GRESHAM REAL ESTATE INVOLVED IN TRIAL

A suit in equity is now in progress in circuit court to cancel a deed given by David Weaver to A. G. Guynup, involving the residential property of Weaver east of the grange hall. The deed is said to have been given so that Guynup could dispose of the property for the benefit of Mr. Weaver, who, through illiteracy and the pressure of sickness, signed the papers without obtaining any monetary consideration. The evidence is being heard before Judge Tazwell, Attorney W. J. Cooper appearing for the plaintiff, Mr. Weaver, and Leroy Lomax for the defendant. Mr. Weaver and his sister, Mrs. Kate Wissler, came down from Roseburg Wednesday for the trial. They are staying at the home of J. H. Metzger.

CUT FLOWERS.
We are ready to serve the public with cut flowers and floral pieces. Mesdames Williams & Gordy, South Roberts avenue near Powell street.

GRESHAM LOCALS

Continued from page 1

Rally Day will be observed next Sunday in the Free Methodist Sunday school at 10 o'clock and the desire is to have the entire membership present. There will be preaching at 11 by the pastor, the Rev. E. N. Long. Young people's meeting at 6:30. The regular evening service will be held at 7:30. The annual Sunday school outing will be held at the fair grounds next Saturday from 10 to 2 o'clock. A good time is expected.

Mrs. Clytie Stuart Kerrs, a former resident of Gresham, now of St. Paul, Minnesota, was a caller in Gresham yesterday on Mrs. C. Merrill and Mrs. Mary Leslie.

Miss Evelyn Edwards of Hillsboro attended the social meeting of the Young People's Missionary society which was held at the home of Miss Willa Bushong on Wednesday evening.

Guests over the week-end at the C. H. Calkins home were Miss Beatrice Capen, a niece of Mrs. Calkins, and Mrs. William Bradley and daughters, Letty and Ella, and son, George, cousins, all from Portland.

The Powell Valley road as far west as Rockwood has been closed to traffic, machines being detoured north onto the section line, thence south on reaching Gresham to Powell Valley road. The big steam shovel is operating near the foot of Main street, and across the gulch in a westerly direction, the line coming out between the Grange hall and the Baptist parsonage. The open ditch extends westward nearly three quarters of a mile and the work is being pushed forward as fast as weather conditions will permit. It is a little indefinite as to the probable opening up of the Powell Valley road to travel, and even when open, the thoroughfares will be more or less dangerous for a time, it is said, as the clay on the pavement will mean a slippery condition until winter rains set in.

Mr. and Mrs. A. W. Parker and children have returned from Kernville, Oregon, where he has been engaged for several months as a log scaler for the Columbia River Log & Scaling Bureau. Mrs. Parker was at Newport for two weeks early in the summer, but has spent most of the time with her husband. He has completed his contract at Kernville and is planning on other work soon.

Mrs. O. A. Eastman and Mrs. James Elkington have gone to Salem for the state fair, where they will be employed in the office of the secretary during the week. They are camping on the grounds.

Mr. and Mrs. L. A. Wack returned last night from a ten-day motor trip to Vancouver, B. C., and other points of interest in the north.
Mr. and Mrs. Chas. Cleveland and their son-in-law and daughter, Mr. and Mrs. S. E. Woodworth of San Francisco, have returned from a trip to Victoria and Vancouver, B. C. They were away a little more than a week. Mr. and Mrs. Woodworth are spending a few days at Seaside.

Miss Dorothy Dickey, who has returned to her work as head of the departments of music and girls' athletics in the high school, reports a very pleasant and profitable summer spent in the east. She enrolled in the summer session at Northwestern University at Evanston, Illinois, taking six weeks of work in the school of music in high school methods and conducting under Osborne McConathy. There were about 300 music teachers and music supervisors from all over the United States. Otto Meissner, a nationally-known figure in public school music, led the chorus work to the delight of everyone. Miss Dickey was accompanied on the trip by her sister Eugene. The two visited with relatives in Illinois, Indiana and Minnesota.

Mr. and Mrs. J. T. Lewis spent the past few days at Bridal Veil with their son and daughter-in-law, Mr. and Mrs. W. H. Lewis, former residents of Gresham.

Dr. and Mrs. R. H. Todd have returned from their summer camp at Welches, having spent the past month there. Mrs. Todd is much improved in health and enjoys camp life greatly. There are more than 100 permanent residents of the camp. They have an excellent radio equipment in the place.

Mr. and Mrs. W. D. Kinder were at Salem Thursday decorating the booth of the boys' and girls' club exhibits.

Mike Allshouse returned Wednesday evening from Astoria, where he had been for four days in attendance at a fire chiefs' convention as a delegate from this fire company. There were about 75 present from various towns throughout the state. While there he received many new ideas along the line of his work.

Let me help you solve your painting problems. Todd, The Paint Man, Gresham, phone 1971.—Adv.

Park Your Worries Outside

When you bring your automobile to this garage, you can park your troubles outside, because your car will then be in the hands of experts who know how to locate trouble and fix it.

Why experiment with expensive machinery? In forcing a bolt or part you may break or damage a much more expensive part—and in the end bring it here to be fixed. It is cheaper to have expert mechanics on the job in the first place.

Whether it be Garage Work, Tires, Gasoline, Oil or Accessories you need, we can supply you and guarantee first class workmanship at lowest prices.

FIRST ENTERTAINMENT BY GRESHAM P.-T. A.

The Gresham Parent-Teacher Association will give its first motion picture entertainment in the new school year on next Monday evening at 7:30 o'clock sharp in the auditorium of the public school building. It has secured several Abraham Lincoln reels on "My Father," a Mutt and Jeff reel, "A Black Hand Case," a reel on "Vegetarian Animals" and a reel on "The Gresham Fair." This is a program that promises to be very interesting especially the last mentioned. Other numbers on the program will be given by Robert S. Christensen of Sherman Clay & Co., Portland, on his saxophone. All lovers of saxophone music will find these numbers a treat. Mr. Christensen will also welcome the opportunity to give all interested folks valuable information regarding saxophones. The usual small admission fee will be charged and the proceeds of the entertainment will be used to defray the expenses of the program and to help pay for the motion picture machine purchased last spring.

LOCAL BOYS AND GIRLS COMPETE AT STATE FAIR

The boys and girls who were prize winners at the Multnomah county fair are working hard to get their material in shape for the state fair and are manifesting a great deal of interest. The first two prize winners of each class from the livestock division and the five in home economics are the only ones to attend. Approximately nine girls exhibiting one loaf of bread each will register under home cookery. There will be about 20 exhibits in sewing, 8 of potatoes, 7 of canning and 6 of gardening. Poland China, Duroc, Hampshire and Berkshire breeds of pigs will be on exhibit, also Holstein, Jersey and Brown Swiss breeds of calves, 26 heads in all.

There will be three teams at the state fair,—the poultry, canning and livestock judging teams. The poultry team will consist of three boys from the Gilbert community, Carl Bowman, Edwin Maxwell and Raymond Beigh, under the leadership of E. M. Calkins. The canning team will be taken from the same community and will include Evelyn Hansen and Jane Lord, with Mrs. Maxwell as leader. These girls will put on a canning demonstration at the fair on Monday. The livestock judging team will be three boys from the Jersey calf club, Sven Nelson, Clifford Ekstrom and Charles Tallman.

Each year the state fair board, through the supervision of Mr. J. A. Churchill, superintendent of schools, arranges to take care of two boys and two girls having the highest score in the various projects at the county fair, their expenses to be paid for three days and nights on the grounds at the boys' and girls' club camp. This year Florence Mullenhoff made the highest score in sewing and Augusta Klinkin in canning, which entitles them to the trip, while John Fleming, who had the highest score in the livestock project and Roland Schedein in crop work, were the two fortunate boys. There will be about 60 exhibits in all at the state fair this year from the boys' and girls' clubs of this county.

NO

The most valuable word in our language is the word "NO".

It is also the most difficult to pronounce; yet the future of each of us rests on our ability to say it.
It takes Courage, Independence, Manhood, Character, to say "NO".

If you cannot say that word and say it often you are doomed to failure.
To PLEASURE we must often say NO.
To APPETITE we must surely say NO.
PRIDE must be held in check with a firm NO.
The High pressure salesman must be met with a determined NO.
The American Doughboys taught us to say "NO" when they spoke to the Kaiser.
Surely we ought to be able to say it on less difficult occasions.

Your money is safe in a bank whose officers know how and when to say "NO".
