

GRESHAM OUTLOOK

Published every Tuesday and Friday at Gresham, Oregon, by the Outlook Publishing Co., H. L. St. Clair, Editor and Manager.

One year, \$1.50, six months, 85c, three months, 50c. Combination rates with all the Portland Dailies.

ADVERTISING Rates reasonable. Our representative will call. Official paper of the Town of Gresham. Official paper of the Town of Fairview.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

One hundred and three high schools were represented by 356 delegates at the recent convention of Oregon high school press association and association of student body officers held at Eugene under auspices of the University of Oregon.

Electricity Aids Efficiency. Development of the electrical industry is making rapid progress with the tangible result of greater accomplishments with less labor.

One big item to the credit of the engineers who have evolved labor-saving applications of electricity is that people who use such electrical devices do not have to understand the technical features of the process.

It is not at all surprising that the cost of the service is held secondary to the quality of the service of electricity. But since electricity increases the amount of work accomplished without increasing the cost its appeal is universal.

HENDRICKS IS EDITOR; ACKNOWLEDGMENTS MADE

The Outlook office acknowledges receipt of the January 4 issue of the Whipple Echo, published at Whipple, Arizona. It is the official publication of the patients at the U. S. Veterans' hospital at Whipple and Curtis Hendricks is managing editor, an office which he had just entered upon with the new year.

The fact is stated that there is a patient population at Whipple of 527. There are 23,028 veteran bureau patients in the United States.

Curtis is well known here and the Outlook and all his many friends will wish him success as an editor and restored health.

The same issue acknowledges the receipt of Christmas remembrances from various organizations in various states. Under Oregon mention is made of the American Legion Auxiliary at Gresham, also the W. C. T. U. and Eastern Star lodge of Gresham.

Neighbor Offers Tribute. Gresham, Ore., Jan. 17, 1924.—Editor Outlook:—A good man gone to his reward.

In the passing of Henry Troge, whose death occurred January 11 at his late home in Pleasant Valley, the community and state has lost a good citizen.

Mr. Troge was a kind husband, a good father, a true friend, an obliging neighbor. In his many acts of kindness and philanthropy he added to the sum total of human joy and comfort and were everyone to whom he did some kindly service to bring a blossom to his grave he would sleep today beneath a wilderness of flowers.

Of Henry Troge it can truthfully be said "Well done good and faithful servant." Volumes of encomiums could express no more.

Mr. Troge was born in Germany almost 70 years ago and came to America in his early youth. He has been a resident of this community for nearly half a century where he owned and operated a farm. In 1918 he built a splendid home on Foster road near Sycamore station, and retired from active work on the farm.

G. N. SAGER.

Tips for Taxpayers.

No. 4. In making out his income-tax return for the year 1923 the business man, professional man, and farmer will be required to use Form 1040, regardless of whether his net income was or was not in excess of \$5,000.

The smaller form, 1040A, is used for reporting net income of \$5,000 or less derived chiefly from salary or wages. All items of gross income must be reported. In the case of a storekeeper gross income usually consists of the gross profits on sales, together with income from other sources.

The professional man, lawyer, doctor, dentist, must include all fees and other compensation for professional services. The farmer must report as gross income the proceeds of sale or exchange of products raised on the farms and the profits from the sale of products purchased by him and resold. He must also report gross income from all other sources.

Taxpayers, in order to take full advantage of the deductions to which they are entitled, are advised to study carefully the instructions on the forms under the head "Income from business or profession."

This is a good time of year to clean up the odds and ends and get track of the little things you will soon need in your work. Consult the classified column.

Idle Acres Yield No Profit

PROFITABLE crops should be growing on that un-cleared land of yours—productive instead of idle acres. And blasting stumps is now much cheaper and easier.

Pacific Stumping Powder is clearing land quickly and cheaply for the ranchers around here, because there are about 142 sticks of 1 1/2" x 8" of Pacific Stumping to the 50-pound case. You will get one-half more sticks for each dollar spent for explosives for land-clearing when you buy Pacific Stumping. It has the same strength as other standard stumping powders. There is no danger of its freezing, nor does Pacific Stumping cause headache from handling.

Let us supply you with explosives this year. We carry large stocks of du Pont dynamites for all blasting purposes on the farm. Tell us your job and we'll tell you the cost.
