## Ring Out the Old Ring in the New

This is the dawn of a new YEAR—a day to make new resolutions—to turn over a new leaf.

Nothing is finer at this season than for us to study our faults and determine to overcome them.

Are we getting ahead? If not—WHY? Surely we can locate some pet extravagance that is a material cause in "Keeping us down."

To save is hard—but only the man who does so—WINS.

## The New Touring Car

\$295

F.O.B. DETROIT

### A Striking Value—at \$295

Considering the improved appearance of the new Ford Touring Car, one would naturally expect a proportionate advance in price.

Larger scale production, however, has made it possible to incorporate in this new type touring car a number of decided improvements without increasing its cost to the purchaser.

A comparison extending over a long period of years will reveal the fact that the present price is actually the lowest at which the five-passenger open car has ever been sold.

The Ford Touring Car stands today, as it always has, a most remarkable value in the motor car field.

This Car can be obtained through the Ford Weekly Purchase Plan
