Convinced that highway advertising signs detract from the natural beauty of the great routes of travel of the Pacific Coast, this Company has decided that it will erect no more such signs and that it will immediately remove all of its signs of this nature now standing. Hereafter the Company will confine its use of signs to commercial locations.

The Company feels that the splendid scenery so characteristic of nearly all of the highways of California, Oregon, Washington, Nevada & Arizona should be unmarred, and on that account is willing to sacrifice the advertising value of the signs.

An Interesting Talker

Do you remember the old song: "If you haven't any money, you needn't come around?"

It will always be true. The world loves success. And if you have savings of your own they will make many friends for you. Money talks.

Right now, as little as one dollar will make a big noise for you at this bank. This amount will open a savings account here. Get started, that's the main thing. It's surprising how quickly dollars add up once you get started.

Call and let's get acquainted. If requested we will suggest a savings plan for you. Your money will earn interest. You'll be happier, every way, for having started.
