SANDY

Union High School No. 2 at Sandy has opened with an increased enrollment, increased teaching force and an enthusiastic student body. To date 34 freshmen have enrolled more than that number in the other classes combined, with the prospect of several to enter. Principal George D. Orr has organized a brass band among the boys of the school and other student activities are engaging the attention of all. Besides the principal the teaching force includes Miss McCormick, Miss Alice Kamm, Miss Alalie Ostrum and Luther McNulty. Miss Frieda Bratzel of Gresham teaches piano.

POWELL VALLEY

The meeting of the Parent-Teacher association on Friday evening was well attended and an interesting program was rendered in spite of the fact that County Superintendent Alderson was unable to be present, as was expected. Miss Augusta Hahn gave several whistling solos and there were piano duets by the Misses Reed, also by Sigrid Alm and Frances Arvidson. A committee was appointed to meet with the school board to consider the installation of hot water in the plumbing system. This is considered a necessity, as later the school will serve hot lunches; also in the matter of the health crusade work, hot water is needed. The district and the P.-T. A. will probably divide the expense equally.
