

## SCHOOL BOARD FILLS VACANCIES

Since last month's meeting of the board of Union High School No. 2, when nearly a complete list of teachers for the coming year was chosen, a number who were elected at that time have resigned and the board has been busy making selections of teachers to take their places. At the regular meeting of the board on Wednesday evening other teachers were elected and the faculty list is now complete with one or two exceptions, which will likely be signed up in the near future.

About half the teachers for next year will be new to this school. They will include Miss Vie Elizabeth Rice of Corvallis, commerce teacher; Miss Augusta Hahn, also of Corvallis, who will have charge of home economics; Miss Marjorie E. Machen of Boise, Idaho, who will teach mathematics, Spanish and biology; Guy E. Armstrong of Eugene, science teacher, and E. J. Nofstinger of Mt. Vernon, Washington, athletic coach. The latter has been in charge of athletics in the Newberg high school.

The old teachers who will remain are Principal R. E. Cannon, pedagogy; Miss Eve M. Hutchison, English; H. M. Moreland, agriculture; Miss Dorothy M. Dickey, music; Miss Shirley Swallow, English; Miss Miriam Ingalls, mathematics. Of those who are leaving two, Miss Minnie Schreppel and Miss Katherine D. Waite, have announced their intention of quitting the profession. William Rutherford will teach in Benson Polytechnic, Miss Esther M. Gardner in a Portland high school, Mrs. David B. Evans in the Eugene high school. Mr. Evans will take up the study of law at the University. Miss Esther C. Wheeler will go to California.

At the annual school meeting to be held on June 18 a director will be elected to fill the place of R. I. Anderson, whose term expires and who refuses to be a candidate to succeed himself. Orient, Terry and Hillsview school districts may each propose a candidate for this office, to be voted upon by the entire union high school district. It is to be hoped that each of these districts place a strong candidate in the field.

## FORMER PLEASANT HOME WOMAN DIES AT ASHLAND

Word has been received by former neighbors at Pleasant Home of the death at Ashland, Oregon, on Wednesday, of Mrs. Minnie Shriner Dietrich, who has put up a brave but losing fight with tuberculosis during the past two years. She was 30 years of age. Surviving are her husband, Wm. Dietrich, and her parents, Mr. and Mrs. I. N. L. Shriner and brothers Lloyd Shriner of Ashland, and Walter of Estacada, two sisters, Mrs. Etta Bankus of Portland and Mrs. Willena Freden of Los Angeles, California.

Funeral services will be conducted from the East Side Undertaking parlors, corner East Sixth and Alder, on Monday, June 4, at 11 o'clock. Interment will be in Riverview cemetery.

## Graduate's Name Omitted.

Attention has been called to the fact that the name of Miss Mabel Sloop was omitted from the list of members of the Union high school class which will be graduated this evening. The omission was entirely unintentional and the Outlook is glad to make this correction.

## FIVE HOMERUNS

Pete Schneider, of the Vernon Coast League team set a new pro record when he slammed out five home runs in six times at bat last week. The former record was made by Bobby Lowe, of Boston, who registered four.

## COUNTY COUNCIL HOLDS ENTHUSIASTIC MEET

The regular meeting of the Multnomah County Council of Parent-Teacher association was held at the Russellville grange hall Saturday, May 26th, with the president, Mrs. Lou Harlow, presiding. The annual election of affairs took place with the following results: president, Mrs. Elmer Cook; first vice president, Mrs. Hoke; second vice president, Mrs. Christianson; third vice president, Mrs. A. Lasley; secretary, Mrs. Fortner; treasurer, Mrs. Mary Parsons; press reporter, Mrs. L. A. Harlow. The local presidents' reports were splendid and showed marked improvement in all lines of work and a gain in membership. The Council voted to donate \$25 to the W. C. T. U. Farm Home and also to extend an invitation to Portland Parent-Teacher Council as well as the Clackamas county Council to cooperate with them in making the Parent-Teacher booth at the coming county fair a success.

The Russellville school children put on a very pleasing program and Mrs. J. F. Hill and Mrs. D. B. Kelly gave enthusiastic reports of the recent national convention. Multnomah county Council is composed of wide awake men and women members who are doing much good work among the rural schools of the county. The next regular meeting will be in the form of a picnic on Parent-Teacher day at the Multnomah county fair.

## TICKETS FOR DANCE ARE GOING FAST

The boys of the American Legion are meeting with great success in the sale of tickets for the old time dance which will be given on the evening of June 8, the proceeds from which are to be used for the Fourth of July celebration. Although the tickets have been on sale but a few days, about one hundred have already been sold and it is expected that at least 500 will have been taken in the next week.

Judge George W. Stapleton has been asked to call for the old time dances and also to lead the grand march. A good four-piece orchestra has been secured to furnish music and a good, live committee will have charge of the floor.

Refreshments will be served by the Women's Auxiliary and real old fashioned good time is assured to all.

Money to loan on real estate. Farm loans at 6 per cent. B. W. Thorne.—Adv.

## Where 76 Perished in School Fire

First and exclusive picture of the scene at Cleveland, South Carolina, where 76 perished when a kerosene lamp exploded at a school house amateur play. Whole families lost their lives and every family in the community suffered loss of life. Outside wooden stairs collapsed when the rush for safety was made.

## DECORATION DAY WAS WELL OBSERVED

Impressive services were observed at the Baptist church on Wednesday in connection with Decoration Day exercises, after which the people marched to the cemetery, where the graves of Civil War veterans were decorated by the loving hands of surviving comrades and members of the Women's Relief corps. The latter organization had charge of the services in the cemetery, which included the planting of a flag and evergreen wreaths on a mound dedicated to the unknown dead.

The condition of the Gresham cemetery is in a better condition than usual, as much care has been taken to cut grass, trim shrubs and plant flowers.

Douglas cemetery, on the Base Line road, was beautified in preparation for Decoration Day. The grass was mown, the graves were decorated and flowers growing in abundance, giving it the appearance of a garden. John Coons is the care taker.

## ROADS RECEIVE AID FROM HIGHWAY FUNDS

Expenditures totaling \$367,250 of national forest highway funds to apply on the construction of over 110 miles of highway in Oregon have just been approved by Secretary of Agriculture Wallace. This money was made available for roads serving national forests and for roads within or adjacent to forests which are of primary importance to states, counties, and communities.

About 10 miles of the Mt. Hood Loop highway is to be surfaced at an estimated cost of \$75,000, half of which amount has been appropriated from the Federal forest highway funds and half from state funds. This road lies within the Oregon National Forest.

## Zion Evangelical Church.

Sunday school will meet at 10 o'clock and divine services in the English language at 11. Miss Kathryn Bratzel, Mrs. Theodore Brugger and Mrs. H. R. Gebhardt will sing "Just For Today." The young people's meeting will be held in the evening at 8 o'clock. The topic will be the "Shepherd Psalm," and the leader Mrs. F. Volbrecht.

## OREGON STORY WRITER WINS RECOGNITION

"A Boy's Grief," a short story written by W. F. G. Thacher of the University of Oregon faculty, has been accepted for publication by The Atlantic Monthly. In his letter of acceptance, the editor of The Atlantic wrote:

"Your brief and simple story has something so natural and genuine about it that we accept it for The Atlantic with unaffected pleasure. Surely, there is a touch of personal experience here, or, at any rate, a very perfect recollection of a boy's mind."

The story concerns a young boy who is grief-stricken because a girl he admired had moved to another town. How the boy's father, with rare psychological insight, discovers the lad's trouble and consoles him, makes for the effectiveness of the story.

Professor Thacher is instructor in the courses in short story and advertising.

## Methodist Episcopal Church.

With the close of the Vacation Bible school affairs are well on the road to the summer season in church and Sunday school. The prayer meeting will be held regularly on Thursday evening. The Epworth League is looking forward to the summer institute which will be held again at Falls City, August 6-12.

The Sunday school is busy planning for the Children's Day program to be more attractive than ever. The program is planned for Sunday, June the 17th.

The services for the coming Sunday will be as usual. In the morning the subject of the sermon by the pastor, the Rev. A. S. Hisey, who will occupy the pulpit both morning and evening, will be "Christ in you, the Hope of Glory." In the evening the theme will be "How to Get Rich."

The choir will sing an anthem in the morning, "Walk in Love" and "My Prayer" in the evening.

The topic for the devotional meeting of the Epworth League will be "The Next Step." This will be a round table discussion of the needs of our League.

The Bank of Gresham pays 5 per cent interest on time deposits.—Adv.

## Non-stop Hero Wins Bride by Flight

Miss Nellie Jay Turner of California promised Lieut. J. A. Macready she would marry him if he was successful in his non-stop airplane flight from New York to California. Here she is on her wedding day.

## OREGON COW MAKES RECORD

A production record of milk and butterfat for a purebred Holstein owned by H. G. Mullenhoff, of Gresham, Oregon, is announced by the Advanced Registry Office of The Holstein-Friesian Association of America. In one year Crystal Brook Canary Johanna produced 5517.0 pounds of milk and 551.92 pounds of butterfat, equal to 689.9 pounds of butter. She freshened at the age of two years and one month before this test.

Records of milk and butter production of merit in the dairy world are coming as fast as home runs in the sports field. This week the sixty-eighth Holstein cow to produce over 1,000 pounds of butterfat is announced. She is a California cow by the name of Irene Segis Pontiac, five and a half years old. Her official record is 30,022 pounds of milk and 1,017 pounds of fat, equal to 1,271 pounds of butter. Only 90 cows of all breeds have produced 1,000 pounds of butterfat in one year.

## ATTENTION BERRY GROWER MEMBERS.

To help us in the distribution of fresh strawberries in crates, we would like to have each grower member let us know by noon if possible of the day before delivery the estimated number of crates you expect to deliver, also the variety of same and the condition as to being fully ripe or a little on the green side. As we have said before, the local market wants well ripened berries and the shipping trade wants berries that are fairly well colored but not fully ripe, and to help us in advising our trade your report will be very important. Be sure to fill the crates full up to 18 pounds, nail covers on with only one small nail in each piece of cover. This is important, as we must remove the covers without breaking them. The raspberry and loganberry harvest will be on in about three weeks, we want all growers who need pickers engaged for them to let us know how many pickers they will need, also what sized families you can use to best advantage. This information we will enter up here and when we find families to suit will allot same to the grower whom they will serve best. We will start an active advertising and soliciting campaign and will do all we can to supply but will ask you to do all you can to secure harvest help. We have a supply of circulars and you can get some by calling for them. We would suggest that you enclose them to your friends anywhere.

Gooseberries should be delivered soon or they may be condemned on account of worms.

## THE BERRY GROWERS PACKING CO.

## Warrant Election Loses.

In a closely contested election held at Corbett last Tuesday, for the building of a schoolhouse for the Corbett, Latourell and Pleasant Valley districts, the vote stood 44 against and 42 for the proposition. Much bitter feeling had been aroused between the opposing factions, which led to blows during the election. A vote on a similar proposition was taken a few weeks ago and the bond issue lost by eight votes.

## Many Will Join Excursion.

A large number of Multnomah county farmers are planning to join the excursion to the experiment station at Corvallis on June 10. The start will be made from here at about 1:30. The inspection of the station will take place on Monday, the 11th and the return will be on the evening of that day. Thirty-five went to the college station last year and all are enthusiastic as to the value of the trip. The excursion is expected to be larger this year. All arrangements are being made for farmers of Multnomah county through County Agent S. B. Hall.

## Guernsey Gaities Soon.

A three-day program will be put on at Gladstone Park on June 6, 7 and 8 by the Guernsey breeders of the state, when President Kerr of Oregon Agricultural College and other well known speakers will take part. Besides the serious matters which will engage the attention of the stockmen, there will be excursions and a program of sports. Clackamas county is conceded to be the Guernsey center of Oregon.

## START THE MUSIC

Punish—"Hey, Bill, why is kissing like a puppy on ice?"  
Dumbster—"Search me. Why is it?"  
Punish—"It's dog-on-ice."
