age.

JUNIOR PLAY RECEIVED FAVORABLE COMMENT

"Come Out of the Kitchen," as presented by the junior class of the high school, received much favorable comment for the manner in which the various parts were carried out. The parts were assigned with discrimination and the work of preparation had been faithfully done, with the result that the whole performance was well balanced and pleasing. A great deal of work was involved in the changing of the scenery but everything went off without a hitch. The orchestra numbers and vocal selections given between the acts were well received. About 800 people witnessed the play.

Four members of the cast of the same play, which is being prepared by the Seaside high school, were present at the performance, also Miss Effie Thompson their coach, a former teacher in the Gresham school. They were accompanied by Mr. and Mrs. J. B. Cartwright, whose daughter, Margaret, is the leading lady. The Cartwrights are old friends of the K. A. Miller family and the party called at the Miller home on Friday evening.

MARGARINE BILL PUT UP TO ELECTORATE

More than a month in advance of when referendum petitions must be filed with the Secretary of State, more than the required number of signatures were easily obtained to the referendum petition referring the oleomargarine and condensed milk bill to the people of the state.

This means that the law passed by the last legislature prohibiting the manufacture and sale of margarine containing vegetable oils, shall be suspended until a year from this November when it will be submitted to the people of the state.

In Washington where a similar law was passed at the last legislature and where 24,000 signatures must be obtained, three times as many as are required in Oregon, no difficulty was encountered in getting the required number of signatures.

Advocates of the bill describe it as a health measure because margarin contains no vitamine A. Opponents of this bill reply that neither does butter contain vitamins B or C and yet no one would advocate the abolition of butter for that reason.

Disinterested dieticians have said that the man or woman who drinks a normal amount of milk and eats a normal amount of leafy vegetables and eats margarin has a well balanced diet.

Margarin is manufactured and sold in every civilized country in the world. The American army in France during the war lived on margarin.
