

The ladies wear so little anyway these days that they are at rather a disadvantage when it comes to laying off extras as a relief from the heat.

On July 1 to 3, 1863, occurred the battle of Gettysburg. On July 2, 1881, President Garfield was assassinated. Keep these in mind along with July 4, 1776.

STORKS will live ONLY in REPUBLICS

—Or so people used to think in the 16th century.

This is the 20th century. But we are still superstitious; for example, when we pay fancy prices for eastern lubricants in spite of the fact that the best crudes so far discovered for the manufacture of a motor oil are obtained from wells on the Pacific Coast.

Experience explodes the anti-western oil superstition

Zerolene actually lubricates better—and because it does it lubricates more cars in the Pacific Coast states than any other oil made—low and high priced cars alike. The most advanced refining process is this Company's patented high-vacuum process, during the use of which Zerolene is submitted to 15 positive checks for quality. Zerolene's special filtration through 40 tons of Florida Fuller's Earth gives you an oil that's absolutely pure and safe.

A longer working life for your motor

Zerolene will increase the gasoline mileage of your car, reduce carbon accumulation and lengthen its working life.

Why pay tribute to a superstition? Insist on Zerolene—ask for it by name.

Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

SANDY IS PLANNING BIG CELEBRATION

The nation's Independence day will be suitably celebrated at Sandy this year, and it is expected that crowds will attend, not only from that vicinity, but from Gresham and intervening points. The plans are in the hands of the Sandy grange, and committees on various phases of the work are busy putting on the finishing touches.

The Gresham band has been secured to furnish music for the day. It will play from 10 to 10:30 and at various times during the program. The Sandy quartet, consisting of Mrs. J. M. C. Miller, Mrs. Edna Esson, R. Smith and Dr. J. G. Sture, will lead in the singing of patriotic songs, accompanied by the band. Children of Sandy grangers will sing a song and lead in the salute to the flag. At 11 o'clock the address of the day will be delivered by Deputy District Attorney W. P. LaRoche of Portland. H. L. St. Clair of Gresham will read the Declaration of Independence.

During the basket dinner at noon the band will play, and at 1 o'clock Sandy and Gillis will cross bats on the baseball diamond in the afternoon. In the afternoon races and other sports will be held for the children. From 2 to 5 a jitney dance will be conducted in the Odd Fellows hall, and there will be an all-night dance in the same place.

Marriage Licenses Issued.

Recent marriage licenses advertised are those of Joseph E. Linstedt of Portland and Lillie Gran of Boring, also Carl Anderson of Boring and Pearl Sears of Leavenworth, Washington.

When Government Saves.

"Far from hurting business, the government's economy policy has been of the utmost advantage to business," says the New York Sun. "It has already resulted in a reduction of several hundred million dollars a year in federal taxes; it promises to bring about a tax reduction of \$200,000,000 or \$300,000,000 more next year."

"When the government saves money it does not mean that the money is not spent. What it does mean is that, instead of being spent by officials to keep unnecessary bureaucrats in unproductive jobs, the money is left in the hands of the man who earns it, and he may decide himself how it shall be spent."

The president will find the people behind him in his determination to administer national affairs in an economical and business like manner. State officials can follow the lead of the president.

INSURANCE FOR FARMERS.

The Farmers Mutual Fire Relief Assn., of Portland, is upon its 21st year, and is the largest Farmers Mutual Fire Insurance Assn. west of the Rocky mountains. The yearly report filed with the Insurance Commissioner shows a total membership of more than 13,000, with \$20,500,000 in force, an increase of \$2,500,000 over that of 1923. The fire losses for 1924 aggregated \$55,000, all of which have been adjusted and promptly paid. No lower rate on farm insurance can be obtained from any other company in Oregon. If you believe in co-operative movement among the farmers and need insurance, call on President H. W. Snashall, at the Fair Grounds, Gresham. Phone 2101.—Adv.

City Life vs. Country Life.

Out in South Dakota they made a survey of four counties recently and this is what they found:

In sixty-one per cent of the farms water had to be carried to the kitchen an average distance of seventy-two feet, and on one farm the water supply was half a mile away.

Women work fifteen hours a day in summer and twelve in winter. Only nine farms had bath tubs, but 88 per cent of the farmers had "tin Lizzies."

Nearly everybody used oil lamps for light and stove for heat.

Amusement.

"For beating your wife, I will fine you \$1.10," said the judge.
"I don't object to the dollar," said the prisoner, "but what is the ten cents for?"
"That," said the judge, "is the federal tax on amusements."
