

Exercise your eye muscles, and avoid automobile accidents. That's the advice given by Dr. Needles. When you are in a car going 40 miles an hour, you go about 58 feet over second. Unless your eye can roll from one side to the other at least twice in a second, you can't keep track of both sides

of the road and travel safely at that speed. Prizefighters, fliers, automobile drivers, all require eye exercises to strengthen the eye muscles. At best, they get weak with old age. And a closed car requires better eyes than an open car.

The Value of Livestock to a Community. No. 1.

### Some Livestock on Every Farm

**S**PECIALIZED grain and hay farming without livestock to consume the surplus is like raising livestock without growing any of the feeds which will reduce the cost of producing the animals. Either way puts the scale of profits out of balance and leaves the farmer to face the possibilities of loss on maybe his one and only class of production.

Similarly, milk products are more profitable than producing cattle for slaughter, for it is said the output of dairy products in one year is greater in dollars and cents than the total slaughtered worth of all the cattle in the country.

We are particularly interested here at the First State Bank in the development of permanent and continuous agricultural prosperity, and are always glad to lend assistance in providing the right kind and right quality of livestock for the farmers in this locality.

The Pacific International Livestock Exposition at Portland, November 3 to 10, offers an unparalleled opportunity to study the ways and results of profitable stockraising. It is the greatest gathering together of purchased dairy and beef cattle, sheep, hogs, goats, horses and, also, chickens and rabbits in the entire country. Why not attend this year?

Mr. and Mrs. J. H. Cone returned Wednesday from Lone Rock, where they have been for several months looking after their mill property at that place. Mr. Cone has disposed of his mill site on Johnson creek where he expected to establish a mill, to the City of Portland for the site of the proposed third Bull Run pipe line. The property was transferred yesterday. It consisted of about one and one-half acres. Mr. and Mrs. Raymond Cone have been occupying the J. H. Cone residence for a short time and will remain for the present. Both have been employed in Portland. Mrs. Cone was formerly Miss Corene Wilkinson of the Lents district. The wedding took place on September 4.

The announcement has been made by Principal C. M. Quicksall of the Gresham school that all classes will meet in the new building next Monday morning. The class rooms will be in shape by that time, though the auditorium is unfinished and there is still much work to be done about the building. The enrollment in the school now exceeds 300 and more are expected next week.

Gresham Grange meets Saturday, October 13, in all-day session. The program is as follows: song, selected by Pomona; recitation, Miss Winifred Beechill. Each granger will be called upon to answer the question, "Are You Proud to be a Granger, and Why?" Better Home week will also be observed.

Wm. Congdon has sold out his restaurant at Condon where he has been for the past eight months and has returned to Gresham. He will probably look for a new location for a restaurant, and may go to San Francisco for the winter where his son, Carl lives.

Mrs. H. W. Snashall came near having a serious accident last Friday from the explosion of gas in her oven which she was attempting to light. The flames singed her hair and eyebrows and burned her slightly about the face and arms. The experience made her sick for a day or two.

Mr. and Mrs. Harvey Raney are visiting at the home of the former's parents, Mr. and Mrs. B. N. Raney. They are recently from Manning, North Dakota. Mr. Raney came during the summer and has been working in Washington. Mrs. Raney and her two children arrived last week.

Announcement has been made of a law enforcement mass meeting to be held next Sunday afternoon at the White Temple, when Governor Pierce will be the speaker. It is likely that many from this community will attend.

### Farmers Mutual Fire Relief Assn. Does Flourishing Business.

The Farmers Mutual has grown to be the largest farmers' company in the Northwest. Farmers who consider their own welfare prefer it. President Snashall reports the Association has over \$15,000,000 in force and over 10,000 members. In the past year it has paid over \$33,000 in losses with one assessment only at 30c per hundred dollars. There is no reason why farmers should pay high rates when they can insure in a Farmers' Association. Anyone wishing to insure will call on H. W. Snashall at the Fair Grounds, Gresham.
