**GRESHAM LOCALS**

Continued from page 1

Representatives of the Gresham auxiliary to the American Legion visited the veterans' hospital in Portland on Tuesday and took with them 50 dozen home-made cookies and 60 pounds of grapes. The cookies were turned over to the supply sergeant and represent the local auxiliary's annual cookie supply. The grapes were distributed among the patients in the hospital by the visiting women. Those who took part in the distribution were Mrs. John Metzger, Mrs. Walter Metzger, Mrs. O. A. Eastman and Mrs. Jack Stafford. The committee expressed great satisfaction with the response to the call for supplies, many outside the auxiliary volunteering donations.

The Southeast circle of the Methodist Ladies' Aid will meet with Mrs. W. J. Cooper next Wednesday afternoon. It is expected that the ladies will come prepared to work.

Mrs. Mary Louise Dodge left Tuesday for Clarkston, Washington, where she expects to stay for some time with her aunt, Miss Stella Alexander.

The Rev. and Mrs. J. H. Wood returned Wednesday from Seaside where they have been for the past month, enjoying the sea breezes. Both have been benefited in health by the sojourn at the beach.

Mrs. P. E. Stone, Mrs. Ernest Christensen and Miss Blanche Trimble attended the funeral of Aloysius O. Gray, at Sandy, on Thursday morning.

Mrs. S. A. Burr has been suffering intensely for the past week with rheumatism, but is thought to be slightly improved at present.

Mrs. R. H. Kasper of Seattle, a former schoolmate of Miss Marie Blom, in Kansas, is here as her guest for two weeks.

The cash bids which were submitted for the school property of former Terry school district No. 8 were rejected, Tuesday evening when they were opened at the Gresham Drug company's store, by C. J. Lundquist, clerk of district No. 4. They were entirely too low to be considered and it is probable that another call for bids will be announced. Since the merging of these districts, it was thought advisable to dispose of the land and buildings located half a mile east of Page's store.

The Rev. S. F. Pitts officiated Thursday afternoon at the funeral of Mrs. Clara Peterson, the woman who was brutally murdered Monday in Portland. Almost at the time of the killing Mr. Pitts was conducting the funeral of Mrs. Lena Thompson, mother of Mrs. P. B. Eder, in the chapel of the Skewes Undertaking company, on Third street. This makes a total of four funerals the undenominational pastor has conducted this week.

Frank Lawrence, a farmer of Meridan, Kansas, and brother of James W. Lawrence, dropped in on his relatives very unexpectedly Wednesday evening for a stay in the west of several weeks. Mr. Lawrence has been a reader of the Outlook for a number of years.

Mrs. M. D. Kern, Mrs. Emma Gilmore and Mrs. Hannah Johnson visited with Mrs. Ella Oliphant in Portland on Wednesday. Mr. Kern taking the ladies in his automobile. Two Portland guests, Mrs. Carrie Pugh and Mrs. Lucy Osborne, both former Gresham residents, were also visitors at the same home that day.

The Arme club will meet at the home of Mrs. George W. Stapleton on next Monday afternoon, October 13. The hostess will be assisted by Mrs. S. B. Hall, Mrs. J. V. Cogswell and Mrs. George D. Rank. All O. E. S. ladies will find a cordial welcome.

The Gresham grange will hold an all-day session at the hall Saturday, October 11, beginning at 10:30. An interesting program has been prepared by the lecturer, Mrs. H. A. Curry, which will be presented at the afternoon session, to which the public is invited.

**NEST EGGS**

A mother hen fixes her nest, lays her eggs one by one, carefully guards them and finally—brings forth her brood.

Financial progress is made the same way.

Few of us realize the "hatching power" of money. It produces an offspring every six months and these offsprings in turn begin at once to raise a little family of their own.

That is Compound Interest.

A sitting hen is careful of her nest eggs. She does not break them nor waste them. If a stock promoter should come around and try to teach her how to "hatch them quick" she would peck him good.

Let us follow the hen's example.

Place your nest eggs in our bank where they will be safe and where the hatching process can proceed without interruption.

Save 25 cents a day and in five years you will have \$509.55.
