**Merit—  
and merit alone!**

LITTLE has been said in print about the Woodstock—but much has been said by thousands of enthusiastic operators.

It's mainly this background of good will—earned by good performance—that is responsible for its success.

Users will tell you the Woodstock is a most exceptional typewriter—a composite of all improvements conducive to effortless writing—plus a rare beauty of type and sturdiness of construction that stamps this machine as a thing apart.
