

SAMUEL CRISSEY DIES AT HOME NEAR BULL RUN

Samuel B. Crissey, aged 82 years, died at the home of his son, W. L. Crissey, near Bull Run, December 16. Mr. Crissey had been in poor health for a number of years. He is survived by his wife, Maria C. Crissey, three children, W. L., proprietor of the Gladiolus farm, Angennette, of Portland, and E. F. Crissey, of St. Louis, Missouri, also a sister, Margaret E. Crissey, of Decatur, Illinois.

Mr. Crissey was a Civil War veteran, having served in Company I of the 63th regiment of Illinois infantry. He came to Oregon 15 years ago from Decatur, where he was one of the charter members of G. A. R. Post No. 1, of that city.

The funeral service was held Thursday at 11 o'clock, at Finley's mortuary, with private commitment services at the Portland crematorium.

TROUTDALE

A. D. Odgen exhibited his pen of Anconas recently in two poultry shows with gratifying results. He received first prize at the Tacoma exhibition of poultry on the pen as a whole, also second and third prizes for his Ancona cockerels. He also sent a pen of his "Krueger Golden West" strain to the southern Oregon fair at Ashland, December 9 to 12, where he received a first prize of \$4, also a special prize of \$5 given by the First National Bank of Ashland.

Mrs. Naemy Daum died at Troutdale December 16, aged 36 years. She is survived by her husband, John Daum, and two sons, Clyde and Arnold Daum. Funeral services were held Thursday at 2 o'clock from the chapel of the Skewes mortuary in Portland, with interment in Rose City cemetery.

Two new arrivals in Troutdale and vicinity are a son which was born to Mr. and Mrs. E. R. Neilson on December 6, and a daughter which arrived at the home of Mr. and Mrs. Jack Jones, route 1, on December 11.

Among the list of marriage licenses which appears in a Portland daily paper, are the names of Axel Tengard Nordin of No. 430 East Yamhill street and Ruth M. Davis, of Troutdale.

Dancing Lessons.

Mrs. Elnora Fay Fleck has transferred her dancing class from Troutdale to Fairview city hall. Classes every Friday evening at 8 o'clock for beginners. Advanced class at 9. All the latest steps. Phone 2311.—Adv.

Indian Leads Senate

Sen. Charles Curtis of Kansas is the new Republican leader in the Senate, elected after senior Senator Warren of Wyoming declined. Senator Curtis is more than half American Indian.

POWELL VALLEY

William Holzhauser, a son of Mrs. Russell Tillman, is here from Seattle for an indefinite stay with the Tillman family. He suffered a serious fracture of a vertebra while at work in a coal mine at Burnett, near Seattle, about four months ago and is just now able to get around again. He has been in a hospital in Seattle ever since his injury and is now expecting to take treatment in a Portland hospital.

Two birthdays of Powell Valley young people have recently been celebrated with parties. Elsie Mattson invited 15 guests on her 15th birthday and the time was spent pleasantly in games, followed by refreshments. Gilbert Nelson entertained 13 friends on Friday, the occasion being his 13th birthday.

Sunday school will be at the usual hour, 10 o'clock, at the Swedish Mission church Sunday morning, followed by preaching at 11 by the pastor, the Rev. O. J. Wilner, from the topic, "The Perpetual Glory." The young people's meeting at 7 o'clock in the evening will have a chain of scripture reading which is very interesting. The sermon following will be in English from the subject, "The Immovable Foundation." The "Kule-otto," an early morning devotional service, will be held on Christmas morning at 5:30. This is a Swedish service and is always well attended and is said to be a most inspiring commemoration of the birth of the Savior. In the evening the Sunday school will render their Christmas program which will, no doubt, as on previous occasions, prove to be of a high order. No confirmation class will be held on the coming Saturday, owing to the inclemency of the weather.

Cream Prices.

The Sandy Creamery is paying 43 cents at the creamery and 41 cents on the route for butterfat.—Adv. tf

PLANS FOR CONFERENCE ARE NOW BEING OUTLINED

The general committee arranging plans for the agricultural economic conference met at the county agent's office on Tuesday, December 16. Due to the unfavorable weather conditions and bad traveling, only part of the committee was present, but in spite of this, plans were put under way and part of the committee appointed. It was decided that the conference should be held on January 15, 16, 17.

The forenoon of the 15th will be devoted to a general conference at which time the object of the conference will be discussed. General statistics of the agricultural conference will be presented and outlined, also those that have been developed previously by the committee. The afternoon of the 15th and forenoon of the 16th will be devoted to group conferences. Each of the committees will meet separately with all those that are interested in their particular subject. The poultrymen will meet with the poultry committee. The dairymen and those interested in dairying problems will meet with the dairy committee. The farm crops group including potato growing, grain growing, etc., and those interested in the growing and marketing of farm crops will meet with the farm crops committee and likewise with the other committees.

The chairmen of three of the committees made selections and presented names for their groups. The poultry committee, of which A. H. Dowsett is chairman, will consist of A. F. Robinson, C. W. Frost, Mrs. John Lynch, George Armstrong, E. M. Calkins and J. J. Hearner. The livestock and dairy committee,

of which Theodore Brugger is chairman, will consist of C. H. Stone, P. G. Neururer, R. A. Tillman, M. M. Lyons, H. G. Mullenhoff, J. Sterling, John Strebin, Willard Bliss and H. C. Compton.

The farm crops committee, of which H. W. Lynch is chairman, will consist of Ed. Wilson, L. H. Stone, Walter Robinson, S. M. Davis, J. Pounder, H. F. Wihlon, G. N. Sager, J. C. Burns and L. G. Buckley. A few other names will probably be added to each of these committees at the next meeting. The other three committees which have not as yet named their personnel, consist of horticultural and small fruits, of which D. E. Towle is chairman, the vegetable gardening committee, W. C. Spence, chairman, and club work committee of which F. N. Lasley is chairman.

Since the meeting, statistical information is being gathered by County Agent S. B. Hall, who is assisted by W. L. Kaddery of the Oregon Agricultural College extension service. Information, up to the present time, has been gathered on the price range of the market of our various farm crops over the past year and a half; the movement into Portland of the various crops, including the number of carloads received in Portland each month; the source from which they have come and the general market conditions which prevailed each month.

As soon as the storm breaks, each of the various committees will meet to start the study of the problems before its group.

ZERO WEATHER HERE REPORTED IN GRESHAM

The storm conditions, which are prevalent over a wide area of the United States, entailing unusual hardship and suffering, continue unabated in this section, and there is no relief in sight for the present, a fair sky, continued cold and easterly wind being the forecast. It is said that frigid conditions prevail from the Pacific coast to the upper Mississippi valley and that the barometer remains abnormally high along the coast.

The minimum temperature for Portland so far has been 11 degrees above, but in Gresham almost zero weather is being experienced. Various registrations of the thermometer have been reported, ranging from nine degrees down to zero. A bitter, piercing east wind, adds to the discomfort of the pedestrian who struggles with insecure footing on the slippery pavements.

Automobile service has been seriously hampered by the unusual cold icy streets. Frozen radiators add to the motorist's misfortunes, while the conditions of traffic underfoot render driving a hazardous pastime. Since the wind has begun to blow with snow drifts as the result, numerous reports have come in of machines being towed out of the snow.

The warm weather which preceded the storm only marks a sharper contrast to the atmospheric disturbances. Less than a week ago many flowers were blooming in the open, buds on the trees were swelling, frogs were croaking and ever condition seemed to be that of spring.

OFFICERS ARE ELECTED FOR POMONA GRANGE

Multnomah Pomona grange met at Gresham Wednesday in an all-day session at the Masonic hall. Owing to the severe weather, there were but about 100 members in attendance, where otherwise 300 would in all probability have been present. The business sessions were under the direction of Master Ray Gill, and Mrs. Mary E. Palmer, Pomona lecturer, had charge of the program. Marshal Dana of Portland spoke at 2 o'clock, after which the election of Pomona officers took place. The following were elected who, with the officers of the subordinate granges, will be installed in office at joint installation ceremonies which will be held in the union high school gymnasium on Jan. 17, 1925:

J. G. Kelly, Evening Star grange, elected master; Clara Larsson, Columbia grange, overseer; Maude Landis, Rockwood, lecturer; Jack Frost, Pleasant Valley, steward; George Honey, Gresham, assistant steward; Kittle M. Bateman, Pleasant Valley, chaplain; M. M. Squire, Gresham, treasurer; Grace E. Exley, Russellville, secretary; J. E. Stansberry, Russellville, gate keeper; Ethel Schwerdtmann, Russellville, Ceres; Lucile Mitchell, Lents, Flora; Elsie Paul, Pleasant Valley, Pomona; Margaret Wheeler, Multnomah, lady assistant steward; Mrs. J. G. Kelly, Evening Star, musician.

A class of five, including Ernest Stratton, of Gresham, was obligated during the evening session.

A publicity committee consisting of H. L. St. Clair, M. M. Squire, Ernest Stratton, Leon Baketel and M. O. Nelson was appointed to give further notice and details of the installation of officers at the meeting to be held at the high school gymnasium in January.

TWO INTERESTING GAMES ENLIVEN HI STUDENTS

The few fans who braved the storm Thursday night witnessed the local HI school defeat Parkrose High in a snappy basket ball game, the score of which stood 19 to 10. The local boys showed up well on the floor and virtually ran rings around the Parkrose players. David Lane starred for the winners.

A faculty-freshmen game was played at noon Friday which proved to be almost as peppy as the special brand of weather which is being dispensed so freely at present. But three members of the faculty, Principal Cannon, Coach Shafer and G. K. Jenner, instructor of agriculture, were available, so the services of the janitor, C. E. Rusher, and G. Hartzenhoff, the Holland student who is taking special work at Union high were enlisted. As the last two had never participated in a basket ball game up to this time, it kept the fans busy telling them what to do next. What they did and also what they didn't do would form a chapter of interesting reading. However, as all's well that ends well, the freshmen worsted their opponents by one point.

Here is the answer to the puzzle in the last issue of the Outlook. How many got it right?
