Stripped in Action.

As an urchin was entering her dressing room to deposit some laundry, the actress smiled and asked: "How did you lose your teeth, sonny?"

"Shiftin' gears on a lollipop."

PLEASANT HOME

A splendid program is being arranged for the reception at the Baptist church on Thursday evening. Several neighboring pastors have been asked to be present and give short addresses. Also a number of fine musical selections are expected to be on the program.

Refreshments will be served and a social hour enjoyed.

J. W. Anderson has gone to Cherryville to work for the Portable Lumber company.

Latest reports from Miss Wilma Chase are very encouraging. It is expected she will be able to be moved to her home soon.

"Andy Gump" will be shown in motion picture at the grange hall on Wednesday evening, under the auspices of the grange.

FAIRVIEW

Recent guests at the home of Mrs. M. L. Morrison were Mrs. Nel McGraw and Miss Alice Carlson, of Moffett's Springs, Washington, Miss Margaret Calahan, a nurse from Klamath Falls and Mrs. M. Boenert, the owner and manager of the Mountain View hospital, at Bend, Oregon.

The Fairview Parent-Teacher association will meet on Friday afternoon at 1:30 at the Methodist Episcopal church for its regular business session.

POWELL VALLEY

The Parent-Teacher association will hold its regular meeting at the schoolhouse on Friday evening of this week. A program consisting of musical numbers and dialogues is being prepared by the president for the occasion.

GILLIS

Mrs. James McBain has been quite ill with the grip.

Miss Carrie Simonsen, who for the past year has been working in Portland, has returned and will resume her school work at Gresham high.

Mrs. James Hillyard is on the sick list.

Malcolm Hillyard is the owner of a brand new car.

Flume Accident Injures Four Men.

Homer Moulton and Robert Shumway, two workmen employed by the Cameron-Hogg Lumber company at Dodge park, while walking home along the top of the flume Saturday, fell a distance of 10 feet when 60 feet of the flume went down with them. Two other workmen, whose names could not be obtained, while repairing the flume Sunday, at the scene of the accident of the previous day, fell the same distance, the injuries of the four men consisting of painful bruises only. The flume has been weakened considerably under the weight of snow and ice which accumulated during the recent storm, and this is regarded as the cause of the two accidents.

The Cameron-Hogg mill has been closed for three weeks, opening for work last Monday. About 200 feet of their flume near Ames has also gone down as a result of weather conditions. The flume at this point is 40 feet in height.

Mileage.

Wifey (studying Spanish history)—"It says here, George, that those Spanish Hidalgoes used to think nothing of going 2,000 miles on a galleon."

Husband—"Pooh! I never believe half I hear about those foreign cars."

NEW DODGE COACH ECLIPSES ALL OTHERS

An attractive new coach has been added to Dodge Brothers line of passenger cars and is on display for the first time at the New York automobile show.

"Characteristically Dodge Brothers," is the comment most frequently made by persons examining it.

Careful regard for quality as well as beauty is evident in every detail of construction and appointment.

The graceful lines are set off to advantage by the lacquer finish in Dodge Brothers blue, with a body stripe of cartouche yellow. Shroud and belt are black and the artillery wheels are blue. Doors and windows are exceptionally large, affording a clear vision on all sides and permitting passengers to enter and leave the car with the greatest ease. Each of the two doors is equipped with a pull-to handle on the molding, greatly simplifying the closing. The car is locked by a high-grade lock on the right door.

The two front seats tilt forward, adding further to the convenience of occupants. The rear seat is spacious and comfortable, affording ample room for three adults. The upholstery is dark brown, attractive and of excellent wearing qualities.

The equipment also includes a rubber mat in the forward section and a carpet on the rear floor, dome light, foot rest, mechanical window lifters, transmission lock and automatic windshield wiper. The latter is controlled by a valve on the instrument board and is regarded as unusually efficient. The windshield is of one-piece, self-ventilating type and carries a fixed visor.

Equipped with balloon tires and a non-rumble roof, and built on Dodge Brothers standard chassis, it rides smoothly and comfortably over any roads.

There is every reason to believe, according to Hamlin & Hoss, Dodge Brothers dealers, that demand for this car will quickly reach exceptional proportions.

"The sturdy construction and smartness of the lines and interior appointments, not to mention the proven dependability of the chassis, make it difficult to believe that this coach could be sold for the low price asked."

If an Accident Occurs.

The first thing to do when an accident occurs is to stop. The second is to investigate. If the other car is driven by an intoxicated person or by someone under driving age, make a note of the fact. Note the license number of the other car, and whether the skid tracks on the pavement showed defective brakes. The tracks usually will show just where the brakes were applied and exactly how the crash happened.

Don't trust to your memory; make penciled notes of the whole affair, especially a sketch of the place where the accident happened. In this way you will have a complete diagram for your auto club's legal department to work with. You, the driver, are not the only one who should do this. Have your passengers get into the crowd, take names of witnesses, etc. Possibly you will be the guilty person but don't tell the other driver that it was your fault. Keep your mouth shut.

If your car is insured, report the accident to the place specified in your policy, and report it immediately.

Of course it is not easy to do all these things in the excitement attendant upon an automobile accident, but if you don't it will be a ten to one bet that you will lose your case and not collect one cent of damages.

Often each party will think the other to blame. Sometimes a claim is made when the man making it knows it to be untrue, but on the other hand, I have seen parties of colliding cars get up in open court and give testimony directly contrary to that given by their opponents, and still is no doubt in the mind of the judge or the jury that all parties concerned are telling the truth as far as they are able.

The jury is often moved by prejudice or sympathy. It is just as easy for a pretty woman to get a verdict from a susceptible male jury, as it is difficult for an unprepossessing person to avoid having judgment rendered against him.

You may be the most careful driver in the world and still have an accident. Keep your head in the resulting excitement and all will go well for—you will have the facts in black and white.

The wise driver gets names of witnesses and facts when he has an accident.
