**GRESHAM LOCALS**

Mr. and Mrs. W. R. Manley and little daughter Mary Winifred of Portland, visited one day this week with Mrs. Bruce Hoyt. Mrs. Manley will better be remembered as Miss Idylla Brownhill, daughter of Mr. and Mrs. Timothy Brownhill, former Gresham residents.

Claude and Elvis Stockton have each invested in a new auto of the late model Willys-Knight manufacture, procured through the local agency of Hessel Implement Co., the former purchasing a coupe and the latter a roadster. Both men are engaged in work on the new Masonic hall in Estacada, a brick and tile building 75 x 100 feet in size.

Mrs. A. Meyers and daughter Betty have returned from a California trip extending over several weeks.

A meeting of the Gresham grange will be held tomorrow night, August 9, at the grange hall, at 8 o'clock. An unusual program is being prepared by the lecturer, Mrs. H. A. Curry.

Mr. and Mrs. Frank Brown left yesterday for their home in Seattle, accompanied by Mrs. John Brown, the former's mother, who will visit for a short time.

Mrs. C. G. Schneider and son Robert are spending a few days at Twin Rocks visiting Mr. Schneider's mother.

Mrs. Eleanor Boughner has gone to Mt. Hood, Oregon, to spend several weeks with her daughter, Mrs. J. B. Montgomery and family.

Oliver Gill is spending several weeks at Oakesdale, Washington, where he is employed in the wheat harvest of the Palouse grain belt in the capacity of sack sewer. In a personal letter to a Gresham friend he very interestingly describes his work. The threshing rig moves from one field to another and threshes from the shock. The crew consists of 35 men which, together with the equipment, is furnished by the owner. It requires three sewers to sew up the sacks which come through as fast as two per minute.

Mr. and Mrs. Oscar Johnson and sons Douglas and Herman left Tuesday for Seattle by automobile for a two-weeks' vacation with friends in the Sound city.

While camping near Welches last week Mrs. P. F. Black was stung on the ankle by a yellow jacket. After five days her foot is still swollen badly from the effects of the poison.

Mrs. Joseph Menzies, of Los Angeles, a sister of Mrs. D. M. Roberts, accompanied by Miss Bessie Love, of Hollywood, California, Portland visitors, were callers at the Roberts home on Wednesday.

In glancing through the pages of the registration book in the Outlook booth during fair week the following states are noted: Oregon, Washington, California, Minnesota, North Dakota, Ohio, Nebraska and Michigan. Vancouver, B. C. and Yukon, Alaska, are here, even the Sandwich Islands having a lone representative, Orville McCormick.

Mr. and Mrs. J. G. Mast and family left Wednesday for an extended automobile trip to British Columbia, which will include points of interest as far north as Vancouver and Victoria. They expect to visit a number of friends enroute.

Mrs. Effie Beegle, who has been visiting her daughter, Mrs. Louise Gib-

**A Strange Creature**

MONEY is a strange creature. It is ever ready to become either our Master or our Servant.

BE RECKLESS with it—and it becomes a heartless tyrant, leading us a sorry chase all through life; luring us through all manner of hardships and privations

SAVE IT—and its temper changes. It becomes our friendly, faithful servant for life—working for us day and night.

And the longer it works the stronger and more helpful it becomes.

It protects us from the heat of summer and warms our fire in winter. It shields us from most of the hardships of life and in old age throws about us a mantle of peace, comfort and happiness.

Place your money in the First State Bank.

We will train it to serve you, help you and obey you.
