A meeting of the members of last year's business men's gymnasium class is called for next Friday night at 8 o'clock at the high school gymnasium to consider the arrangements for a gymnasium class for this fall and winter. The question of the disposition of a considerable fund left over in the treasury will come up at this meeting. There were about 25 members who joined the class a year ago. These and any others interested are invited to be present. The high school gym is much better equipped than a year ago and it is thought the opportunity will be good for the business men and others to receive the benefit of its use. It is requested that the ladies who wish to form a ladies' class meet at the same time and place.
