Stump Acres Earn No Money

UNCLEARED land will "eat its head off" in taxes and in the loss of crops you could produce on it. Stumps don't earn anything—they're "squatters" and should be replaced with crops.

The lower cost of clearing land with Pacific Stumping is shown by the increase in the number of ranchers in this neighborhood who are using it today. It shoots, stick for stick, with any standard stumping powder, but you get one-half more sticks for your dollar. Pacific Stumping does the job right—more land cleared at less expense. And Pacific Stumping does not freeze or give a headache from handling.
