

**Berry and Cherry News Notes.**  
 Strawberry deliveries are falling off slightly this week and we are getting our barrel orders nearly filled. We need three tons more of Oregon to complete an order and 12 tons more to complete our cull berry order and we want you all to bring in all the ripe sound culls you can.  
 This is red currant harvest week and we have a ready market for all that are offered at a fair price. Bring them in now.  
 We are also in the market for all the Royal Ann cherries we can get of good quality at a fair price. We also have an order for all the black Republicans, Tartarans or black Seedling cherries we can supply either picked with or without stems but they must be well ripened. We will furnish the boxes.  
 Come and see us about cherries whether you are a member of our association or not, maybe we can help you.  
 The logans are starting to move, also red raspberries, be sure that the berries are in good shipping condition if you use shipping crates. If not bring them in, in cannery crates for barrelling or the juice man.
