ADVERTISING
Rates reasonable. Our representative will call.

Entered as second-class matter March 3, 1911, at the Postoffice at Gresham, Oregon, under the Act of March 3, 1879.

ANXIETY FELT FOR EXPLORERS.

Anxiety is felt for the Arctic exploring party which left Kings Bay, Spitzbergen, a few days ago in an attempted flight to the pole. They were expected back in 24 to 48 hours but are now two or three days over due and no word favorable or otherwise comes out of the north regions as to the whereabouts of the explorers. It is said by those who know the conditions that it may be weeks before they are heard from. A new expedition will be formed whose first object will be the relief of the Amundsen party unless they are heard from in the meantime.

In connection with the present Arctic expedition the reading public is becoming informed on many phases of Arctic life and exploration. Some day the frozen secrets of the vast boreal region will be revealed. It is likely within a generation flights over the North Pole will be quite common.

ELKS CONVENTION.

Much interest is being shown in the Outlook's decorated windows. Two of the four large front window spaces have been decked out in purple and white, the colors of the Elks lodge. The recent drive in Portland to raise two or three hundred thousand dollars as an entertainment fund for several large conventions to be entertained in Portland this summer having failed to raise half the required sum, the Portland Elk lodge is raising about \$50,000 to meet its needs in entertaining the Elks grand lodge convention beginning on July 13.

This will be one of the largest conventions to meet in Portland and is expected to bring about 100,000 delegates and visitors.

The Elks color is royal purple and it will be a royal entertainment Portland will give the visiting Elks.

As one means of raising funds for this big convention the lodge is selling tickets to a grand ball to be given at the Elks temple July 8.

The Outlook has been supplied with a good number of tickets and friends are urged to call, see the display of beautiful blankets and aid by the purchase of a ticket.

NATIONAL DEFENSE DAY.

It has been decided at Washington on the advice of President Coolidge that national defense day will be observed on July 4 instead of on Armistice day as some advocated. Plans for the observance are being hastened.

The purpose of the day is not militaristic, as some are prone to think, but is an enrollment and register of defense strength. All loyal Americans should heartily cooperate with the plan.

The cannery at Carver, heretofore run as a private corporation, is going through a friendly receivership. It is expected it will be taken over by the growers and a cooperative cannery organized.

OREGON WHITE STUDENTS LEAD.

The agricultural leadership in Oregon will be in the hands of the white race for some time to come, says The News Item, vocational education paper published at Salem for the Smith-Hughes departments of the state. The News Item says: "Those prophets of woe, who are fearful that the future of farming is to be under the domination of other races than the native white population, should study the racial composition of the students enrolled in vocational agriculture in Oregon. Here and there will be found an occasional Indian lad or a Filipino, but the record does not show any Chinese, Japanese or Mexicans, races so common on the Pacific coast. There is one lone negro, who is in the first-year class in the Enterprise department, and he is making a good record. If the agricultural leadership in Oregon during the coming years is to come from the ranks of those boys who are now studying agriculture in our Smith-Hughes departments, as we are contending, then it may safely be assumed that it will be in safe hands. It is doubtful if any other western state can make a better showing."

In Tennessee a school teacher is being indicted and tried for teaching evolution which a recent law has made a misdemeanor. Some of the brainiest men in the land are arrayed against one another over the issue that thus is brought to the front. Young Professor John Thomas Scopes, a biologist, the indicted teacher, is just incidental. The real issue is the principle which divides the fundamentalists and the modernists, the flat creationists and the evolutionists. Again the reading public will be given an opportunity to become posted on the subject and the world of intelligence move on.

INSURANCE FOR FARMERS.

The Farmers Mutual Fire Relief Assn., of Portland, is upon its 21st year, and is the largest Farmers Mutual Fire Insurance Assn. west of the Rocky mountains. The yearly report filed with the Insurance Commissioner shows a total membership of more than 13,000, with \$20,500,000 in force, an increase of \$2,500,000 over that of 1923. The fire losses for 1924 aggregated \$55,000, all of which have been adjusted and promptly paid. No lower rate on farm insurance can be obtained from any other company in Oregon. If you believe in co-operative movement among the farmers and need insurance, call on President H. W. Snashall, at the Fair Grounds, Gresham. Phone 2101.—Adv.

"God on Broadway"

An unusual project has been set in motion in New York. A Woolworth is to rise on Broadway — and dedicated to Christianity. It is to be known as Broadway Temple, containing a church, auditorium, schools, hotel, stores and business offices. "Help God open an office on Broadway" is the bond slogan. Dr. Christian F. Reiser, a Methodist minister from Kansas, is the leader in the movement.

ROCKWOOD

Commencement exercises for the 13 pupils of the eighth grade were held at the granite hall Thursday evening, at which time an excellent program was rendered. R. E. Cannon of Gresham gave an address which was much appreciated by the audience. School closed on Friday with a picnic at the schoolhouse and lunch and ice cream were furnished by the Parent-Teacher association to those attending. A number of interesting contests were staged by the children, also a baseball game between the married women and the girls' team, umpired by W. D. Kinder, proved an event of interest. The game was won by the married ladies. The boys of Russellville and Rockwood played a game of ball in which the Rockwood boys won by a score of 17 to 4. Each of the four teachers of the Rockwood school was presented with a handsome remembrance by the pupils of their respective rooms. Mrs. Anna Studley, teacher of the 7th and 8th grades, received a carving set from her pupils, Mrs. Marian Daggett, the 5th and 6th grade teacher, a gold pen and pencil, Mrs. Lyle Smith, teacher of the 3d and 4th grades, a Community plate berry spoon, and Mrs. Marian Hamlin, the 1st and 2d grade teacher, was presented with a set of silver knives and forks by her little folks. A gold watch was awarded to Annie Boe at the exercises held at Lincoln high school, for the neatest table.

Mr. and Mrs. Tom Sinnott and daughter, Mr. and Mrs. A. Whiteman, Mr. and Mrs. Frank Dickenson and Mr. and Mrs. W. Cook and children spent Sunday on the banks of the Columbia river near Blue lake.

Mr. and Mrs. Studley and Mrs. Marian Daggett of Portland and Mr. and Mrs. T. Sinnott and daughter visited Monday evening at the home of Willard Cook. Mrs. Daggett sang several selections.

Roy Malcolm has moved his family into the Walker Quesinberry house.

The Woman's Benefit association tea which was held last Wednesday at the home of Mrs. William Jelken was well attended and a delicious lunch was served.

An evening tea, to which the ladies and gentlemen are both invited, is scheduled for the home of Mrs. Henry Lamb on the Rockwood road for Wednesday evening, May 27.

DONATIONS TO AID SICK AND ORPHANS ARE EXPECTED HERE

Every Community Contributing To National American Legion Endowment Fund

This community is expected to give its share to the national American Legion Endowment Fund, as other communities throughout the United States are doing. The income from this Endowment Fund is to be used to assist and cure disabled former service men and to provide homes for the orphans and dependent children of war veterans, and the Fund, itself, is to be perpetual. A trust agreement provides that when death has wiped out the membership of the present American Legion, the income from the Endowment Fund shall be used for purposes most nearly identical to those for which it is needed today. The person then president of the United States will name a board to determine the use of the income.

Every person, regardless of creed, is concerned in the welfare of those who gave their all in the world war. Especially is the Legion concerned with those thousands of war veterans who are sick and helpless, but who, because justice can never be made automatic, are unable to obtain government aid.

Thousands of Sick Aided
Those who are familiar at all with the American Legion work, know what this great organization has done to aid the disabled. Cooperating with government agencies, officials of the Legion have made possible the hospitalization of thousands of sick and wounded boys, who had not been for a helping hand, would have been lost to society long ago.

Other thousands need that same help today. Many of them cannot be given aid by the government under existing laws, and while officials of the Legion literally have written most of the laws to take care of the disabled, it is impossible to make legislation serve all.

Many illustrations could be given. Thousands of men have married since the war ended, when they seemingly were sound physically, but in reality were in a weakened condition from gas and exposure. They fell into the clutches of tuberculosis and other diseases, and in a few years have passed away, leaving their widows and children at the mercy of strangers.

Good Home for Every Child
The Legion is determined that every child of a war veteran shall have as good a home, and a real mother's love, as that child would have had if his father had not died for his country.

The United States Veterans' Bureau estimates there are 5,000 orphans of veterans in the United States today who need some degree of care. The Legion is maintaining one children's billet, now filled to capacity, where such dependent children are given good homes. Other billets are being established and will be in operation as soon as possible. In addition to this, the Legion cooperates with other child welfare organizations, realizing that every sincere effort to aid children is of value, and that the field for this endeavor is unlimited.

While under the care of the Legion the children attend public school, and live in cottages on the family group plan.

Hall's Catarrh Medicine is a Combined Treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years. Sold by all druggists.
