

RADIO FACTS.

Few persons need to be told how rapidly radio is interpenetrating every part of our daily life. A writer has contributed to June Century a most comprehensive article yet written.

According to engineers of the Radio Corporation, 3000 manufacturers are turning out sets or parts of sets, 30 radio magazines have been started, 250 books have been written, 20,000,000 listeners constitute the present (spring of 1924) radio audience, and these spent \$175,000,000 on their hobby last year, giving employment in one way or another to 500,000 persons. There are 12 transoceanic stations, which communicate not only with Europe and Latin America but with 2700 radio-equipped ships.

Did you ever wonder—if some folks are as careless at home as they are in the woods?

NOTICE TO THE PUBLIC.

Notice is hereby given that Hogan road will be closed on Tuesday, July 15, and will remain closed until the completion of a fill near the Gresham Greenhouse, for approximately one month.

J. M. HILLYARD,
Road Foreman Dist. 5,
Multnomah County.

Cucumber Growers, Attention!

An insect is working on the young cucumber vines this year which is doing a great deal of damage. This insect is known as the "tarnished plant" bug, which usually does not injure cucumbers much; but this year, owing to the dry conditions, they are attaching themselves to the tender shoots of this plant, sucking the sap from the tips and retarding the growth very materially. It is important that these insects be killed; if not they will retard the growth of the plants several weeks and in that way reduce the crops.

To kill them the plant should be sprayed very early in the morning while the bugs are still on the vine. The spraying which should be used is as follows:

Black leaf 40, 1 ounce (2 table-spoonfuls).

Whale oil soap, 1/2 lb. (if whale oil soap is not handy use a less quantity of laundry soap).

Water, 12 gallons.

The soap should be thoroughly dissolved in the water before the Black Leaf 40 is applied. One thorough application will probably be sufficient to kill most of the bugs, if it can be applied very early in the morning, otherwise a second application may be necessary, according to S. B. Hall, county agricultural agent.

GRESHAM LOCALS

Mrs. O. A. Eastman and daughter, Miss Gertrude, and Mrs. M. E. Patterson have returned from Seaside where they spent a week. Mrs. Walter Winters spent a few days with them at the beach.

Miss Leila Gibbs of Bend, Oregon, is here for several weeks' stay with her parents, Mr. and Mrs. R. W. Gibbs. She was accompanied home by Mrs. Louise Morrison and son Billy of Fairview, who went to Bend before the Fourth.

Judge George W. Stapleton has been placed on the board of the National Maccabees Home in New Bethlehem, Pennsylvania.

Mr. and Mrs. H. C. Larsen expect to leave in a day or two for an automobile trip to southern California and Mexico. They will be accompanied by Mrs. Larsen's granddaughter, Miss Florence Hill. They expect to be away for about a month.

Mrs. Elton Eastman is enjoying a visit from her sister, Miss Miller of Bellingham.

Mr. and Mrs. Bruce Hoyt, Miss Mabel Michel and a friend from Portland are on an automobile trip north. They were in British Columbia when last heard from. They expect to be at home the last of this week.

Mr. and Mrs. Bern Shultz of Kansas City, who have been visiting with the former's mother, Mrs. E. M. Gilmore, have gone to Springdale for a visit with a sister, Mrs. S. M. Davis and family.

Mr. and Mrs. L. H. Eberhart of Seattle, cousins of O. A. Eastman, are here for the summer and have moved into Mrs. Cora Walker's house in Regener addition.

Mr. and Mrs. John Eberle have as guests for a few weeks Mr. and Mrs. Nora Bush and daughter Selma and Miss Marie Fetter of Napoleon, Ohio. The latter is a sister of Mrs. Eberle. They came by automobile and are enjoying the summer climate here to the full.

Walter Brown of Los Angeles is here for a two weeks' visit with his parents, Mr. and Mrs. John Brown.

Friends of Mrs. Myers, widow of the late Rev. R. E. Myers, will be pleased to learn that she is slowly improving at the Portland Medical hospital where she has been for several weeks. For a time it was feared that she would not recover.

Miss Olga Noreen is assisting in the First State Bank for the summer.

Mr. and Mrs. J. R. Martin left Monday by automobile for Seattle where they will sail for a two weeks' trip to Skagway, Alaska.

Joe Peak is spending his vacation working in the Aylsworth & Martin store.

Mr. and Mrs. Robert Leighton, son-in-law and daughter of Mrs. P. A. Gould, their two daughters and son, spent last week with Mrs. Gould and other relatives on their way home from the coast. Herbert Sheppard, a nephew of Mrs. Gould, his wife and their friends, Mr. and Mrs. Raun of Spokane, Washington, spent several days here last week.

Prof. and Mrs. Elmer F. Goodwin of Freewater were callers on Gresham friends on Friday. They are spending some time visiting in Portland.

Important Work on Hogan Road.
Work commenced yesterday under the direction of J. W. Hillyard, district road foreman, on a fill to be made on the Hogan road near the Gresham Greenhouses. The old bridge has been torn out and approximately 7,000 yards of dirt will be graded down from the road on either side and used for the fill. Drainage will be taken care of by an 18-inch concrete culvert under the road bed. The fill at the top will be 30 feet wide. It will probably be finished with gravel.

The new 75 h. p. caterpillar grading outfit, which was brought out of the shop a few days ago, will be used on the job.

The road will be closed for approximately a month on account of the work.

State Poultry Conference.
The State Poultry conference will be held at the Oregon Agricultural College under the auspices of the State Poultry association, July 23, 24, 25.

This promises to be the best and the most largely attended meeting ever held in the state. A number of the local poultrymen are already making plans to spend these 3 days in Corvallis. The county agent's office at Gresham is headquarters to arrange the excursion for those going by auto.

The poultrymen who are planning to make the trip are conferring with the county agent's office so that a large party can make the trip together.

Many topics of interest to the poultrymen will be under consideration, such as cheaper egg laying contests, cheaper egg production, disease control and other timely topics, which have their influence on profitable poultry production.

LEGION BALL TOSSERS WIN WIERD STRUGGLE

The Legion ball players certainly had their batting eyes clear Sunday when they defeated the Rose City Independents and their boy wonder, Friberg, 23 to 6. According to advance notices, sent out by members of the "alleged" team, the local players were to be shown no mercy and the game was to have been a walk away for the Rose City lads. Baseballically speaking, there was only one good inning of the entire game and that was the first when both teams went down, 1, 2, 3. In Gresham's half of the second they put over two runs on two hits and a walk and then with two down, Friberg filled the bases. Just at that time a young gent known as "Quizzy" stepped up to the plate and sampled one of Friberg's hooks, knocking it for a home run which would have been good in any league. The ball came down in the middle of the road and latest reports have it that a flock of boys are still looking for said ball.

Stockton pitched his best game of the year and in one inning sent the first three men to face him back by the strikeout route. Quizzy caught a beautiful game and three times caught base runners, at second, by a mile. In fact the whole team played a brand of baseball that is hard to beat.

Gresham piled up their lead early in the game and by the eighth the score stood 12 to 4. The real fireworks began in the eighth when the Legion team scored 11 runs and finally had to be put out because the scorer had no more room left in the score book.

The Legion team is composed of all local fellows and the team is going good, having won seven and lost four games but still the local people will not come out to the games. It seems a shame that a town the size of Gresham will not turn out more than 50 strong to a ball game and a third of those present, people who live in outside localities. Why not come out this coming Sunday and root for the boys, they know who you are and will appreciate it.

Manager Addy is trying to schedule a game with the Portland Colored Giants for Sunday, July 20. The plans are not complete and further announcement will be made in Friday's issue of the Outlook. The game will be called at 2:30.

BERRY INDUSTRY HERE KEEPS HUNDREDS BUSY

Continued from page 1

two actresses went into the berry fields Monday to earn a little experience and spending money between events in their line.

Strong's Berries Still Prime.

In H. W. Strong's berry fields of more than a hundred acres, the largest in the state and possibly in the world, the berries are of unusual size and quality and berries in the various stages of development are thick and of promising quality. The loganberries are just past the prime but the Cuthberts are said by Mr. Strong to be still increasing. Picking is good and from 400 to 500 pickers are busy there daily. Mr. Strong's pickers are many of them experienced families employed by him in former years. His camp is under the shade of the cherry and chestnut trees and is well-furnished and clean. His efforts to provide interesting amusements for his people is greatly appreciated by the scores who attend the programs in his auditorium one or two evenings each week.

Mr. Strong's fields have yielded so far this season 6,000 tons of red raspberries and 6,500 tons of loganberries. His entire crop is sold to a Portland packing company.

Others Handle Fruit of Section.

In addition to the Berry Growers and Mr. Strong who are handling an immense amount of fruit, H. E. Thayer, a private buyer with receiving station at the old feed mill of the A. W. Metzger company, is distributing berries and cherries from growers in the vicinity who are not in the cooperative association. There are still others who take their fruit directly to Portland to sell on the public market or to fruit products concerns.

Mr. Thayer is drawing an encouraging patronage and finds his location inadequate for the amount of business he handles. He has been shipping for about a month and has taken care of more cherries than any other crop. He is also buying red raspberries and loganberries. These products go to Vancouver, Portland and Hillsboro. He is receiving about five tons a day and the fruit is shipped out in the early evening or the night.

The finest ship of the British fleet and the proudest mountain of Oregon were named alike for Admiral Hood of the British navy. The Hood was 860 feet long and the swiftest of armored craft. Mount Hood rises 11,251 feet from a point near sea level and, though not the tallest, is the most distinctively formed mountain in America. The National Geographic Magazine in its last issue for the peculiar banner-like cloud that often hoods its summit. It is strange to find inaccuracy in a publication so uniformly informed as to matters geographic.—Oregon Daily Journal.

THE AMERICAN FLAG represents our nation and all that lies within its borders. It represents the American people, what we are—it is—

There are 110,000,000 threads in the flag. One represents you. It is a strong and firm thread or it is weak and unable to stand a real strain, depending for strength on those about it. An account at First State Bank will help make the thread in the American flag that represents you one of strength and security, and a flag from the First State Bank will remind your boy or girl that to make their part of the flag strong it is necessary that they use some self denial and save something every day—every week—every month.

A beautiful flag outfit goes to every NEW depositor in the savings department making a deposit of \$5.00 or more.

NOW is the opportune time to open that account while the children are working during vacation and can obtain a flag without cost.
