The Citizens' Transfer & Storage Company of Tucson, Arizona, operates a fleet of eighteen trucks in local and long distance hauling. Zerolene is used exclusively.

ZEROLENE succeeds "EASTERN" and lubricates better

With the passing of the superstition that there is something mysteriously "better" about eastern oils, just because they cost more, Zerolene sales have increased seven-fold in the last seven years.

The following extract from a recent letter written us by the Citizens' Transfer & Storage Company of Tucson, Arizona, has some bearing on the reasons for this increase:

"Previous to using your Zerolene oils we experienced considerable trouble with eastern oils, which were much higher in price, and we found not suited to our use. We have used Zerolene oils and greases for the past five years. Our equipment (18 trucks and 2 passenger cars) is operated continuously throughout the year and the maintenance has been confined to keeping it supplied with the proper amount of oil and grease; bearings have required only reasonable adjustment after long intervals, and no replacements. We were well pleased with our recent quarterly check on the mechanical condition of our equipment, and knowing this condition to be maintained by the use of your oils and greases, we thought your company would be interested to know of our complete satisfaction."

ZEROLENE F for FORDS

—the Standard Oil Company's new improved oil for Ford cars "Feeds Those Oil-Starved Fords."

We believe that Zerolene will improve the gasoline mileage, reduce carbon deposits, and lengthen the working life of every car in which it is used.

Why pay tribute to a superstition? Insist on Zerolene even if it does cost less.

STANDARD OIL COMPANY (CALIFORNIA)

This booklet reports independent service tests of Zerolene made by a number of large users. Ask any Standard Oil Company sales representative or Zerolene dealer for a copy.

21 REGISTERED JERSEYS

Heavy Producing Register of Merit Cows, Silver Medal Herd Bull, Bred Heifer and Young Bulls.

The Jerseys are rich in the blood of that great sire Golden Glow's Chief and many of them have creditable show records and seven of the cows have medal production records. This is the top from the old "Ladd Herd," personally selected by Mr. Hogan. The cows were especially selected to make good in the dairy with ordinary herd care, the young bulls ranging in age from seven months up to serviceable age are from these cows and sired by the proven bull Pogis Oneida Chief that is included in the sale. The catalog, free for the asking, gives the details.
