

ANNUAL BUSINESS MEETING OF BERRY GROWERS HELD MONDAY

Two meetings of importance to a large number of berry growers of this vicinity were held this week, one being on Monday, of the Berry Growers Packing company and the other on Wednesday of the Cooperative Berry Growers. These are interlocking organizations composed of the same people and under the same management. The former is a corporation acting under the laws of the state of Oregon for such organizations. As such it is better able to handle the packing and selling end of the business than could the cooperative group.

At Monday's meeting W. D. Fraley and C. T. Ryan were elected directors. The berry growers on Wednesday ratified this election and organized the board by the election of C. M. LaFollette as president, W. D. Fraley as vice president and C. B. Green as secretary. D. E. Towle was named as manager-treasurer and J. J. Fisher as superintendent and assistant manager. All these officers have been with the company since its organization.

At the Wednesday's meeting of the officers and directors elected for the corporation were elected for the cooperative organization.

Detailed reports of the year's business have been furnished to all members. The total amount of business was \$265,000 and 1350 tons of berries were handled.

The outlook for the fruit organizations was considered good. Reports of progress and matters of interest to the members will be given from time to time through the columns of the Outlook.

That the squirrels gathered a large bunch of nuts and then we had such a mild winter.

That W. D. Fraley is a very fair and just presiding officer.

That N. P. Nelson wants every member to boost for his business.

That Mrs. Fred Lehman read Jeff's treatise on cooperation just at the right time.

That the members all like to read the Outlook even if it is republican.

That there was harmony in heaven after Lucifer resigned.

That Towle thinks he knows a lot when he can think of it but sometimes he can't think of it.

That Vess Hall thinks if you keep the vents open, earthquakes can be prevented.

That Steve Roberts sat still and absorbed it all, so did E. P. Schedeen.

Mayor Miller Urges All to Cooperate in Clean Up

TO ALL GOOD CITIZENS OF GRESHAM:—

The outward appearance of our city has much to do with our own mental, moral and material welfare and the reputation we hold in the minds of visitors and people generally.

A clean city is the pride of its citizens and makes a favorable impression on all who come within our borders. The clean-up campaign should be continuous throughout the year but there comes a time when special attention should be called to this need and when the city council offers its assistance.

The council has designated the early part of next week, April 14, 15, 16 and 17 as a clean-up period when stuff to be hauled away may be placed in sacks or boxes at the curb to be hauled away by truck furnished by the council.

Arrangements are made for the truck to begin hauling on Thursday the 17th. It is quite necessary, therefore, that all be ready so the truck can make its pick up when passing along a certain street.

It is earnestly hoped no one will miss this opportunity to cooperate with others and with the council to make Gresham a cleaner city.

K. A. MILLER, Mayor.

R. C. HOLMAN FILES FOR COUNTY COMMISSIONER

RUFUS C. HOLMAN

Yielding to the strong and insistent appeal of many friends in this county Rufus C. Holman has decided to run for office of county commissioner. He is a republican and served the county as commissioner for ten years previous to two years ago. During his administration the Interstate bridge was built with great credit to those who had it in charge.

Mr. Holman evidently regards the spending of five million dollars of the tax payers' money for the three new bridges as the most important work of the county commissioners in the near future and he will make his campaign on his long experience and record of honesty and economy in connection with the building of the Interstate bridge, a work of about the magnitude as that now contemplated, and also on his record of efficiency generally.

Mr. Holman's present slogan will be, "Will build city bridges as the Interstate bridge was built."

In stating his attitude Mr. Holman says that he will respect his oath of office as a binding obligation and the citizens of Multnomah county and will hold it inviolable. Says he: "I will be loyal to the public interest and give the county administration all the energy and whatever talents I possess. I will give the same diligent care and attention to the building of city bridges, and all other county business, that I gave to the economical construction and successful operation of the Interstate bridge. I favor departmentizing county government as a means of fixing responsibility. To administer honestly and reduce taxes will be my first charge."

Volunteers have circulated petitions and obtained many signatures favoring Mr. Holman's candidacy and many influential friends have urged him to take this step. He is a native Oregonian, his people being pioneers of 1852. Mr. Holman is in the prime of life, is a successful business man, has the courage of his convictions, and it is certain his experience would be a great asset to the county in the present crisis. Mr. Holman was not only county commissioner for 10 years but during the same period of time was on the Interstate bridge commission, the only member to hold that position for so long a time.

HIGH SCHOOL JUNIOR WINS SECOND PRIZE

Word has been received from Oregon Agricultural college that Gertrude Sharkey of Gresham won second place in the contest sponsored by Oregon State chapter of Sigma Delta Chi, professional journalistic fraternity at the Oregon Agricultural college.

Prizes were offered to the high school students writing the best articles about the recent educational exposition, and published in a local paper. Homer Richards of Salem high school won the first prize, and was awarded a silver loving cup. Miss Sharkey will receive a fountain pen.

The judges considered the story written by Miss Sharkey to have good merit. A clear idea of the exposition as a whole was given. From the standpoint of purely journalistic writing, the article winning first place excelled, however.

NOTICE TO VOTERS.

All citizens of Multnomah county east of Portland who have not registered or who have changed address since last voting should call at the office of John Brown, registrar, in Gresham, and register before April 15, in order to vote at the primaries on May 15. Those who are already registered and voted at recent elections do not need to register.

Record in Ford Sales.

Retail deliveries of Ford cars and trucks in the United States during the month of March reached the record breaking total of 205,735, it has been announced by the Ford Motor company.

Nothing in the history of the automobile industry compares with this remarkable record.

A significant feature developed during the last ten days of the month when sales averaged 10,804 cars and trucks a day, indicating that the spring buying rush has begun and that under this enormous demand production of the company will be taxed to the limit in an endeavor to meet the heavy flood of orders.

THINK!
