ACHIEVEMENT!

Are you proud of them? Heck, yes; those globe-girdling airmen. All honor to the intrepid flyers and the country which has fathered their exploit.

According to today's news the flyers have reached San Diego and will soon continue their flight as far as Seattle. They will not stop at Vancouver on the way to the sound city, as at first announced, but will stop at Vancouver on their return trip.

It is expected the army planes will pass over Portland Friday or Saturday this week.

While the round-the-world flight is practically accomplished by the arrival of the flyers on the Pacific coast it is to officially end at Seattle.

This will be an achievement the magnitude of which cannot be fully realized at this time. It will be recorded as one of the great events of history and one of the great triumphs of science and mechanics. While it may not be duplicated for some years, it will stimulate attempts, and lead to study and experiments that will in time make such feats common events.

STATE INCOME TAX HOLDS.

The Oregon supreme court has sustained the state income tax act in all respects, reversing the Marion county circuit court which decided against one provision relating to taxing out side corporation dividends, upon which an income tax must now be paid in addition to the income tax contemplated by the act itself.

The supreme court decision construes the Oregon constitution upon broad lines, leaving the opportunity open wide to levy income taxes for any governmental purpose, with any exemptions and any graduation of rates that the levying body may decide upon, comments The Oregon Voter, which has taken a strong stand against the income tax law. It says: "The only way to guard against this exercise of power is to repeal the income tax law. In the repeal only is there assurance that this broad taxing power will not be exercised in a manner that is detrimental to investment and the development of the state."

STATE FAIR THIS WEEK.

This is state fair week and as usual the weather is uncertain. It doesn't seem to make much difference, however, either financially or in point of attendance. There is always plenty of state money to pay the bills although county fairs suffer a disastrous deficit if rain cuts down the attendance and income.

The state fair this year is one of the best in point of exhibits ever held. A large place is given to boys and girls club exhibits.

The Christ life is best expressed by confidence in one's own and other folks' goodness and joy in necessary and helpful daily toil.

A woman 128 years old has just died. She is believed to have been the oldest person in the United States. The time is coming when it will not be so remarkable to live to be 128 years of age.

Cheaper to paint than to repair

THERE'S no denying the fact. Take a look at some of the homes and buildings in your locality and you'll admit that repair costs would be far greater than the cost of many coats of paint.

Paint saves material and labor bills. Paint saves worry.

It's cheaper to paint than to repair.
