**20th Century Grocery**

February first this new 20th Century Warehouse will be ready for business. It is located on the block bounded by East Third and East Second, Pine and Ash Streets.

The main floor covers 20,000 square feet, is 130 feet by 150 feet with annex 30 by 50 feet. It has railroad trackage both on Second and Third Streets. Doors are large enough to permit two of the largest trucks to drive in at the same time side by side. In fact every possible economy has been or will be installed to handle food stuffs. The building is of solid concrete, well lighted so that in the matter of sanitation it is the latest, best, thought.

Our stock of merchandise, around \$100,000 on the West side must be moved, and it is our thought that at this time, rather than move this from one warehouse to the other, we will hold in all 20TH CENTURY STORES
