The Bible school of the Baptist church will meet on Sunday at the regular hour, 10 o'clock. The topic for the morning sermon will be, "The Foundation Under the Church." The B. Y. P. U. will meet at 7 o'clock in the evening, followed by the preaching service at 8 o'clock. There will be prayer and Bible study on Wednesday evening at 8 o'clock.

The Parent-Teacher association of the Gresham school will present another picture show of six reels at the school auditorium next Monday night. Two additional reels on the life of Lincoln will be shown, one historical reel on "Primitive Life in Tennessee, and one reel of the Webfoot Weekly and two comedy reels, "Sweet Cookies." The performance last Monday night was witnessed by a large crowd of pupils and their parents.

Ray and Edward Strong have left

for California where the latter will resume his studies as a senior at Stanford University about the first of October, and Ray is planning further studies in art by specializing in oil paintings with some prominent artists who have formed an art colony at Carmel-By-the-Sea, 100 miles south of Palo Alto. Later he may decide to enter the University of Oregon. The boys left on Monday for Corvallis where they were met by Dr. Brown, professor of English at Stanford University, who was placing his daughter in O. A. C., at which institution she will pursue an agricultural course. The professor and two boys left for California by auto on Tuesday morning.

Mrs. H. R. Gebhardt has been ill for several days and confined to her bed. Ruben Anderson, a graduate of the 1923 class in Union high school, was renewing old acquaintances here recently. He is registering this fall at the North Pacific Dental college in Portland.

Mr. and Mrs. P. Rook returned Saturday from an extended trip through the state of Washington. They were away three weeks and journeyed over the main highways in the western and eastern parts of the state, covering 1500 miles. They visited with a son in Pendleton and planned to go to Boise, Idaho, but heavy snows in the Blue mountains caused them to return home. They camped out throughout the trip.

Miss Anna Hamilton, a graduate of the last class of the high school, has gone to Eugene where she has entered Pacific Christian hospital for nurse's training.

Mrs. P. J. Vedder has accepted a position as marceller in a barber shop in Portland conducted by her uncle and aunt. She will continue to reside in Gresham and go to her work from here.

G. W. Wonacott is still confined to his bed with a serious affection of the nerves. His sons, Will of Silverton, and Ed. of Twin Falls, Idaho, are assisting their sister, Mrs. Maude Glover, in caring for him. Ed. Wonacott expects to return home Saturday to look after business matters but plans to return later to assist in the care of his father.

Betty Jean Donley, three-year-old daughter of Mr. and Mrs. Gus Donley, has been quarantined for nearly a week at her home with the scarlet fever. She has been seriously ill but is considered past the danger point now.

McKinley Beers has been ill for nearly a week with what was reported to be scarlet fever, but as no eruption has appeared during that time, it is now doubted that he had that disease. His brother, Hobart, is in the Good Samaritan hospital with a severe attack of quinsy. He had his tonsils lanced on Thursday morning which has afforded him temporary relief.

The infant son of Mr. and Mrs. E. L. McKinley of Portland died early this week and was buried on Thursday. Mrs. C. Humason attended the funeral. The McKinleys are former residents of Gresham, where Mr. McKinley served for some time as a carrier on a rural mail route.

Mrs. Elsie Grimshaw is ill with smallpox at the home of her parents, Mr. and Mrs. Arza Smith. Mrs. Grimshaw, whose home is at Rockwood, is thought to have contracted the disease in Portland. The malady is of a light type in her case and she is not thought to be in any danger.

H. A. Weatherald is spending a few days' vacation from Morgan Brothers' truck service visiting with his mother at Elma, Washington.

D. C. Ely of Oregon City is in Gresham looking over his business interests in connection with his store building here.

John Conley returned from Seaside Saturday and is making his home for the present with his niece, Mrs. Rich-

Start the Children in Business

Financial experience should be secured as early in life as possible.

Many parents realize this and have started their children in business by investing in a savings account at the First State Bank.

This is as truly a business as any other. It pays 4 per cent and the principle is safe. That is more than can be said for many other lines of business.

The men who own the U. S. federal bonds, (22 billions), get no more.

The great American railways pay but little more.

Think of it! We offer the babe in the cradle as fine a business investment as is enjoyed by the great financiers of America!

Start your babies in business at the First State Bank.

"No boy ever became great as a man who did not in his youth learn to save money."—John Wanamaker.

Another WINTER and HOME FIRES

Almost any kind of a stove or heating plant will drive the chill from the home during bleak Fall days—but when winter storms come—it is a different story, as all who have shivered know.

Think now and plan for home fires which will insure a cozy comfortable home and the health of your family. Never were we better stocked to furnish just the stove or furnace you need.
