**What is Impossible?**

During the Great War we Americans raised in two years over 24 billions of dollars in bonds and meanwhile paid very heavy taxes and met a thousand other war demands!

In the light of this great undertaking will some one please point out just what is impossible?

This huge achievement was the collective work of individuals. With hard work and thrift we, as individuals, can overcome every difficulty and in time can command a bank balance that will give us mastery of our souls.

Pension Yourself. Save \$200 a year for 20 years and you will have \$6,194.00.
