

TAPS IS SOUNDED FOR AGED VETERAN

A military funeral was accorded Norman L. Smith this afternoon, when he was laid to rest in Multnomah cemetery by his comrades of Sumner Post G. A. R. with the full funeral ritual. Mr. Smith was for many years a member of Sumner Post and was for a long time its commander. During the latter years when he was unable to attend its meetings in Portland he frequently visited the M. A. Ross Post in Gresham and was present at its last meeting, only a few weeks ago. He had been in feeble health for a number of years, being afflicted with valvular heart trouble. He had been confined to his bed but two weeks before his death.

Norman L. Smith was born in Patriot, Indiana, June 20, 1836, and passed away at his home in Gresham, November 13, 1923, aged 87 years, 4 months and 24 days.

In July 17, 1861, he enlisted as a private in Company H, 5th Iowa Infantry and was mustered in at Burlington, Iowa. At the end of the war he was mustered out and returned to his home.

On March 15, 1865, he married Miss Clara I. Huxley, who preceded him in death June 24, 1922.

In the spring of 1866 Mr. Smith and family started with ox team for Oregon.

In 1876 he came to eastern Multnomah and settled on the farm where he has made his home for about 50 years.

Mr. Smith is survived by the following children: E. P., of Estacada; V. H., of Wasco; H. R., of Condon; Mrs. T. C. Townsend of Gresham and Mrs. George R. Shaw of Fairview. He also leaves twelve grand children and three great grand children.

Timely Comments

By Arthur Brisbane.

What makes the United States prosperous? Answer, High wages. Citroen, the greatest French manufacturer of automobiles, says everybody in France ought to have his own automobile. The trouble is, "In America the workman, saving one day's pay per week, can buy an automobile with the money at the end of the year. In France it would take a Frenchman's entire salary for two years."

If you want a good crop, put water and fertilizer on the land. If you want a prosperous country, put good wages in the pockets of those that work.

It all comes back to the big people ten dollars for one.

If you are a radio enthusiast, and understand such things, you will be interested in the latest announcement. A message, receiving its only impulse on this side of the ocean, made the trip of 9,000 miles to Warsaw and back 20 times, a total distance of 360,000 miles. That is almost twice as far as light and electricity travel in one second. It amazes us now. We see it, and work it, and know nothing about it. Some day we'll send messages to outside suns, ending with "please answer," knowing that at 186,000 miles a second the answer will not be back in time for our grandchildren to read it.

If you have a sound idea, don't hang for it. Publish it, repeat it, persuade others to accept it. Voltaire opposed torture of witnesses, breaking every miserable judge in one famous case, after a fight of many years. He defied Frederick the Great and greater powers, and finally died peacefully in his bed, nearly 85 years old, rich in money, adored by the people that drew his carriage through the streets. He showed the right way to deal with an idea. That was better than poor John Brown of Harpers Ferry, never living to see anything accomplished.

It takes one kind of ability to "hang" for an idea, and it takes a higher kind to convert or hang those that oppose the idea when it is right.

McAdoo lets it be known that he is in the race for president. Of course he is, being the most conspicuous democratic candidate.

Hiram Johnson will be in the ring also. This is a free for all, and Hiram Johnson probably can get more votes in presidential primaries than any other republican. Albert Lasker will work for Johnson as he did for Harding. He's a first class dynamo.

One of Mr. Ford's secretaries says he wouldn't accept the nomination for the presidency. But it isn't Liebold, the real secretary, and probably doesn't mean much.

Mr. Ford has his days for presidential running and his days for forgetting all about it. If the nomination should come on the right day he would probably take it. Meanwhile he's starting a plant near Philadelphia, to cost twenty or thirty millions, and hire a few thousand men at high wages. That's not bad politics.

The government learns that taxes on sales of jewelry haven't been paid. Careful watch is being made, "also with regard to household furniture, libraries and musical instruments." Could you imagine anything more barbarous, more worthy of a Congo savage than putting a tax on the sale of household furniture, and especially on the sale of libraries and musical instruments?

Why not tax a child two cents every time it says its prayers? Reading a good book or hearing good music is the next best thing to praying.

FATHER AND SON BANQUET COMING

Preparations are being made for an observance of Father and Son Week but on account of pre-arranged meetings the banquet will not be held until a later date, probably during Thanksgiving week—a strong committee has been named to have charge of arrangements.

The committee consists of the following: K. A. Miller, chairman; C. M. Quickeall, Roy E. Cannon, Rev. A. S. Histy, Rev. E. D. Blackman, Rev. D. Q. Barry, Rev. H. R. Gebhardt, Dr. Frank Peak, George F. Honey, H. L. St. Clair, C. J. Lundquist, Oscar Johnson, Ed. Rusher, Mark Nickerson.

Governor Pinchot explained that the new wage award to miners must be carried by the operators and that coal prices to the public must not be raised. What were you paying for coal three months ago, and what is the price today?

GRESHAM HIGH WINS 12 TO 6 OVER MOLOLLA

Gresham came home with the bacon last Friday from Molalla with a 12 to 6 victory. The local football team found a hard fighting team awaiting them.

Molalla scored a touchdown in the first three minutes of play and went down within a yard of goal for another but Gresham's famous bulldog fighting spirit stopped them. From then on until the finish Gresham constantly threatened Molalla's goal.

Henry Lunday was back into the game again. Just before the final whistle blew Guerny Wood intercepted a forward pass and was galloping madly for another touchdown when the gun went off.

Gresham has won three games and lost three, with a percentage of 500.

The school has the best football team it has had since the famous old 1919 steam roller, composed of such stars as Joe Peak, Ed. Strong, and Emmet Welling. The school is proud of the present team.

Today the team has gone to Hood River for the big game of the year. Coach Nofstinger says he will be proud of the boys if they hold them down to touchdowns. A fairly large company of enthusiastic students will accompany the team to give inspiration and fight to the boys.

For the evening service the subject will be "The Potter's Wheel." A portable movie machine has become available for the use of the church through the courtesy of the Rev. F. M. Jaaper. It will be used as occasion permits. A fine reel on the making of pottery will be run at the close of the evening service.

The choir will sing at both services. They have prepared, "Thy Way is in the Sanctuary" for evening. Leslie Walrad and Oliver Gill will sing at the morning service.

The Epworth League enrolled about 30 last Tuesday evening with 40 in attendance. The sessions will be held on Tuesday and Friday evenings of next week. The lectures given by Dr. Pratt on the Book of Romans will be very helpful to any one who may wish to hear him. His class is scheduled for 8:10. The classes are still open for enrollment and the young people are urged to attend every session. A social hour will follow the session this evening.

The new linoleum in the vestibule and the window shades in the basement are the gift of J. E. Metzger, genial house furnisher of Gresham. Of course all say "Thank you."

COMMENDABLE PLAN; OUGHT TO BE EMULATED

Children of Douglas county schools have undertaken to obtain from the pioneers of that section the facts of local history that are not yet reduced to writing. The movement to assemble in permanent form valuable unwritten history and legend of the one-time frontier is sponsored by the extension division of the University of Oregon. Following Douglas county's lead, other communities are expected later to get the facts in their respective sections.

According to the plan outlined by the extension division, grade school students will obtain the material after consultation with their instructors. Articles on the first schools, the first churches, Indian legends, early stores, early roads, interesting and picturesque characters of the early communities, and similar material will be sought after by the youthful historians.

Articles having the most merit will be published in a special number of the Extension Monitor, the journal of the extension division.

Some of our correspondents and readers forget that Friday's Outlook goes to press a little before noon on Friday. This is in order to get the papers for Portland distribution, which includes Fairview, Troutdale and Corbett, in the noon mail from Gresham. In this way a more certain delivery on Saturday of papers for these localities is secured.

Don't get depressed if some one thinks you are too insignificant to be noticed. Bankers, business men and cotton growers are trying to arouse the whole nation to cope with the little bollweevil. Even an insect can make an impress on the world if it does its bit efficiently.

Additional Gresham Locals

A unique entertainment, "The Woman with 100 Pockets," is being planned by the W. C. T. U. for next Friday evening, November 23, in connection with a social at Metzger's hall. Refreshments may be procured if desired, and a splendid program is being planned, which will include an address by Police Chief Jenkins of Portland and musical numbers by his police band. Besides these there will be numbers by local musicians. The full program will be published in the next Outlook.

At the meeting of the Woman's Home Missionary society last Wednesday it was decided to meet on November 24 to pack the barrels for the Portland Settlement Center. The work will be done at the home of Mrs. T. R. Howitt and donations are solicited of clothing, fruit, vegetables or anything of use in the work. A fine program was provided Wednesday under the direction of Mrs. A. S. Hisey.

Mrs. P. A. Gould, who has been ill for the past week or two, is much improved.

County Agent S. B. Hall has arranged for a demonstration of potato grading under the new law to be given at the Gresham Grange hall on next Tuesday, November 20, at 2 o'clock. Federal Inspector Ringer and State Inspector Johnson will be present to conduct the demonstration. They will be provided with several sacks of potatoes on which to work.

Search is still being made for the person who passed a worthless check at the Wack & Company store two weeks ago. The check was given in payment of a coat and dress purchased in the store, and amounted to \$41. It was written on the First State Bank and signed by a man giving his name as Price. The garments were for his alleged wife, who was with him.

Program to Be Given at Lynch.

Dainty little Hazel Smith, and Dale Forner, another charming little girl, will be featured in an aesthetic dance Friday night, November 23, at Lynch school under auspices of the Lynch Parent-Teacher association. A special number will be given by Donald Confrey, a pleasing young chap, well known for his ability in putting his work over the footlights; besides other numbers, it is said "The House of Mystery," a one-act comedy, which has been in course of rehearsals for some time, is sure to register a hit. This is the first of a series of programs outlined for this winter by the circle, and a large crowd is expected.

LADIES WILL HAVE MITE BOX MEETING

A meeting of unusual importance will be held at the Baptist parsonage on next Tuesday, November 20, when a noon luncheon will be served by the ladies of the church. All ladies are invited to attend and to bring their mite boxes. The meeting will be in the nature of an echo luncheon, when Mrs. W. B. Hinson of the East Side Baptist church will give a report of the "Barnacle Luncheon" recently held at the White Temple, when there were present missionaries from Africa, India, China and South America. A cordial invitation is extended to all women of the church and society to attend.

THE GREAT FALL SPORT

The son of the former kaiser, once Crown Prince, has obtained permission to leave Holland. The dispatch says that he is talking of a trip to Switzerland "to enjoy the winter sports."

Germans, wondering how their children will be fed this winter, will read that with interest.

Cleveland, has, out of the generosity of his heart, constructed more than 600 feet of concrete sidewalk along Main street from Division to the High school building, thereby providing safety for the students in going to and from school, thus relieving them of the necessity of traveling on the pavement which is often times congested with traffic; therefore be it
