The dealers listed here protect their customers by selling Red Crown gasoline, which because of the exacting production standards maintained by this Company, is uniformly reliable always and everywhere.

Protect your car by patronizing the dealers who protect you. You'll never have to drive very far to find a red, white and blue Red Crown sign, and your car will run better and farther if you let nothing go into your fuel tank except clean, reliable "Red Crown." Quick on the start, prompt on the pickup, economical on the long run—"Red Crown" has all the qualities you demand of a motor fuel, and has them uniformly.

Incidentally, it's worth reflecting that the garage man, service station, or other dealer who refuses to let his customers take chances with inferior or unknown motor fuels, is likely to be equally responsible and reliable if your car needs inspection or repairs.

Look for the Red Crown disc and the red, white and blue pump—the two signs that identify a reliable dealer.

Is your property holding its own?

—Or is it showing signs of surface "breakdown" because of lack of paint protection?

Only by fortifying your property with paint can it be made to hold its own against the continuous weather attacks of all seasons.

And, after all, good paint is the cheapest to buy. We carry Rasmussen Paints and Varnishes for both exterior and interior purposes, and recommend them as the best for you to use.
