CLEANING, ROLLING, GRINDING, at any time

TO OUR PATRONS—When in the market for Feed or Grain of any kind you owe it to yourself to get our prices. We make it to your interest to pay cash. We also pay you to make your own delivery. It costs money to deliver no difference who does the work. We are glad to deliver when requested, and do so at cost to us, but the one who makes his own delivery, makes a saving to us which we allow to you.

Selling for cash we have no long overdue accounts, or accounts that are never paid, which in any credit business must be allowed for.

This we give to you. We extend credit to responsible parties when requested and our charge prices are as reasonable as it is possible for us to make, but the saving we can and do make to you in paying cash you can well afford to borrow the money from your bank to take advantage of our prices.
