 ance of the building and grounds and boards from over the state come to pattern after our plan. We expect to beautify the grounds further this winter and the agricultural department will have charge of this feature.

**Athletics Will Be Encouraged.**  
 Inquiry has come to us about the patron tickets, which we have sold at a greatly reduced rate. We expect to offer 100 of these tickets, transferable in the family, and they will be ready before the first foot ball game. Our game with Molalla and the Hood River game are worth the price of the ticket but it admits bearer to two or three other foot ball games, eight basketball games, and four baseball games as well as admission to all debate and oratorical contests other than extra games for championship, which are played in addition to the regular schedule.

**Teachers' Meeting Sep. 6.**  
 Teachers will meet Saturday afternoon, September 6, at 2 o'clock, for the first meeting, and with advance registration we hope to get started Monday, September 8, with regular classes.

**WE HAVE ALWAYS FOUGHT FOR PURE MEATS.** We won't allow a piece of meat to come into this market that doesn't live up to what we expect of it. It must be able to stand the tests we give it. Folks know when they buy a pound of meat of us they have purchased 16 ounces of wholesome purity.

Plans are under way for a picnic to be held at Laurelhurst park on Labor Day, September 1, by the Sunday schools of the Powell Valley circuit of the Methodist Episcopal church, representing Gresham, Boring, Pleasant Home, Fairview, Rockwood and Pleasant Valley. Committees have been appointed to insure the smooth working of the plans for the day. Members of the Sunday school, their families and friends will be cordially welcome.

Heber Myron Moreland, Jr., weighing 94 pounds, arrived on Saturday, August 23, to bless the home of Mr. and Mrs. H. M. Moreland. The baby and his mother are at the home of Mrs. Carrie Powell.

The picnic for the former residents of Grant county, Wisconsin, was held on last Sunday at the W. R. Johnson home on the Base Line road and a most enjoyable day was spent. About seventy-five persons were present, fifty of whom were from Gresham, and five from Damascus. A number were present from Portland. It was decided to make the picnic an annual event on the last Sunday in August.

Mr. and Mrs. Robt. Lansdowne and Mr. and Mrs. Graydon Pace, of Oregon City, were entertained at the Ed. Rusher home on Sunday.

Mrs. Mark Nickerson has returned to her home on the Base Line road after spending several weeks at the home of her parents, Mr. and Mrs. W. F. Honey. Mrs. Nickerson has entirely recovered her health and her baby has doubled his weight since beginning life in an incubator, now tipping the scales at five pounds.

Mrs. H. G. Andrew, who has been at Seaside for the past two months in quest of health, returned home greatly improved.

Mr. and Mrs. A. Meyers and daughter Betty left Sunday for a 10-day vacation trip, the destination of which was somewhat undecided. However, they expect to visit in Canada before returning.

Olaf Mikkelsen died at Salem, Saturday, August 23 and the remains brought to Gresham by the J. E. Metzger undertaking company that day. Deceased was 46 years of age and had never fully recovered from the effects of an attack of scarlet fever suffered when a child. He is survived by a brother, Anton Mikkelsen, of the Kelso Lumber Co. Funeral services are being conducted this afternoon (Tuesday) at Kelso and interment will be in Sandy cemetery.

Mr. and Mrs. J. L. Stafford enjoyed a week-end fishing trip to the Nestucca river near Tillamook.

Mrs. Mary McAllister entertained at Sunday dinner Mrs. Susan McBain and Miss Margaret Reid.

Mrs. Cecil Metzger and daughter Cathryn, Mrs. N. Gullickson and son Clair, and Paul Risher returned Sunday from a week spent at Seaside.

Mrs. H. K. Noles and son James of Camas, Washington, spent Friday at the home of Mr. and Mrs. Geo. Duncan. Mr. Noles is employment manager of the Crown-Willamette paper mills at Camas.

Mrs. J. C. Yandell has returned from Underwood, Washington, to make preparations for the children's school year here. The entire family has been at Underwood for the past two months where Mr. Yandell is engaged in the erection of a sawmill. He will probably remain there until spring.

Mr. and Mrs. Joe Comstock have returned to Gresham from Coleraine, Minnesota, and for two weeks will visit with Mrs. Comstock's mother, Mrs. A. Hevel. They have returned to the west to live and will probably locate in Portland.

A large Haynes 6 machine, driven at an excessive speed, crashed down the Haley hill north of Boring Sunday on what is known as the Tacheron fill, and striking the loose gravel at the foot, turned completely over and landed bottom side up over a ditch, which fortunately was dry. The three occupants of the car crawled out unharmed. They were Portland people who later were taken back to town. The front of the machine, including windshield and fenders, was badly damaged.

Mr. and Mrs. L. A. Wack and children Lucile and Phillip, Mr. and Mrs. Thomas Wack and three children and N. J. Anthon and family made the popular Willamette valley loop trip Sunday, visiting McMinnville, Newberg and other towns of interest.

Mrs. C. G. Humason returned Monday to her duties in the A. W. Metzger store after a two-weeks' vacation period, a week of which was spent at Spokane visiting with friends.

The families of C. I. and E. D. Raker returned Saturday night from a wonderful vacation trip of 10 days spent in the Crater lake region. They explored the Oregon caves and enjoyed fishing excursions to Diamond and East lakes, and they consider that this scenery can hardly be surpassed anywhere.

Mr. and Mrs. S. E. Topleman, of Ileton, California, and former residents of this place, have been visiting with Mrs. Henry Metzger who is an aunt of Mrs. Topleman, and other relatives both here and in Portland.

A. M. Carlyle, of Saskatoon, Sask., Canada, is the guest of Mr. and Mrs. W. J. Cooper. He will probably be here the remainder of the summer and is looking the country over with the idea of locating permanently in Oregon.

Mrs. Bethina Kessler is planning on putting in a display both of needlework and also her roller canaries at the Tillamook county fair which begins September 9. On account of her excellent exhibit at the recent Multnomah county fair the Portland Seed company is negotiating for a number of her birds, training cabinets, flight cages, etc., to be made a part of their display at the coming state fair at Salem.

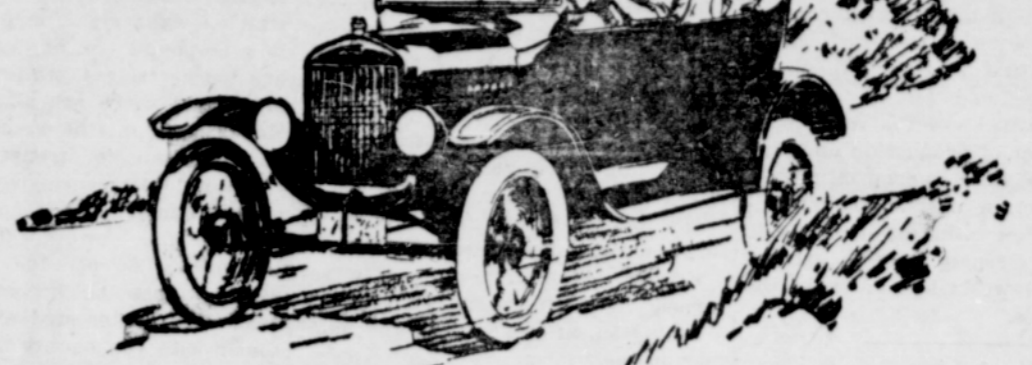

Dr. O. E. Tiffany, president of Seattle Pacific College, arrived on the camp ground Saturday and on Sunday afternoon, assisted by Prof. C. H. Watson, an instructor in the school, gave a public educational meeting in the interests of the college. The platform was filled with former students who spoke briefly of their experiences in connection with this institution.

Mr. and Mrs. Thomas Carroll and daughter will return to their home in Denver, Colorado, this week, after a visit with the latter's mother, Mrs. Annie Bower. Lorraine, the 14-year-old daughter had an accident Saturday which might have terminated seriously. She was riding a bicycle on north Main street and making a sudden turn, was struck by a machine driven by Andrew Brugger and dragged a short distance. She was severely shaken up and complained of a pain in her side, but it was thought this was more the result of nervous shock than of organic injury. The only apparent injury was the skinning of two fingers, and the ribs on one side. The bicycle was totally wrecked.

# WINCHESTER TOOLS

In the short space of a few years, Winchester has developed the most complete line of tools offered by any manufacturer under one brand. This high grade line now includes almost every tool that carpenters and mechanics need.

This accomplishment was possible only by Winchester's experience in making fine tools used in the production of super-accurate guns and ammunition.

"Winchester" on a tool now means the same to tool users as "Winchester" on guns and ammunition means to sportsmen.
