Official paper of the Town of Gresham. Official paper of the Town of Fairview.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

**AUTOS ON HIGHWAYS MISTREATED BY TRUCKS.**

A condition exists on some of the highways of the state, especially portions under construction, and used by trucks in construction work, regarding which the public should be informed.

In connection with the recent accident to the Outlook's auto, when near Hood River following the state editorial meeting, an investigation has been made the results of which may throw some light on the rights of the humble autoist when a gravel truck hog demands the whole road and more.

The Outlook's car was not alone in being mistreated by the imperious truck drivers. Others were crowded off the road, had rear accidents and some suffered serious accidents, having wheels and fenders stripped. The attitude of the truck drivers is to make the traffic suffer. They claim autoists have no right on the road and are served right when they are struck and injured.

The Outlook addressed a letter to the state highway commission, explaining the conditions which led to the accident of Sunday night, July 15, and asked for an opinion. The letter was referred to the legal department and in reply J. M. Devers, assistant attorney general, gave his opinion as follows:

"I have carefully read your letter and am of the opinion that the road in question was a public highway and the driver of the truck was not relieved from a compliance with the rules and regulations governing the operation of motor vehicles upon the public highways of the State.

"I am advised that notwithstanding the fact that the road in question was at the time of the accident under construction, it had been at least temporarily thrown open to the public and the public invited to travel upon the same. In addition to this, the highway was at the time an established state highway and was being used as stated above by the public, and it is my opinion that any one using the highway, whether for construction purposes or simply for the purpose of travel thereon, would be required to observe all of the regulations prescribed for the operation of motor vehicles."

**THE EDITOR THINKS**

That he has to do a lot of thinking to be able to do a little writing now and then.

That usually his best productions don't provoke a single comment.

That his jokes are often taken too seriously.

That if he makes a mis-statement he hears from a lot of folks.

That many of his informants have a way of camouflaging the truth.

That if everybody would assist it would be easy to publish a newspaper.

That when a person tells a bit of news and says don't put that in the paper he puts himself under suspicion.

That few persons get their names in the paper too often.

That some persons are too modest about having their names mentioned.

That everybody should receive and read the home paper, ads and all.

That a newspaper is a large public service and should be well supported.

**CRATER LAKE ATTRACTS THOUSANDS OF VISITORS**

The attractions of Crater Lake National Park, in southern Oregon, which at the present time is being visited by record throngs of tourists and vacationists, are being called to the attention of the public by the Southern Pacific company.

A photograph of this Oregon resort, depicting the lodge at the lake, has been used to illustrate the company's dining car menus during the next few weeks. With the illustration is a description of the location, beauty and recreations to be found at this national park.

Sixty thousand copies of these "Crater Lake" menus have been printed for use on Southern Pacific lines everywhere—from Portland to New Orleans and from San Francisco to Ogden.

Reports of John M. Scott, general passenger agent of the Southern Pacific at Portland, show that 10,000 persons visited this picturesque Oregon resort during the first 15 days of the 1923 season. This was a large increase over the number for the corresponding period of last year.

Tent Meeting Plans are Changed. Evangelist Parrott and party who recently concluded a revival campaign on the fair grounds here will begin a series of meetings at Montavilla, 92d and Base Line road, on Sunday evening, August 5, instead of at Oregon City as was announced. All Gresham friends are cordially invited.

**PNEUMONIA DEVELOPS IN HARDING'S ILLNESS**

Pneumonia, following an attack of ptomaine poisoning, led to grave feelings of danger on the part of those in the care of President Harding at San Francisco this morning. He is now confined to the Palace hotel and the remainder of his trip is cancelled. While it is too early to state definitely that the president is out of danger, the latest reports this afternoon were that the spread of pneumonia is checked and that his condition is improving.

**YOUTH TOO PROUD TO BEG; NEARLY STARVES**

Sven Hansen, 18-year-old native of Denmark, is regaining his strength at Multnomah Farm, where he was taken Sunday afternoon after he had collapsed on the Columbia river highway because of hunger. His faithful dog was with him at the time and tried to drag his prostrate form off the pavement, but he too was hungry and weak, for neither had eaten for three days. The boy collapsed near the J. W. Townsend home west of Troutdale where he was taken and Dr. H. H. Hughes was summoned from Gresham by Miss Josephine Townsend, who also notified D. D. Jackson, superintendent of the county farm, who sent nurses and a truck with a cot for conveying the boy to the farm.

The youth, who has been in America but a year, has been sick, and when he had lost his job and had no means of earning a livelihood. He started out to find something to do but was too proud to beg.

**SURVEY OREGON SCHOOLS THOUGHT TO BE NEEDFUL**

Cooperation of state educators in the people's survey of the Oregon schools lately authorized by the Oregon State Teachers' association was urged by State Superintendent J. A. Churchill, in his address before the Principals' club of the University of Oregon summer session recently.

"Public education is under fire at present," said Superintendent Churchill, pointing out that people all over the country are criticizing the school and questioning its efficiency. Almost every speaker at the recent convention of the National Education association, Mr. Churchill said, had mentioned the widespread dissatisfaction of the public with its institutions. Attacks printed in Oregon papers he continued, drew his attention to criticisms made in this state. The people's survey of the state schools, to inaugurate which a committee has been appointed by the president of the Oregon State Teachers' association, is designed to meet this criticism. This committee, according to Mr. Churchill, will draw up a number of questions to bring out what particular aspects of the school may be objectionable to the public. The result is to form a basis for reorganization.

Mr. Churchill urged the schoolmen to support this survey and asked that each principal in his own district determine the features of the school which the people deem inadequate.

**It Happens in the Best Families.** "Why are you lugging home that expensive box of candy?" asked Tom King of Fred Newton the other day. "Just playing safe," said Fred. "My wife kissed me this morning, so I think it must be her birthday or our wedding anniversary."

Perhaps the reason some folks don't climb very high is because they get dizzy with the altitude.

**Piano Tuning.** Satisfaction guaranteed, \$3. Fred B. Jones, phone Gresham 189x1. If

"Say it with a Want Ad."

**AUDITOR REPORTS ON COUNTY FINANCES**

County Auditor Sam B. Martin's semi-annual report, covering the finances of the county from January 1, 1923 to June 30, 1923, has just been issued. It shows that the county started on January 1, 1923, with \$497,849.94 on hand. From various sources, mainly 1922 taxes the county treasury received \$11,437,575.45, total \$11,935,425.39. About two and a quarter million came from sale of school bonds. During the same period the county treasury is credited with disbursements totaling \$11,445,294.94, leaving on July 1, \$490,130.45 on hand.

The sum of \$15,975.25 was received from the state for the county fair fund, a small balance of \$66.69 left in this fund at the end of last year having been transferred to the road fund. From the fair fund the Pacific International Livestock association has drawn \$4,500. About an equal amount will come to the Multnomah county fair for use as premiums.

The city of Gresham drew during the six months its total fund of \$5,140.96, \$4,271.27 of which was from the 1922 taxes.

The city of Fairview had \$358.41 left in the fund from last year, added taxes amounting to \$673.29, and has drawn all except \$30.13.

The town of Troutdale had a small balance to its credit in the county treasury on January 1, added \$843.43 in taxes and on June 30 had drawn all except \$5.40.

Phone orders to Outlook 1561.
