

GRESHAM OUTLOOK

Published every Tuesday and Friday at Gresham, Oregon, by the Outlook Publishing Co., H. L. St. Clair, Editor and Manager.

One year, \$1.50, six months, 85c, three months, 50c, trial subscription, 50c. Combination rates with all the Portland Dailies.

ADVERTISING Rates reasonable. Our representative will call.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

VOTERS ARE ADVISED.

Voters at the coming election, the Republican State Central committee points out, should not be confused by the grouping of names of three candidates for justices of the supreme court, Judge H. H. Belt, Judge Percy R. Kelly and Judge O. P. Coshow, on the ballot. The first two are republicans but because of the fact that the vacancy Judge Kelly seeks occurred too late for him to file as a republican, he was compelled to have his name placed on the ballot as an independent.

As the names of the three candidates are grouped, it may be the mistaken idea of voters they are seeking the same two vacancies on the supreme court bench. This is not the fact. Judge Belt and Judge Coshow are candidates for the vacancy caused by the resignation of Lawrence T. Harris of Eugene, while Judge Kelly seeks the vacancy caused by the death of the late Judge John McCourt.

The state committee points out that no non-partisan issue is involved in this election. There are two vacancies in the supreme court to be filled, caused by retirement and death of two republicans. There are two republican candidates, Judge Belt and Judge Kelly, running for these places, while Judge Coshow, a democrat, is running against Judge Belt for the vacancy caused by the Judge Harris retirement.

Both these republican candidates; it is urged, are well qualified for the positions they seek and deserve the votes of all republicans and, indeed, of all good citizens of whatever party.

Vote as you please but VOTE. Political difference isn't as bad as political indifference.

The man who marks his ballot without due consideration is not a desirable citizen.

It is not only what is best for your country but also what is best for you on election day, November 4.

Do not take it for granted that your vote will not be needed for if millions held that thought there would only be the votes of the radicals and the "reds" and they always vote.

Of course, if the weather is not good in your section of the country on election day it may be more comfortable to sit near a cozy fire but would you not rather get your feet wet one day than be in hot water for four years?

WHAT CHEVROLET INSPECTION MEANS

Only those who have actually gone through a motor car factory realize that practically one-half the force works on the building of the motors. For after all, the regard in which a car is held by the public has really been built upon how well the motor functions under all conditions.

And how well the motor is built depends on how fine are the measurements or limits in the building of the motor and its parts.

Though it is well known that in the building of the motors in the highest priced cars the limit to which the parts and assemblies are held are so small as to be invisible to the naked eye, it is not so generally known that such practice extends to some of the lowest priced cars on the market.

In the building of all the Chevrolet motors at the gigantic factory at Flint, Michigan, limits are held as low as two ten thousandths of an inch. Practically every part manufactured receives 100 per cent inspection before it is fed into the assembly line.

Then such close assemblies are made as, piston pin fits into piston to a limit of .0002 of an inch; cam shaft, connecting rod and crankshaft bearing are held to .001 of an inch. In addition to holding to these infinitesimal limits, there are inspections for practically every assembly operation, such as the crank shaft and cam shaft bearing fits and alignments; the piston pin and piston fits; the clutch alignment and the valve seating.

But the inspection does not stop here. As soon as the motor has been assembled, it is given the electric test, that is, run by an electric motor at 1,200 revolutions per minute for from two to three hours. This test is to take the stiffness out of the new motor, work in the bearings, and piston rings to insure smooth operation.

After this has been completed, the motor is dis-assembled, washed and again thoroughly inspected. Then the motor is re-assembled.

Again it is put on a test and run under its own power for approximately 20 minutes as a final checkup. The valves are "adjusted" the motor is "timed" and all final adjustments made. Then the motor is put through a steam bath to remove outside grease or oil, and painted with coat of lead paint, ready to be placed on the chassis.

Which State Will Grow?

Washington . . . NO Income Tax
Oregon INCOME TAX
California NO Income Tax

WE HAVE EXAMINED copies of the documentary evidence as to the effect of a state income tax upon Oregon. We are satisfied as to the genuineness of the documents.

We find that this evidence substantiates the claim that many millions of dollars have been diverted from investment in Oregon industries that would provide a home market for Oregon agricultural products.

We find the damage is so serious and of such extent that we appeal to our neighbors and to voters in all parts of Oregon to vote for the repeal of the present income tax and to oppose the enactment of any new state income tax bill, at least until such time as the other Pacific Coast states have enacted similar legislation so they cannot grow at Oregon's expense.

We do not object to paying a state income tax, but we do object to imposing a tax that keeps capital out of our state, retards state development and tends to leave our farmers dependent upon distant markets.

We resent the tendency to give Oregon the reputation of being a "backward state." Oregon's resources and the courage and enterprise of her pioneer people entitle her to a great destiny. Let us all join hands to rid Oregon of legislation that handicaps Oregon development.

500 MORE signers of the above appeal; more than 1,500 contributors to expense of getting facts before voters; signers and contributors live in all parts of Oregon; this advertisement issued by C. C. Chapman, Editor of Oregon Voter, initiator of repeal measure; residence, 169 Lowndesdale St., Portland, Oregon.

MUST GET OUT VOTE SAYS G. O. P. CHAIRMAN

Of greatest importance in the forth coming election, declared I. L. Patterson, chairman of the Republican State Central committee, is for every party member to vote November 4. The election, he said, is won if normal party strength is mustered at the balloting. If they fail to do their duty at the polls, the opposition, he said might win through default.

Not in years has there been such urgent reasons for party support, he said. Both national and state issues should rouse every republican to do his utmost, it was stated. The very form of the government itself, it was pointed out, is attacked by La Follette, while control of the state is sought by the democratic incumbent's personal machine.

"A full representative vote means an outstanding republican victory," declared Chairman Patterson.

Costs of Government Cut.

The bureau of the budget, under General Dawes, put the government on a sound business basis, resulting in a reduction of public expenditures from \$5,538,000,000 in 1921 to \$3,497,000,000 in 1924, a decrease in the annual cost of government of \$2,041,000,000.

Naval Expense Cut Down.

As a result of the Washington conference for the limitation of armament, called by President Harding, the United States was saved \$300,000,000 annually in its naval expense.

REPUBLICANS.

Vote 36 X on ballot. A republican district should be represented by a republican congressman. Don't forget Crumpacker, M. E., republican for congress. Crumpacker will win.—Adv. by Congressional Committee.

D. C. Lewis for State Representative.

D. C. Lewis is a candidate for reelection to the office of state representative. He has always given the people a square deal. It has often been remarked of him: "He is the only representative that part of the county outside the city has. He is fair and just.—Adv.

To Know the Man Is to Vote for Him

CRUMPACKER For Congress

REPUBLICAN CANDIDATE. He will work with the republican delegation from this state and will get better results for the state.

He knows what Oregon needs. For all the people all the time. CRUMPACKER WILL WIN. Paid Adv.—Congressional Committee.
