"I cleared my land at lower cost by using PACIFIC STUMPING"

"ACRES of land now in profitable crops where nothing but stumps grew before—that is what Pacific Stumping did for me and did it at lower cost." Many ranchers around here say this from actual experience. Pacific Stumping gives you one-half more powder for your dollar—shoots stick for stick with any standard stumping powder, but you get 142 sticks of Pacific Stumping as against 100 sticks of the others. It will not freeze or give you a headache from handling. We sell Pacific Stumping and other du Pont dynamites. See us before buying your next supply.
