

Old Mr. Carter Helped By Simple Mixture.
 "After taking Adlerika I feel better than for years. At my age (60) it is ideal—so different from other medicines." (signed) W. W. Carter. Adlerika is a simple mixture of buckthorn bark, glycerine, etc., which removes GAS in ten minutes and often brings surprising relief to the stomach. Stops that full, bloated feeling. Brings out old waste-matter you never thought was in your system. Excellent for chronic constipation. Gresham Drug Company.—Adv.

Cars Collide on Main Street.
 An automobile accident occurred yesterday during the noon hour at the corner of Main and Third streets when a light new Star truck driven by De Witt Ross crashed into the Ford touring car of Henry Bottleson damaging the latter to the extent of \$50, or thereabouts. Bottleson was proceeding north on Main street and when he was part way across the intersection of Third and Main, was approached by the truck of Ross, going east on Third, which had on about a half cord of wood. There is a jog in Third street at this place and it is evident that Ross miscalculated the distance he was from the other machine, for instead of turning south to break the jog, he bumped the other machine squarely, forcing it over against a sign standing in front of the Gresham Transfer & Filling station. Bottleson's machine bent the sign around a telephone pole so great was the impact of the collision. The rear right wheel was broken as its struck the curb and the running board on the left was badly damaged where it had been hit by the truck. The Bottleson car was wheeled into the Main Street garage for repairs, the cost of which it is understood will be borne by Mr. Ross.
