

GRESHAM OUTLOOK

Published every Tuesday and Friday at Gresham, Oregon, by the Outlook Publishing Co., H. L. St. Clair, Editor and Manager.

One year, \$1.50, six months, 85c, three months, 50c. Single copies, 10c. Combination rates with all the Portland Dailies.

ADVERTISING Rates reasonable. Our representative will call.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

The remains of a huge skeleton of a man, or man-like beast, have been unearthed in Serbia, said to indicate a being about 45 feet tall. Perhaps this is the "missing link." If so the link is rather long.

Everyone should take pride enough in the appearance of our city to want to make it look attractive to visitors at all times, especially on occasions when crowds visit us, as on the 4th and at fair time. Now's the time to get ready for the Fourth.

The boys who were in training camp at Camp Lewis are all back home and glad it's over. It was a strenuous two weeks, but that's what the fellows like. The Gresham company made a noteworthy showing. They report that at this season Camp Lewis is a dusty, dirty place. Wouldn't it be better if the boys went into training camp some other time of year? "But, of course," etc.

The need of a federal building in Gresham is growing more and more apparent. Gresham's rapidly growing postoffice business needs larger quarters. The national guard company needs a centrally located place for headquarters and equipment. The bill providing for this, with an appropriation of \$50,000, is still in committee. The need for its passage may not be a reason for urging a special session of congress but it is greatly hoped it will get favorable consideration when congress meets next December. Let's urge the matter with those who can help put this over.

Outcamping Walter Camp.

Mark down another victory for the radio. Thousands of good people are now arising at 7 a. m. New York time, lighting their bulbs, taking a deep breath and starting their morning health exercises, each movement to the rhythm of the piano and under the direction of a caelestic expert. It is guaranteed to remove the tissues from the obesity brigade and to build the tissues on any girl who resembles a yard stick. Truly the ways of the radio are mysterious and inspiring.

If there exists any power greater than the people's power, then what we call self-government is a joke, as when a farmer lets his baby "drive the horses," the farmer, however, holding the reins, while the baby only thinks he is driving.

Well thought out power to recall every one of their public servants, whether elected or appointed by an elected official, is what the people will have eventually. That will come when they really take an interest in their government and thus prove their fitness to govern themselves.

MILLER FOUND GUILTY IN AUTO ACCIDENT

Frederick L. Miller was found guilty by a jury last night of involuntary man slaughter in the second trial, the jury failing to agree in the first trial last April.

On January 23 Miller's auto speeding toward Portland on the Sandy boulevard near Fairview struck Mrs. Alma Hall, causing her death.

MOTHER OF WALTER LINN DIES HERE ON TUESDAY

Mrs. E. R. Linn of Newport, Oregon, passed away at the home of her son, Walter Linn, near Gresham, on last Tuesday, aged nearly 62 years. Death was due to cancer of the liver. Mrs. Linn had been seriously ill for the past ten week and three weeks ago was brought here for care. She was a native of western Canada but had lived in southern Oregon for a number of years. She is survived by her husband, of Newport, and on son, Walter, also by a sister, Mrs. Lonny Gates of Gilbert station and a brother in Canada.

Funeral services were held yesterday, the Rev. A. S. Hisey officiating. Interment was in Multnomah cemetery.

COTTRELL

Next Sunday at the Cottrell community church the Sunday school will meet as usual at 10 o'clock but there will be no preaching service. Those attending will bring their lunches and go to the bastimal services on the Sandy river.

The Ladies' Aid met Wednesday with Mrs. Al. Phipps. There will be no further meetings of the Aid until the first Wednesday in September.

BIDS WANTED.

For 100 cords of wood. To be delivered at the schoolhouse not later than September 8th, 1924. Bids to be in by 7 o'clock p. m. on July 1st, 1924.

Board reserves the right to cancel any or all bids. C. J. LUNDQUIST, Clerk, S. D. No. 4.

Your Money

Sometimes a bank is criticized for its conservatism in making loans.

Why is a bank careful? Simply because its money is your money. We have no moral right to be careless of funds entrusted to us. Our deposits represent the slender savings of little children; the estates of widows that must last them for life; the earnings of the laborer; the working capital of the merchant, and the profits of the farmer.

Every substantial loan made by this bank must be amply secured.

A conservative bank is the place to deposit your funds. This bank is conservative.

Timely Comments

By Arthur Brisbane.

The airship Shenandoah, sailing toward Albany, above the Hudson, last week, passed the Twentieth Century, the fastest New York Central train, coming from Chicago. The airship carried 120 human beings, the express train many more. The passengers on the fast train bent their necks looking upward, and thought how strange it was traveling up there in the air.

In a few years that well-appointed express train will be out of date as the stage coach is now.

The young Vanderbilt boys and Geo. F. Baker, real boss of the New York Central, would do well to begin planning now for transportation through the air. They have the terminals, can raise money, and should see the warning written in the sky by smoke from the exhaust pipes of the big flying ship.

The Agricultural Department reports the worst crops in many years. That's bad news for those who eat the crops, but may mean better prices for farmers not able to make a living recently.

The Chicago Board of Trade expects higher prices for grain, and with the wheat crop cut more than forty million bushels something ought to happen.

Federal District Judges Carpenter and Wilkerson set aside President Coolidge's pardon of Philip Grossman, in Chicago, denying the president's power in civil cases, and adding: "To allow such power to the executive is to strike a death blow at the independence of the judiciary."

That's a good saying and courageous. All federal judges depend on the president for appointment and promotion.

It's also a saying for the people to remember in case they happen, some day, to get rulers that represent them, and nobody else.

At present our system "Allows such power to the judiciary as to endanger the independence of the people." You see it when the casting of one single appointed supreme court vote, in the majority, has power to over-rule an elected congress. And when congress is ruled by a bare majority, in a court beyond the people's control, that is not democracy.

Farmers Mutual Fire Relief Assn. Forges Ahead.

The yearly report filed with the Insurance Department by the Farmers Mutual Fire Relief Assn. shows \$6,058,000, written during 1923 and 2210 new members gained. Losses paid, \$22,437,000; insurance in force, \$18,283,000. The Assn. also has a substantial cash balance. The low rate of 30c on all property insured by the Association will not be changed, which enables farmers to get adequate insurance on easy payments.

President Snashall reports the Assn. at the present rate of growth will shortly be the largest farmers Assn. west of the Rocky mountains.

Anyone wishing to insure will call on Mr. H. W. Snashall, Fair Grounds, Gresham, phone Farmers 2101.—Adv.
