Ford Trucks Are Bought On Performance Records

If you were to ask a hundred-or-a-thousand-Ford truck owners why they use Ford trucks, in preference to all others, they would likely say, "Because the Ford stands up."

They know that under the endless grind of daily ser-

vice the Ford stays on the job month in and month out, with very little mechanical care, and with practically no expense for repairs or replacements.

They would emphasize the work this truck does, not its initial cost.

Ford Trucks can be bought through the Ford Weekly Purchase Plan.

On Thanksgiving

We are thankful— That America stands united and powerful; That brave hearts and broad oceans guard us from any foreign danger; That education, equal rights and democracy find free expression here; That opportunity lies on every hand and every man has a chance to advance; That practically every man has work, good wages and a chance to save for the future; That an American dollar is worth a dollar and when we earn one we have something better than a bale of European paper money.

"The true secret of success is Thrift, and principally as applied to saving." —Sir Thomas Lipton.
