ADVERTISING Rates reasonable. Our representative will call.

Entered as second-class matter March 1, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

WHAT THE VOTER SAYS OF KOZER.

It is refreshing to read the following tribute to Sam Kozer taken from Oregon Voter. It isn't an election time boost but it's grand to be able to say it and know it is true of Kozer and it ought to be true of more men in public office. If it were true of all others it would be honorable to be anything from governor down to official dog catcher. Here it is:

"Sam Kozer lacks several of the attributes usually associated with gubernatorial timber in that he is neither oratorical, magnetic or pulchritudinous. He has neither intriguing address nor imposing front, but he has more information in his head about state government in Oregon than any other individual in the state, bar none. His information is not only in his head but it is classified and readily available. His judgment is conservative and sound and of course is well fortified by facts. The affairs of this great state would be safe in his hands.

"He would have no chance whatsoever to be nominated by any convention, for he does not play politics and scorns the arts of the wire-puller. He would stand an electoral chance at a direct primary. It is doubtful whether Oregon can find a more capable man for the office, and it is certain it could not find one who is more conscientious or devoted to duty. Sam Kozer is 100 per cent honest."

MRS. MARGARETT ULM DIES AFTER LONG ILLNESS

Mrs. Margaret M. Ulm, for the past 17 years a well known resident of Gresham, passed away at her home on Saturday morning, February 21, after a long period of ill health. She was born in Polk county, Iowa, November 4, 1854, and was the eldest of 11 children. She lived in Iowa until she was 18 years of age, when she moved to Nebraska. In 1879 she moved to Washington county, Oregon, and 17 years ago came to Gresham. Mrs. Ulm is survived by two brothers, E. D. Dewey of Portland, and J. A. Dewey of Glendale, Oregon, also two sisters, Mrs. J. R. Penney of Portland and Mrs. Ida Klum of Weiser, Idaho.

Women's Relief Corps Elects Officers.

Officers were elected for M. A. Ross Women's Relief Corps last Saturday, February 21, and by special dispensation of the department president the installation was on the same day. The officers of the corps are Josephine Bliss, president; Alice Marston, senior vice; Fletta Hibbard, junior vice; Frances Klierem of Corbett, secretary; Therza Morton, chaplain; Sarah Leland, conductor; Laura Black, guard; Christena Humason, patriotic instructor and press correspondent; Frances Klierem, musician; Vena Snashall, assistant conductor; Louisa Wannocott, assistant guard; Sarah Kitzmiller, Lizzie Jack, Anna Wagner and Lena Needham, color bearers. The following officers were recently elected and installed for the M. A. Ross Post, G. A. R.: George Klierem, commander; J. H. Morrison, officer of the day; Thomas Ginder, senior vice; J. H. Wood, chaplain; Christena Humason, secretary.

Orient School Gives Fine Entertainment.

An elaborate entertainment was given by the pupils of the Orient school in the auditorium of the fine new school building on last Friday evening, which was enjoyed by a crowd which filled the room to capacity. The "Dolls' Symposium" by the smaller pupils of the school was beautifully carried out and the varied and colorful costumes worn made a beautiful scene. Portions of the opera Robin Hood were sung and acted by pupils of the upper grades with much credit to themselves and their instructors. The entire performance showed extreme care and hard work on the part of the teachers, and much ability on the part of the pupils. Piano solos and recitations, and readings by Mrs. Christine Donough of Fairview completed the program. The new drop curtain for the stage was in place and showed generous patronage on the part of advertisers. It was installed under the supervision of the Parent-Teacher association. J. R. Teeters is principal of the school, and the other teachers of the force are Lois F. New, Dorothy Borth, Eleanor Lindberg and Mrs. Edith Mayer.

Intercoastal shipments of lumber from Portland during 1924 were 212,199 tons, an increase of 100 per cent over 1923.

Valuable Calf Is Stolen and Slaughtered.

Theodore Brugger, living on west Powell Valley road, lost a valuable calf a week ago Sunday night by a sneak thief or thieves who took the trouble to enter his barn and lead the animal away some distance where they killed it and loaded it onto a truck and drove off with it. Mr. Brugger kept the matter quiet for a week in hopes of tracing the guilty party, but has been unable to find any trace of the miscreant. The calf was seven months old and one of his best show calves, having won a prize last fall at the Pacific International exposition. The thief passed by two other calves which were in the same pen with this one and selected the most valuable one. He led it down a lane 40 rods, toward a creek, into Strong's berry patch, where it was killed. Mr. Brugger was able to trace all these operations by telltale tracks, and the marks of the truck were plainly visible on the morning following the theft. The truck was traced for a considerable distance in a southerly direction where the prints of the wheels were lost.

Deputy Sheriff Squire was immediately notified and he in turn summoned a deputy from Portland who made an effort to locate the guilty party, but so far it has been impossible to do so.

Prevent Carbon Monoxide Poisoning.

- 1. Never go to bed with a gas burner in a bed room.
2. Never attempt to warm up an automobile in a closed garage.
3. If you have a gas heater, see that it is frequently cleaned, inspected and that it has ample fire connections.

These precautions are so simple that everyone can understand them and carry them out. Perhaps that is why so many people ignore them. The only way to combat the carbon monoxide evil is to take no chances with it.

Just a few mornings ago seven persons, six of them members of a prominent Portland family and the seventh their physician, were overcome by carbon monoxide poisoning. Three deaths occurred recently on the east side of Portland from an unvented gas floor heater. Such occurrences demonstrate the urgent necessity of further education of the public in the proper use of domestic gas heating appliances. At this time the only solution is that gas stoves be looked upon exactly as coal stoves and provided with adequate and effective fire connections for leading all combustion products to the outside air.

As the gas stove produces no smoke or definitely irritating fumes, no warming accompanies its production of carbon monoxide. Remember this poisonous gas itself is odorless, colorless and non-irritating. When the person is moving about, the gas produces headache shortness of breath and a weakness of the knees, followed by fainting. Not so when one is at rest. Then it accumulates rapidly in the blood without symptoms except those of drowsiness. Hence the sleeper sleeps more soundly, his breathing becomes deeper and slower and finally stops. It is a painless but ever so thorough exit, as press reports show.

The following resolutions were adopted at a recent meeting of the Oregon State Board of Health: Whereas, Improper and inefficient methods of using gas for heating purposes have resulted in the unnecessary loss of human lives in the state of Oregon and elsewhere;

Be It Resolved, By the Oregon State Board of Health that this board recommends: (1) The effective venting of every gas-fired room heater and instantaneous gas-fired water heater to the exterior of the building; (2) The removal of all gas-fired water heaters from bathrooms, kitchens, and similar quarters; (3) The discontinuance of the use of gas-fired cooking stoves or ranges or hot plates for room heating purposes, unless same are effectively flued to the outside air; (4) Also, that teachers and textbooks having to do with the subjects of hygiene, physiology and household economics, and similar branches, shall emphasize the principle and correct use of and the necessity for adequately venting all gas-fired appliances for the better protection of the health, safety and lives of the users thereof.

Be It Further Resolved, That this board recommends that building regulations shall provide that wherever a gas outlet is installed, except for lighting purposes exclusively, provision shall be made for effectively venting any gas stove or other heating appliance that may be attached to such outlet.

Window Cleaning For expert window cleaning see S. Tajima, or leave orders with John Brown, Gresham, phone 2501.

"Use want ads"—a good adage.

NOTICE TO CREDITORS. In the Circuit Court of the State of Oregon for the County of Multnomah, Probate Department.

MORE JERSEY COWS WIN REGISTER OF MERIT

B. C. Altman, who owns a herd of 23 Jerseys on his 91-acre ranch near Pleasant Home, has received word that three of his cows have recently qualified for the register of merit in the American Jersey Cattle club with headquarters in New York city.

The cow, Heller's Queen Maid, which by the way has qualified twice for the honor of register of merit, completed an official test in 344 days, producing 552.34 pounds of fat and 10288 pounds of milk. She carried calf for 153 days of this time and her milk averaged 5.37 per cent butterfat for the test.

Another Jersey to similarly qualify was Fussy's Fern Noble's Lady which completed the test in 335 days, during which time she produced 488.42 pounds of fat and 9971 pounds of milk. She carried calf for 198 days of this time and her milk averaged 5.38 per cent butterfat for the test.

Oregon Isabelle completed an official 365-day test in which she produced 516.72 pounds of fat and 9078 pounds of milk. She carried calf for 217 days of this time and her milk averaged 5.69 per cent butterfat for the test. This record entitles her to the honor of register of merit in the cattle club.

Mr. Altman states that these are but three out of many others which have competed and qualified for this register of merit. They have two cows which have each won a silver and a gold medal during the same lactation, 500 pounds of butterfat being necessary to be produced to win the silver medal and 700 pounds for the gold. One of their herd during the year 1924 made a world's record of 911 pounds of butterfat.

Portland Telegram Bargain. The Portland Telegram is making a special bargain offer lasting until March 1, when the yearly subscription by mail will be \$3.75. Send your subscription through the Outlook. Both papers for one year, \$4.50.—Adv.

True to His Nature. A Scotchman, named MacGregor, was being examined for a position on the London police force. He was asked if he could disperse a mob. He could. How would he do it and avoid violence? "If I were in Edinburgh," said he, "I'd start to pass around the hat."

After Every Meal Pass it around after every meal. Give the family the benefit of its aid to digestion. Cleans teeth too. Keep it always in the house. Wrigley's Juicy Fruit Chewing Gum. Costs little—helps much.
