

## MEMORIAL DAY SERVICES FRIDAY

Citizens of Gresham and vicinity will unite on Friday morning in doing honor to the soldier dead of the nation by holding appropriate Decoration Day exercises and by placing flowers on the graves of those interred in the Gresham cemetery. Services will be held in the Baptist church at 10 o'clock, when the Honorable Milton A. Miller of Portland will give the address. Following these services all will repair to the cemetery for the decoration ceremonies. The Women's Relief corps will conduct a service in honor of the unknown dead of army and navy and the members of the G. A. R. Post will decorate the graves of their deceased members. All arrangements have been made by representatives of the various patriotic organizations of the community and it is expected that all will attend the exercises in a body.

The local National Guard company has been ordered to attend the services in uniform and to assist. They will furnish color bearers and guards both for their own organization and color guards for the Grand Army post, also firing squad and bugler. The Rev. J. H. Wood is color bearer for the Grand Army post.

Attorney W. J. Cooper will preside at the services at the church. Following is the program:

- "Star Spangled Banner" by the audience.
- Invocation.
- Solo, Leslie Walrad.
- "Lincoln's Gettysburg Address," Miss Marie Bloom.
- Address, the Hon. Milton A. Miller.
- Solo, Miss Martha Hagberg.
- Reading, "Respect to the Flag," by Alvin Owsley, former national commander of the American Legion, Miss Rose Potter.
- "America."

At the cemetery the Women's Relief corps will decorate the mound to the unknown dead, a volley will be fired, and after the benediction taps will be played.

Members of the Women's Relief corps, the American Legion auxiliary and others who wish to assist will meet at the grange hall on Thursday afternoon at 2:30 to prepare the wreaths needed for the decoration. Those finding it convenient should bring a supply of cedar.

## JERSEY CALF CLUBS IN JUDGING CONTEST

Jersey calf clubs of Multnomah county will send judging teams to the Jersey judging contest to be held in connection with the first annual Oregon Jersey Cattle club chautauqua at the state fair grounds, May 28 and 29. One hundred Jersey club members from over the state will compete.

A purebred Jersey calf valued at \$150 will be awarded the highest scoring individual by Linn and Crandal, Jersey breeders of Salem. The Oregon Jersey Cattle club has appropriated \$100 to be divided into five prizes as awards for the best judging teams. All teams not winning prizes will be awarded \$5 to help defray expenses.

Rules of the contest are fixed by the Oregon Jersey Cattle club. Each Jersey calf club or each calf club having three or more members who own Jerseys may enter one team of three members. All Jersey calf club members may enter the contest as individuals. All contestants must be bona fide 1924 calf club members and have made at least one report to the state club leaders.

Requirements for the contestants are as follows: All members of a team must be members of the same standard livestock club. Each contestant shall place according to his judgment at least three classes of Jerseys. Four animals will constitute a class. The judges may call on any or all contestants for oral reasons. The person in charge of the team must hand to the superintendent the names of members of the team before the contest starts.

Teams have been entered from Multnomah, Linn, Lincoln, Polk, Marion, Washington, Tillamook and Lane counties. Other counties are expected to enter judging teams, according to L. J. Allen, assistant state club leader. As many as five teams have been entered by some counties and many individuals will enter to compete for the purebred Jersey calf. The contest will be held the morning of May 29. Provisions for camping will be provided for any one who desires to stay all night.

## NEXT FRIDAY'S OUTLOOK WILL BE ONE DAY EARLY

On account of Memorial Day coming on Friday next week the regular Friday's Outlook will be published a day earlier than usual. Correspondents and advertisers are asked to cooperate with the office in getting all needed matter in a day earlier.

## Legion Team Wins from Cascade Locks

The local American Legion baseball team emerged victorious in their game Sunday with Cascade Locks by a score of 14 to 4. Incidentally the Legion defeated Boring the Sunday before by the same score.

The game was a walk-away from start to finish and all of the local boys improved their batting averages at the expense of St. Martin, heaver for the Locks.

Stockton, old boy, threw a pretty game for Gresham, striking out 11 of the enemy and allowing them only 6 hits as against 9 strike-outs for St. Martin and 13 hits. Stockton also contributed in long distance swatting with 2 doubles and a single in 5 times up. Skarek pounded out 2 doubles and Hamlin 1. For Cascade Locks, Budd and Lankin each tripled to left field and only quick work by Southard robbed Budd of a homer. These two triples came in the same inning when Budd, first man up, knocked the ball over the fence and came to rest on third base, Stockton then struck out Hokum and Woodward and Lankin tripled to the same spot when Budd did. With Lankin on third base Stockton fanned Ahola for the third out.

Cascade Locks defeated Gresham earlier this year and came down here expecting to have an easy time. They started out strong in the first when Diffin singled, stole second, went to third on a passed ball and scored on a wild pitch, Stockton's only bad throw.

Gresham went wild however in their half of the first and scored 7 runs on 4 hits and 3 walks. Five of the 7 were scored after 2 were out. Before Cascade Locks had a chance to recover from the shock of the first frame the Legion pushed over 4 more runs in the second. The team batted clean around in both innings. The Legion batted in three more runs in the fifth making their total 14. The Locks scored one more in the fourth and two in the eighth.

No free passes to first were given by Stockton as against 6 walks by St. Martin and only 3 bases were stolen under the watchful eye of Frank Hamlin as against 10 thefts by Gresham.

Line ups were:

Gresham	Locks
Tiller	Diffin
Stillion	Ahola
Hopkins	Lankin
Stafford	Hokum
Stockton	St. Martin
Hamlin	Woodward, J. Beers
Skarek	Johnson
Lehman	Woodward, T. Budd
	Southard for Lehman.

Next Sunday the Legion will meet the Portland Wonders on Stapleton field at 2:30. A good sized and enthusiastic crowd of fans witnessed the game Sunday and indications are that a larger crowd will attend the game this coming Sunday.

As far as is known now Manager Addy will present the same line-up.

## LOOKOUT TOWER ON LARCH COMPLETED

Work on the Larch Mountain lookout tower has been completed, and A. M. Wilkinson, who has been employed on the project, has been transferred to the Little Sandy ranger station. Mr. Wilkinson spent the weekend in Gresham with his family.

The tower will aid greatly in the work of the ranger on Larch mountain. It supercedes a wooden structure consisting of a platform between two trees at a height of about 80 feet from the ground. The new tower is constructed of steel and is 18 feet square at the base and six feet square at the top. It is 95 feet in height including the cage at the top which is of sheet iron and glass. All the material was packed to the top of the mountain, the sand, gravel and cement for the concrete foundations being brought 11 miles from the Bull Run head works. The steel for the tower was packed from Camp A of the Bridal Veil Lumber company, a distance of two miles. Several weeks were required for the assembling of the material and only a few days for the raising of the tower.

The Larch mountain trail from Multnomah or Wahkeena falls is in fine shape and hundreds are now taking the hike, says Mr. Wilkinson.

Miss Mary Donnelly of McMinnville was the guest from Thursday until Sunday of Miss Lucile Wack.

**Window Cleaning**  
For expert window cleaning see S. Tajima, or leave orders with John Brown, Gresham, phone 2501.

Let me help you solve your painting problems. Todd, The Paint Man, Gresham, phone 1971.—Adv.

Success is not made by lying awake at night, but by keeping awake in the day time.

Those who say a thing can't be done are talking from experience.

## Diplomas Are Given Forty-Eight Students

Thirty-three girls and fifteen boys received their diplomas at the hands of W. C. Lawrence, chairman of the board of Gresham union high school last Friday night as a fitting climax to an impressive graduation exercise. Prof. S. M. P. Dolan of Oregon Agricultural college gave the commencement address instead of Dr. Edward H. Pence, who was detained by sickness in his family.

Professor Dolan took for his subject "Fair Play" and drew lessons from athletics and organized play which apply to many of the relationship of life. School athletics, he said, tend to develop high qualities of fair play and citizenship which will be valuable throughout life. He was listened to with the deepest interest and pleasure by the crowd which filled the gymnasium to capacity, many standing throughout the entire program.

Grant McMillan, a member of the graduating class, gave an oration on "Law and Order." The high school orchestra and glee club furnished the music for the occasion. Principal R. E. Cannon presented the class for graduation and announced the scholarships and honor students. Anna Nordblom was given a scholarship to Willamette University and Herman Walters one by the college conference representing Whitman college, Pacific University, Linfield College, any one of which can be chosen by him. The honor students included the ten who had won the highest scholarship grades and were as follows: Golda Adams, Mabel Jackson, Lillian LeKander, Mildred Metzger, Anna Nordblom, Alice Walker, Anna Hamilton, Valetta Macaw, Doris Zimmerman and Sigrid Alm.

**Class Exercises.**  
A large crowd listened to the class exercises on Thursday evening, which showed originality and skill in the presentation of numbers to an unusual degree. The program consisted of class history, prophecy and will, all carried out in a unique manner by various groups of students, and a delightful operetta depicting gypsy life was rendered by members of the class. Particularly amusing was the closing number, the expiring senior, surrounded by doctor, nurse, lawyer and his children, "Freshman," "Sophomore" and "Junior," and giving his last will and testament.

Much credit is due to Miss Miriam Inglis for the guidance of class activities. Miss Inglis came into the school as a new teacher four years ago when the present graduating class entered as students. She was made adviser of the new class and has held that position throughout the entire course. Her constructive influence has been much appreciated by the pupils and their parents.

## COUNTY AGENT CALLS FOR FIGHT ON EARWIG PEST

County Agent S. B. Hall is taking active steps to carry on the fight against the earwig pest and is calling on all owners or occupants of property to assist in locating and poisoning the insects. The young earwigs are now hatched and are beginning to feed, says Mr. Hall, and it is time to begin the work of efforts to exterminate or control them.

Arrangements have been made with the earwig campaign manager to furnish the poisoned bait already mixed for the use of persons in the county outside the city of Portland whose premises are infested with earwigs.

In order to organize the work so that material may be secured at the right time it is necessary that the names and addresses of all persons needing the poison be in the hands of the county agent. As these names are filed the county agent will notify all persons where they may secure the poison and will give full instructions for using it.

Mr. Hall urges immediate action on this matter by telephone or in person, so that the work may be rushed.

It is a worthy ambition to want to so live that you will be missed when you take your departure and not be of so little use that you will be wished out of the way.

The hair bobbing fad has become the most popular fashion of the day, but then its devotees should remember that the custom, like many other useful things, was started in China a decade or so ago.

The public service commission has withdrawn its order requiring the Pacific States Telephone company to prepare for the installation of measured telephone service in Portland.

President Coolidge has signed the new immigration measure which will go into effect July 1. It establishes new quotas for European nations but contains an exclusion clause against the Japanese. President Coolidge regretted this provision.

## Road Needs Is Topic Considered by Club

The need of assisting residents on Gresham butte to secure a suitable road as direct as possible to the top of this beautiful eminence, and accessible at all times of year, was one of the chief topics up for action at the regular commercial club meeting last evening.

R. F. Walters was present and told of the sorry plight he and others are in since the bridge across Johnson creek south of the schoolhouse was put out of commission. Their only outlet is an improvised one and round about.

There seems to be a question as to the ownership of the land used as a lane leading part way up the butte. It is believed to be privately owned.

It is suggested that Main street be continued across the Portland Electric Power company's tracks and a new road be opened around the butte, following the creek and coming out into the Shiller road as high up as possible and that from this a road be opened to connect with the present road to the Walters' place.

A committee was appointed to investigate the conditions and possibilities and asked to report at next Monday night's luncheon. The committee consists of B. W. Thorne, G. W. Stapleton, Will Metzger, A. Dowsett, and A. F. Hammar.

If a change in this road can be brought about it is believed it will benefit much property. The sides of the butte, especially the east and south sides, will, if made accessible, be used for residences.

The top is a fine location for farms and gardens. The soil is fertile and moisture is abundant. Incidentally, it is found to be fine for cucumber growing. Mr. Northrup last year won the pickle cannery's second prize on cucumbers. A larger acreage is being planted this year.

There was, in addition to the above, consideration of other road matters.

The following committee on road signs was appointed: J. E. Metzger, chairman, L. S. Ellerman, J. L. Stafford.

The following were appointed a committee on good roads: G. W. Stapleton, chairman, A. J. W. Brown, K. A. Miller, R. W. Hardy, L. L. Kidder.

## FIRST STATE BANK ENCOURAGES PATRIOTISM

The First State Bank is distributing a little pamphlet entitled "Flag Etiquette" which is quite interesting and instructive and shows how the flag should be displayed, used in parades, when and how it should be saluted. A large shipment of American flag outfits, consisting of a three by five foot flag, jointed pole, brackets and halliards, has been received by the First State Bank. These are furnished free to every new depositor opening an account of five dollars or more in the savings department. The flag is not a printed one but sewn and gotten up in the manner of the really costly flags, samples of which are on display at First State Bank.

These flags are not offered by the First State Bank merely as a means of inducing deposits, but for the purpose of securing names which are not already on its books.

There are numerous boys and girls graduating from our schools every year who should be acquainted with some good bank as it is to the bank that the employer goes for reference when about to employ clerical assistance and by becoming acquainted and making regular deposits, even though small, at a bank they are building up a credit which cannot be accomplished in a day or even in several months time, but by frequent trips to the bank that boy or girl's name is constantly before the bank officials and when opportunity affords they are always ready to recommend the boy or girl whom they have known for a long time and know them to have managed their own affairs in a manner in which the employer will expect them to handle his affairs, and finally when they are ready to engage in business for themselves they have unconsciously built up a credit which is not easily broken down. These are the boys and girls that the First State Bank desires to interest.

The matter of offering the flag free to these new acquaintances was thought to be the best means of inculcating thoughts of loyalty to country and real Americanism. Many are interested in the plan and will receive their flag before Memorial Day. A large number expect to have their flags ready for the Fourth of July parade at Gresham as the bank is offering prizes amounting to \$25 for best formation in the Fourth of July parade.

Master August DePaepe of Linne-mann station was the first boy to turn in the correct solution of the First State Bank Nest Egg Puzzle.

## Berry Growers Manager Gives Hints to Growers

The following letter has been addressed to the members of the Berry Growers association by D. E. Towle, manager, relative to the picking of strawberries and the conditions under which the red raspberries should be handled:

"There is a light movement of strawberries started and we note that the fruit is a little too green to command the best price for table stock, and as table trade is best at this time we think the berries should be more fully colored but firm. As we have told you, for barreling and freezing the berries should be fully ripe and delivered in cannery crates to prevent soiling shipping crates.

"Our coal man called today and offered us a substantial reduction on early deliveries, so we pass the word on to you and if you are interested, send us your orders.

"We have completed our arrangements for fresh red raspberry shipment in car lots and will ask the Outlook to print Mr. Hartman's article on the proper handling of cane berries to obtain best results. Please study this article carefully and keep it for reference as it contains much that is valuable to you.

"We have ordered an additional lot of growers' rubber stamp numbers with ink pads to mark your registered number on your crates. These stamps will be ready for delivery to you soon. Do not fail to call and get yours. We wish to suggest to the old members that they should look up their stamp numbers and if mislaid or lost they should order new ones at once.

"This new fresh berry shipping idea will make it necessary for us to provide field carriers to hold the 5 x 5 inch hallowcks that are used in the double deck shipping crate, as this is the only style crate we can use for long distance shipments in car lots. We are sorry this is necessary, but such is life, just one thing after another.

"If our shipping plans carry, all of our members living north and west of Gresham should provide these carriers as it is probable we will ask those in that part of the territory to pick for shipping in the double-deck crate. We have plans in mind of opening pickup stations north and west of Gresham that we will tell you about later."

The article by Professor Hartman referred to above on the handling of cane fruit will appear in Friday's Outlook.

**STORES CLOSED FRIDAY.**  
Friday, being Memorial Day, the Gresham stores will be closed all day.

## LAW ENFORCEMENT PLEA IS MADE BY GOVERNOR

The law enforcement plans of the Oregon Anti-saloon league were well explained by two prominent speakers at a general citizens' meeting in Gresham grade school Sunday evening. The cause was given hearty endorsement and a generous subscription was made to the work of the league.

The speakers were Governor Walter M. Pierce and W. J. Herwig, superintendent of the Oregon Anti-saloon league. Rev. A. S. Hisey, of the Methodist Episcopal church, presided and Rev. E. N. Long of the Free Methodist church, took part in the service.

The large auditorium of the new grade school was well filled and the response of the audience was hearty. The speakers said there was no question as to the loyalty of this community in support of the law enforcement program for the state.

Mr. Herwig, who travels all over the state and is well informed on the existing conditions, says the prohibition cause is facing a serious crisis. The work of the next few years will determine whether the Volstead act is to stand or fall, or be modified.

He outlined the insidious and persistent attacks and countrywide propaganda of the liquor interests, showing how their efforts were bent on creating in the public mind first a doubt, then an indifference as to the reasonableness and enforceability of the prohibition law. They were using every means possible to stage a "come back" for their business. They were enlisting and using all the forces of lawlessness. They were trying to win over the public press, the law enforcement officers and the law making bodies, both state and national. They were influencing the courts.

In view of these conditions the speaker urged an awakening on the part of the law-abiding citizens to demand the enforcement of the laws; to see that those in sympathy with enforcement were elected, and held to account if they violated their oaths of office.

## MEMBERS FORUM HEARS SPEAKERS

"Food, fun and fellowship" are the three "F's" that characterize the members' forum luncheons of the Gresham commercial club, the second of which was held last evening. There were about 70 members and guests present.

The hour and a half from 6:30, when chairman Ellerman's big gavel banged, to 8, when the last word was spoken, was all too short. The speeches were piquant, peppery, pointed and pleasing.

John T. Dougall, of Portland, chairman of the members forum of the Portland commercial club, was witty and inspirational in his remarks as he told of the purposes and benefits of the forum luncheons.

Judge Stapleton followed Mr. Dougall as a speaker and he followed if he did not equal the former in repartee. The judge had been asked to talk on the matter of securing paving for certain of the county highways and he made an informative report. He stated that he had information from the county road master, H. B. Chapman, that the hard surfacing of the two blocks on Powell street, recently repaired by the county, was allowed and provided for and work would begin in a few days. He also explained that the grading of the newly surveyed Mt. Hood loop road was held up on a technicality that was now in the courts for settlement. The decision in the circuit court was against the county. An appeal was taken to the supreme court where it has rested awaiting its turn. An effort will be made, it was said, to have it advanced on the calendar for a speedier decision.

Members of the ball team of Gresham union high school were honor guests and were feted at last night's luncheon.

W. C. Lawrence, chairman of the board, made a neat speech giving the phenomenal record of the team which in three years had lost only three games, one each year. They undoubtedly had won the title of state champions.

Mayor K. A. Miller spoke in appreciation of the achievements of the team.

Other good speakers are being secured by the committee for next Monday evenings members forum luncheon at 6:30 at Withrow's. Mrs. Withrow is prepared to handle 75 or 80 at these luncheons. It is necessary, however, to report the names to her, or to J. R. Martin of the committee, by noon on Mondays. It is apparently going to be quite popular for men to bring their wives to these luncheons.

An appeal was made for funds to carry on the work of the Anti-saloon league which met with a generous response.

Governor Pierce was given a hearty reception and his address, interspersed with many amusing stories, was both entertaining and instructive. He outlined the origin and incentives of our constitutional government and the liberties it guaranteed. He told of the added guarantees in the various amendments. He said the greatest experiment of the ages, in government, was being enacted. Can such a free government be continued?

The governor explained his statement recently made before the convention of district attorneys in Portland and told how it had been garbled in press reports all over the country. He said he was doing all in his executive power to enforce the laws of the state and would continue to do so.

The meeting Sunday night was one of the first of the kind held in the new grade school and many words in praise of the splendid auditorium were given by the speakers and persons in the audience.

**Law Enforcement Congress.**  
Special announcement was made of the Northwest Citizens' Law Enforcement congress to be held in Portland, June 3, 4 and 5, under auspices of the Anti-saloon leagues of Oregon, Washington and Idaho. The sessions will

Continued on page 3
