GRESHAM LOCALS

Emmet Wold of the U. S. S. Oklahoma at Bremerton, Washington, spent several days visiting with his sister, Miss Mary Wold, and other relatives here. He has returned to his ship.

Word has been received of the birth of a son to Mr. and Mrs. John Honey of Portland last Sunday, March 9.

Mrs. M. D. Kern had the misfortune to break her hip one day this week. The accident occurred when she fell in a faint. She was discovered by Mr. Kern lying on the floor in an unconscious condition. Mrs. W. R. Kern of Mt. Angel is caring for her temporarily.

A meeting of special interest to Eastern Star members will be held at the Masonic hall on Tuesday evening, March 18, when Bethel No. 3, Job's Daughters of Sunnyside will exemplify the work. All chapter members are invited.

Miss Florence Honey writes from Ningpo, China, that she has taken up her regular work of music instruction in the girls' school at that place. She has had a most interesting trip. She was met in Shanghai by Miss Edna Shoemaker and another friend and also received while there a written greeting from the girls of the school to which she was going.

The S. & S. circle of the Methodist Ladies' Aid will meet on Wednesday at the home of Mrs. H. J. Pulfer for work. A full attendance of members is desired and all women of the section are cordially invited.

A committee consisting of the Rev. and Mrs. S. F. Pitts, Mr. and Mrs. H. C. Larsen and Mrs. "Bud" Williams went to Silverton on Wednesday to inspect a community hall at that place. While there they witnessed the fatal airplane dive in which two young men of Silverton lost their lives.

Frank Jones is overhauling the cottage of Milo C. King recently moved back from Main street on account of the pipe line right of way. The building is being enlarged by the addition of two rooms and front porch. Mr. King was paid over \$2000 for the portion of his three acres sold the city of Portland for the new pipe line.

The S. E. Circle of the Methodist Ladies' Aid will meet on Wednesday, March 19, with Mrs. A. S. Hisey. The Dorcas Circle will meet on the same afternoon at the home of Mrs. D. E. Towle. Both groups of women will spend the afternoon working. A food sale will be held on the first Saturday in April by the S. E. Circle at the A. W. Metzger store.

P. F. Black and family, who moved to Portland a few months ago, have returned to Gresham and will occupy Mrs. W. W. Cotton's house on Hood avenue and Fifth street.

The regular meeting of the Parent-Teacher association will be held on next Monday evening, March 17, at the schoolhouse. An effort is being made to secure a motion picture machine with educational films for that occasion. Two or three good musical numbers will be given. All who are interested in the grade school pupils and their work are urged to attend.

PLEASANT HOME

The following announcements are made for the Pleasant Home M. E. church. The Sunday school meets at 9:50 to 11:30 as announced two weeks ago, (this was a misprint). The church service begins promptly at 11 a. m. with the first stanza of "Holy, Holy, Holy", congregation standing. There will be a five minute message from one of the "Broadcasters" on some phase of the World Service program. This will be followed by a sermon from the pastor on the subject, "Partnership With or Enmity Against God." The choir will sing, "We Walk by Faith."

The Mother-Teacher Training class will meet Tuesday at 2 p. m. under the leadership of Mrs. Alta Gentry.

The choir meets for rehearsal Wednesday evening at 7:30 o'clock. All rehearsals from now until Easter will be of importance to every member of the choir.

On Thursday evening, March 20, there is to be training class for World Service workers of the whole parish at the Gresham church. This is the meeting at which we are to get a clear understanding of what we are to do in the World Service canvass.

The Epworth League meets Sunday evening at 7:30 with Mrs. Gentry as leader.

Boring M. E. Church Announcements.

The Sunday school seems to be the strong organization of the Boring church and well may be for its work is perhaps the most important, says the Rev. E. G. Ranton, pastor. The average attendance for the last three or four weeks has been about sixty. There is still room for a few more. The sessions open at 10 a. m. each Sunday. The evening preaching service opens at 8 o'clock. There was room for many more than attended last Sunday, but the service was felt to be a profitable one for those in attendance. The subject of the sermon for next Sunday evening will be, "The World Program of the Church."

To Help Farmers
 By C. E. Spence, State Market Agent.

"You fellows don't make any money. You don't buy anything from me except overalls for yourselves and Mother hubbards for your wives. You don't buy any furniture except the cheapest. You don't buy kitchen utensils except tinware. The only way I can make any money is by buying up mortgages on your farms and foreclosing on you, but I don't want to make money that way. I want to make money as a square merchant and I can't do it unless you fellows are making it."

This was the opening talk at a big cooperative meeting in California by one of the big merchants in Fresno, and then he told the growers if they would organize right and dig in to help themselves, he would put every dollar he had in the world behind them.

The interests of the farmer, merchant, banker, lawyer, teacher and worker are closely allied. When the producers are prosperous the other interests are certain to be. Oregon needs business men like this Fresno department store proprietor to walk into the cooperative movement and help put it across.

If all the cattle in Oregon were marketed through one big cooperative selling association, the stockmen would be placed on an even basis with the packers in the fixing of prices. This plan has been worked out with wonderful success in some of the middle west states, and the official reports are on file in the state market agent's office. These stock growers operate their own stockyards. They control the stock all the way through.

The margin between the flour price and the bread price, for a barrel of flour, has spread from \$10.40 to \$18.30, while the price of wheat to the grower is below the cost of production. The department of agriculture states that a pound of bread that cost the consumer 5.3 cents in 1913, in Minneapolis, now costs 9 cents, while flour which was \$4.43 a barrel in 1913 is now \$6.89 from the makers.

St. Patrick's Day

—is celebrated all over the world by the sons of Erin. St. Patrick did a fine thing when he drove the snakes out of Ireland.

That was long ago. What we need is some modern St. Patrick to drive WASTE out of America and establish the habit of THRIFT.

Our people are wasteful of both time and money—this is the basis of most of our troubles.

This bank is doing all it possibly can to stimulate its patrons to save more—waste less—and thus win the great permanent rewards of life.
