CLUB BOYS AND GIRLS WILL GIVE DEMONSTRATIONS

Active preparations are under way among the several hundred club members in anticipation of the fast approaching county fair. Pigs are getting more than their prescribed Saturday bath, calves are sweating under their newly applied blankets, the sheep are also being trained in company manners, all with the idea of making a favorable impression in the eye of the judge. Girls are doing the family baking to renew their skill and the last careful stitches are being taken in the garments. Members are being urged to do their bit in making this a banner fair. It is with the interest of these boys and girls in mind that the better fair committee is working so faithfully.

Many improvements are taking place which will benefit these juvenile exhibitors. The first barn is being fitted up for the club livestock. Calves will be shown down the center aisle, pigs and sheep will occupy floored pens at the sides. About 75 head of stock is expected to be ready for inspection Monday evening. A new feature will be a demonstration booth at the entrance, where a club member will be found each day demonstrating with their animals and answering questions. In the Club building booth partitions have been taken out to allow for the new method of exhibiting the sewing, cooking, canning and field crops display. Each day several girls will serve as hostesses to answer questions and point out things of interest. An added feature here will be a demonstration booth where contrasting methods in various projects will be brought out for the interest of those who investigate. The P.-T. A. rest room and the county health booth, along with the interesting club exhibits, make this building a valuable asset to the fair.

Many Club Specials are Promised.

In order to maintain community pride, prizes of \$15, \$10, \$5, are being given to the schools getting highest scores based on ribbons won in all classes. Several business men are offering specials to individual clubs as follows:

W. A. Hessel, \$10 merchandise order to club leader whose club makes largest and best field crop exhibit.

A. W. Metzger, \$10 merchandise order to club leader whose livestock club makes largest and best exhibit.

L. L. Kidder, \$10 order to club leader whose home economics club makes largest and best exhibit.

Geo. W. Page, two sacks of feed to champion Holstein calf.

Geo. Lawrence Harness Co., show halter to champion Jersey calf.

F. E. Welch, fall gilt pig for champion Hampshire pig.

Albers Milling Co., Portland Flouring Mills and Kerr Giffords, sacks of feed to calf and pig clubs.

Many Contests Will Be Held.

There will be the usual canning and stock judging team contests, the winning team compete at the State Fair. Poultry and rabbit judging contests have been added this year with the State Fair as a goal. Training has been provided by specialist in these lines and great interest is being shown by the many clubs. This is a great educational opportunity for wide awake boys and girls. Many parents realize this and are backing their club members up in their ambition.

There are 60 or more local leaders who are making this work possible. This is the outstanding feature of the club movement, the fact that so many people will donate hours of time and effort for the benefit of these boys and girls.

SPECIAL MEETING OF COMMERCIAL CLUB

A special meeting of the commercial club has been called for Monday night, July 16, at 8 o'clock, at the city hall. Mrs. Adah Losh Rose, pageant director, will be present and outline her plans for the historical pageant, "On the Trail of the Setting Sun," which is to be the big feature on the first night of the fair, July 31.

Also the better fair committee will be represented at the meeting and urge the business men to help back up the new plans for the fair.

All members and those who desire to be are urged to attend.

NONOGENARIAN HEARS SPEECH BY RADIO

The Outlook is in receipt of a letter from Miss Loretta Bridge of Canby, Oregon, telling of the recent experience of her father, Wm. Bridge, well known in this vicinity, in hearing the Fourth of July speech of President Harding by radiophone as distinctly as though he had been on Multnomah Field.

Mr. Bridge, who is 90 years of age, has been a radical republican all his life, having voted the first ticket put up by that party. He has witnessed the remarkable developments of railroads, modern machinery, bicycle, automobile and aeroplane and the growth of the telegraph and telephone to the wireless stage. The hearing of the president's speech made a deep impression on him.

NEW NURSERY LAW IS NOW IN EFFECT

A new nursery law, which went into effect on May 24, 1923, is designed to protect the public by having all engaged in the various phases of the nursery business pass the inspection of the State Board of Horticulture. It defines "nursery stock," "nursery," "nurseryman," "dealer" and "agent" as applied to the nursery business. The provisions of the law are as follows:

"Nursery Stock" shall include all field-grown florist stock, trees, shrubs, vines, cuttings, grafts, scions, buds, fruit pits and other seeds of fruit, and ornamental trees and shrubs, and other plants and plant products for propagation, except field, vegetable and flower seeds, bedding plants and other herbaceous plants, bulbs and roots.

The term "nursery" shall be construed to mean any grounds or premises on or in which nursery stock is propagated and grown for sale, or any grounds or premises on or in which nursery stock is being fumigated, treated, packed or stored.

The term "nurseryman" shall mean the person who owns, leases, manages or is in charge of a nursery.

The term "dealer" shall be construed to apply to any person, not a grower of nursery stock, who buys nursery stock for the purpose of reselling and reshipping independently of any control of a nursery.

The term "agent" shall be construed as applying to any person soliciting orders for or selling nursery stock under the partial or full control of a nurseryman or of a dealer or other agent. This term shall also apply to any person engaged with a nurseryman, dealer or agent in handling nursery stock on a cooperative basis. It shall be unlawful for any person, firm or corporation to engage in, conduct or carry on the business of selling, dealing in or importing into this state, for sale or distribution, any nursery stock, or to act as agent, salesman or solicitor for any nurseryman or dealer in nursery stock, or to solicit orders for the sale of nursery stock, without first obtaining a license so to do from the State Board of Horticulture; and it shall be unlawful for any person to falsely represent that he is the agent, salesman, solicitor or representative of any nurseryman or dealer in nursery stock. No license shall be issued until the applicant therefor shall have paid the fee and furnished the bond as hereinafter provided. The license fee for a nurseryman, dealer or importer of nursery stock shall be ten dollars (\$10), and for any agent, salesman or solicitor the license fee shall be one dollar (\$1). All licenses shall be issued in the name of the person, firm or corporation licensed, and shall show the purpose for which issued, the name and location of the nursery or place of business of the nurseryman or dealer licensed, and the name and address of the agent, salesman or solicitor licensed, and the name and business address of the nurseryman or dealer represented by such agent, salesman or solicitor.

Pleasant Home People at Gladstone.

There will be no preaching on Sunday morning at the Pleasant Home Baptist church, as many of the people wish to attend Chautauqua at Gladstone. Miss Ida Miller will have charge of the Sunday school. B. Y. P. U. will meet at 7:30 and there will be preaching service at 8:15.

NEW WHITE WAY PROVIDED; OTHER IMPROVEMENTS MADE; LARGE ATTENDANCE EXPECTED

This year's Multnomah County Fair, which opens here July 31 and continues to August 4, is to have a "great white way" all its own. This feature was decided on at a meeting of the fair board held last Monday night in Secretary Pulfer's office. A contract was awarded to the Portland Gas & Coke company to install a series of big gas arc lights from the main entrance to the south side of the pavilion. The Gas company is already busy with the installation.

Heretofore visitors to the fair at night have been obliged to depend upon their automobile lights and those of the various concessions to light their way from the entrance to wherever they desired to go. All this will be changed this year and auto lights will have to be dimmed when entering the grounds.

The big gas arcs will make the driveway and surrounding territory as light as day. The fair board is not ashamed to let its light shine this year for the fair is to be bigger and better than ever before.

To Enlarge Tent.

Another improvement which will please many and which is to be made within the next few days is the enlarging of the chautauqua tent. Present plans call for some 10 to 12 feet to be added which means the seating capacity will be practically doubled. A drop fly is to be secured and hung all around the tent, being closed with the single exception of the entrance. The tent roof will also be enlarged to cover the entire space so in case of rain attendants at the various performances will be thoroughly protected.

The stage will be added to both as to length and width. This will enable the program committee to stage plays which otherwise could not be given if much of a cast was necessary. Another entrance to the stage will be made from the Boys' and Girls' club building. This also will provide much needed dressing rooms.

If present plans carry, a new shingle roof will be put on the boys' and girls' club building. This is sorely needed. Last year when it rained some of the fancy work was virtually ruined and the fair management does not propose to permit a repetition of this condition.

Promise New Bleachers.

At the race track additional seats are to be provided. It is probable a few rows of bleacher seats will be placed at the south end of the present bleachers and new bleachers will be built at the north end of the grand stand where stables are now located. These stalls are to be torn down or moved within the next week and the bleachers will be erected on a slant so occupants will have a clear view of the track. It may be necessary to move the start and finish line to the center of the grandstand, but this is a matter of only an hour to do.

Every effort is being bent toward making the fair this year the cleanest on record. No concessions or shows which even by a stretch of the imagination might be termed "off color" will be permitted and the intention of both the fair board and the cleaner fair committee is to provide only such attractions as suited for the entire family to see, no matter whether little girls and boys or grown ups.

Committee Given Praise.

The fair board is emphatic in its praise of the efforts of the Cleaner Fair committee. The way in which these men and women have taken hold of the rather gigantic task they

have assigned to themselves, is pleasing to the officials of the fair.

"I have been both surprised and delighted," said President H. A. Lewis this morning. "I knew the committee would do the best it could but it has accomplished so much more than I expected, I can hardly express my appreciation of the manner in which they are bringing their task to a successful termination."

"Here is a committee of men and women who have the best interests of the fair at heart. They want to see it improved in every way possible; they want only clean shows and concessions; they want a fair every inch of which may be viewed by the youngest children or the oldest folk without any element of criticism being possible."

Hope for Success.

"Cleaner fair is their watch word and the fair board believes they are right. Because of this, we have agreed to every suggestion they have advanced and are working with them to the best of our ability to bring about the desired results. If their efforts fail it will not be our fault for we have placed no obstacles in their pathway and will not. What we want is for them to succeed in every detail. Success by them this year will mean something bigger and better another year for they will have profited by the experience gained this year and know better how to go about it to obtain better and more lasting results."

The Cleaner Fair committee is to provide the entertainments to be held in the Chautauqua tent every afternoon and evening during fair week. To this end a splendid series has been arranged. The opening on Tuesday afternoon will be under auspices of the Parent-Teacher Association, starting at 1 o'clock with a community sing led by J. C. Henderson of the Portland Park bureau, formerly with Community Service. This will be followed by an address on "The Home" by Mrs. J. F. Hill, state president of the Parent-Teacher Association. Mrs. D. B. Kelly, president of the Portland Parent-Teacher Association will speak on Suggestive Programs for the P.-T. A., while Miss Frances Hayes of the Child Welfare department will have as her topic Juvenile Protection. The last speaker will be Mrs. Lou Harlow, president of Multnomah County Council who will tell of The Benefits of the County Council. This program will be free but all the rest will be paid affairs.

Monster Pageant.

In the evening at 7:30 o'clock will come the monster historical pageant, "On the Trail of the Setting Sun," under direction of Mrs. Adah Losh Rose. More than 1000 men, women, boys and girls will take part in this. Participants will be gathered from all sections of the county and the affair promises to be not only the most spectacular but the largest and most successful of its kind ever given in the annals of Gresham. It will be staged on the race track in the big oval space in front of the grandstand. Admission to the grounds will not include admission to the track, an extra charge being made for this to help defray expenses.

The program for Wednesday, starting at 1:30 p. m., will be as follows: Recital under direction of Miss Florence Honey. Solo, "Long, Long Ago," (Kullack) William Ott; "Plantation Melody" (Hannah Smith), Dorothy Cady; "Warrior's Song" (Heller), Lulu Nevalain; "Butterflies" (Grieg), "Turkey in the Straw"

PAGEANT PLANS ARE BEING WORKED OUT

The playlet "Garden Cinderella," will be given on Saturday evening, July 14, at Troutdale, by Adah Losh Rose, pageant director, and Elnora Fay Fleck, dancing instructor. Most of the cast will be local children. Donald Confrey and Eleanor Winders will appear in a special song and dance. The proceeds will be used to help defray the expenses of the pageant.

This playlet is being organized in other communities and will be given for the same purpose and to arouse interest throughout the county in the coming pageant. Cottrell and Lusted districts will combine in the presentation, and Orient, Powell Valley and Victory will join forces. These entertainments will be given in the near future and the costumes used will be for future use in the pageant.

A group is being organized from Gresham business men to represent the Hudson Bay fur traders, and already nearly a dozen have signed for the purpose.

Miss Frieda Bratzel is chairman of the committee which is endeavoring to secure at least a hundred young women for a beautiful allegorical scene at the beginning of the pageant.

The matter of providing costumes for the large number of players is an important part of the preparation for the pageant. Mrs. Frank Peak is chairman of the committee which will look after that feature. She will be assisted by many local women, who will meet at the city hall for sewing. The material will be purchased at wholesale by Mrs. Rose.

Alice played "Minuet" and "Musette," by Bach, a left hand study by Krogmann, "Avalanche" by Heller, "Down the Stream" and "Lightly Skipping" by Hatch. The night horse show to be staged by J. W. Van Cleave of Victoria, B. C., will be an attraction which unquestionably will draw thousands and be one of the big features of the entire fair.
